Papers presented at an international seminar organized by Department of History, Pondicherry University in 1997.

Asterix #39 Quarto Publishing Group USA

A good sketch starts with good bones—this guide from an architectural illustrator shows how to think like an architect and master accurate perspective. This book in the Urban Sketching Handbook series uses drawings and simple steps to explain the often challenging and overwhelming concepts of perspective in practical and useful ways for on-site sketching. Most books are either too abstract or don't provide enough information that relates to what you actually do when you're out in the busy, wide world about to start a drawing. Where do you start? How do you edit what you see to flatten and shrink it onto your paper? How does perspective work? The Urban Sketching Handbook:

Understanding Perspective helps you learn to think like an architect, to draw buildings and spaces by reducing what you see to simple, basic shapes, then adding layers in simple steps, and finally finishing your sketch with detail, tone, and color—in accurate perspective. Full of helpful tips, it even deconstructs sketches to show you how to create them! Once you understand perspective, it will change the way you see the world—you'll see perspective everywhere. Key concepts explored in this volume include: Basic Terms * Basic Spatial Principles * Types of Perspective * Building a Sketch in Layers * Special Conditions

Le grand livre des abeilles Karl W. Bergemann

L'Apiculture illustrée est le premier ouvrage d'apiculture traité dans l'esprit bande dessinée ! D'aspect ludique et illustré par l'auteur, avec humour et réalisme, ce livre n'en est pas moins un ouvrage de référence qui apportera des réponses concrètes à vos questions. L'anatomie d'une abeille, la construction d'une ruche, la vie d'une reine, les prédateurs, la période d'essaimage, les produits de la ruche, les maladies, etc. Avec le charme des anciennes revues apicoles, c'est le livre de chevet ou le compagnon idéal des longues soirées d'hiver au coin du feu...

Le Progrès apicole Coach House Books

In diesem umfangreichen Wörterbuch sind mehr als 63.000 Stichwörter enthalten. Damit bietet es ein breites Vokabular aus

allen Bereichen sowie zahlreiche Redewendungen für den Urlaub oder für die Verwendung als klassisches Nachschlagewerk. Im ersten Kapitel sind die französischen Wörter alphabetisch sortiert mit deren deutschen Übersetzungen aufgeführt. Im zweiten Kapitel sind die deutschen Wörter sortiert mit deren französischen Übersetzungen. Somit können Sie einfach darin blättern oder gezielt nach Begriffen suchen.

Bulletin de la Société romande d'apiculture IRD Éditions

The mobilisation centred on the 2015 Paris Climate Conference (COP 21) is an opportunity to highlight the vulnerability of environments and populations in the South in the face of climate warming. Some tropical regions are already suffering from its effects, with heat waves in the Sahel, disturbances to monsoon systems, the melting of the Andean glaciers, threats to biodiversity, a rise in sea level and other features. Research conducted by IRD and its partners provides key knowledge for better understanding of the complexity of these phenomena. This book is a synthesis in three parts: observing and understanding climate change, analysing its main impacts on environments and setting societies and national public policies at the heart of the climate challenge. Focused on the capacity for resilience of populations and ecosystems in the face of trends in the climate, the book explores solutions that reconcile mitigation and adaptation in response to climate change, conservation of the environment and a reduction of inequalities. The work is both well documented and explanatory, reviewing operations and the results of research that is firmly involved and interdisciplinary, closely associating partners in the North and the South.

Journal de l'instruction publique Papercutz

First published in 1975, *The Cage* was a graphic novel before there was a name for the genre. Considered an early masterpiece of the genre, the Canadian cult comic has been out of print for decades. The new edition includes an introduction by Canadian comics master and Lemony Snicket collaborator Seth (Palookaville; *It's a Good Life, If You Don't Weaken*). Cryptic and disturbing, like Dave Gibbons (*Watchmen*) illustrating a film by Ozu, *The Cage* spurns narrative for atmosphere, guiding us through a series of disarrayed rooms and desolate landscapes, tracking a stuttering and circling time and a sequence of objects: headphones, inky stains, bedsheets. It's not about where we're going but how - if - we get there.

L'apiculture en bande dessinée

With stunning black-and-white illustrations, a noted cartoonist chronicles growing up with an epileptic older brother. The author charts his complicated relationship with his brother from childhood to adulthood, and the effects of the illness on the entire family.

Progrès apicole

Découvrez le tout premier ouvrage sur l'apiculture traité dans un esprit bande dessinée. Vie de l'abeille, conduite et entretien du rucher, élevage des reines, récolte des produits de la ruche... Toutes les techniques apicoles sont présentées de manière ludique, l'image accompagnant le texte à chaque page pour une mise en pratique facile et en toute sécurité. A la fois auteur et

illustrateur, Yves Gustin nous livre avec cet ouvrage le fruit de vingt ans de passion pour l'apiculture et d'un travail auprès des meilleurs formateurs. Laissez-vous guider par la précision de ses conseils et celle de son trait pour explorer à votre tour le monde fascinant des abeilles !
