 Tout en bas de l'échelle du trafic de drogue, il y a les "clockers". Gagne-petit de la dope, ils n'ont que quelques fioles de crack ou de coke à proposer dans la rue. Le plus souvent, ils sont jeunes, ils sont noirs. Strike, lui, a déjà gravi un échelon : il est chef d'une équipe de clockers, il organise et surveille le trafic dans sa cité. Il veut réussir. Et la seule réussite, pour un jeune Noir d'une cité populaire, c'est la drogue... Réussite compromise le jour où Rocco Klein, policier à la veille de la retraite, qui soigne son ennui et son angoisse à la vodka, veut à tout prix lui coller un meurtre sur le dos... " Un livre lucide et généreux, qui pourrait

bien être ce que le roman nous a donné de plus fort depuis longtemps dans la veine des grandes œuvres naturalistes. " Patrick Raynal, " Le Monde " " Richard Price nous fait voir l'enfer, le vrai, le pur. " François forestier, " L'Express " Un film choc de Spike Lee vient donner encore plus de résonance à ce chef-d'œuvre d'une noirceur totale écrit par un des écrivains américains les plus doués de sa génération, Richard Price, 47 ans.

Thinking the body as a basis, provocation and burden of life Pontificia Universidad Javeriana First published in 1982. Routledge is an imprint of Taylor & Francis.

Manhunts BRILL

This ambitious volume shows how nineteenth-century Spanish

American writers used the discourses of modernity to envision the place of women at all levels of social and even political life in the modern, utopian nation. Looking at texts ranging from novels and essays to newspaper articles and advertisements, and with special attention to public and private space, domesticity, education, technology, and work, Skinner identifies gender as a central concern at every level of society.

Walter de Gruyter GmbH & Co KG
Que España se haya convertido en una democracia sexual

adelantada a escala planetaria no es nada evidente: las victorias de los sujetos LGBT+ de derecho bien podrían servir de lavado rosa a la crisis global que afecta a España desde el 2008. El libro propone una contrahistoria que desnaturalice el lazo entre constitucionalismo de 1978, clases medias consumidoras y reconocimiento LGBT+ para reencontrar a lxs excludxs de la modernidad posfranquista en clave histórica. Reacixs al lugar que les asignaba la democracia de las clases medias construyendo sus comunes en la "transición", en 1980 lxs humanimales y las Pilinguis -los fantasmas queer de la democracia española-

veían en el orden constitucional una "barbarie institucionalizada", contra la que emprendieron intensas luchas culturales. De la interpretación de su derrota y muerte ante la biopolítica transicional pueden salir "ruinas emergentes", chispas para encender otros futuros: no sólo rompen con la narrativa más sólida del imaginario moderno del tiempo presente, sino que apelan a pensar en tiempo futuro el devenir posmesocrático, poshumano y poscolonial de los comunes democráticos en territorio europeo.

An examination of the

domination of neoliberal capital, showing how it renders impossible the unity of human beings dispossessed from the means of production and subsistence. Left unchallenged, capital confines large masses to a life of exploitation, domination, and bare subsistence as the majority remain divided and predisposed to infighting.

Populism in Twentieth Century

Mexico DEBOLSILLO

"It examines works by several of Ecuador's most important writers in terms of the interrelations of history and myth, of realism and magic or marvelous realism, and the problems of using orality and dialogism to actively undermine authoritative

discourse."--BOOK

The Left Hand of
Capital Ediciones AKAL

This book
commemorates the
bicentenary of the
landmark Spanish
Constitution of 1812.
Drafted by Spanish and
colonial Spanish
American liberals (and

non-liberals) holed up
in Cadiz as Napoleon's
troops occupied the
surrounding hills, this
war-time Constitution
set out radically to
redefine 'the Spanish
nation' for a new age.
In the event, it divided
Spaniards and threw
into sharp relief the
question of Spain's
legitimacy in her
American colonies.
Cadiz 1812 is a
defining moment in the
modern history of the
Spanish-speaking
world. Bringing
together specialists in
the history, politics and
culture of Spain and
Latin America (the
Cadiz text was a
cultural and ethnic
document as much as
a politico-legal one),
this volume represents
the only large-scale
commemoration in the
UK of one of the
world's first liberal

constitutional tracts. The point of the book, however, as of the conference and accompanying exhibition on which it is based, is not solely to reflect on the significance and repercussions of Cadiz 1812 on both sides of the Hispanic Atlantic at the time. The book also considers later interpretations of Cadiz 1812 and examines, in addition, other constitutions in the Spanish-speaking world beyond 1812. Subjects treated include: Spain's crisis of absolutism; the Inquisition before the Constitution; liberalism and Catholicism; discourses of the 1812 Constitution; the question of sovereignty; political theatre during the Napoleonic invasion;

Goya; the Spanish crisis in the British press; Lord Holland and Blanco White; Pérez Galdós's Cádiz; futuristic literary representations of Spain's nineteenth-century crisis; political and philosophical echoes in Latin America in the nineteenth and twentieth centuries - in Cúcuta, Mexico, Argentina and Cuba; and, finally, politico-philosophical echoes in Spain - in the Liberal Triennium, in the mid-nineteenth century, in the Spanish Second Republic, in 1978, and in 2011 in the midst of the financial (but it is also a constitutional) crisis. The volume includes a specially-conducted interview with Spanish politician Alfonso Guerra, one of the figures behind the

Spanish Constitution of 1978.

Domination and Power in Guyana University of Arizona Press

"Nuestro pacto republicano se ve atacado cada día por discriminaciones raciales, sexistas y homófobas que suponen también una ofensa para la democracia. ¿Cómo podemos tolerar, en los albores del siglo XXI, que una persona pueda ser «agredida» –verbalmente y en ocasiones también

físicamente– por el solo hecho de su identidad real o supuesta?

Precisamente, sobre la homofobia, esta voluminosa obra tiene el inmenso mérito de clarificar el debate y de abrir el camino a las ideas avanzadas, cosa que sólo se puede hacer afrontando lo que está en juego [...]. Pero, además, el desafío es también cultural, pedagógico, es decir «filosófico». ¿Cómo podemos cambiar la mirada hacia el Otro y poner en práctica los valores del respeto, de la generosidad y de la fraternidad? ¿Cómo se pueden desmontar los mecanismos sociales, psicológicos y políticos del rechazo y de la intolerancia? Esta obra también tiene el mérito de proponer respuestas a estos

interrogantes fundamentales. Porque para avanzar es necesario comprender." (Bertrand Delanöe, alcalde de París)

Violencia física, moral o simbólica, la homofobia es el objeto de este diccionario, único en su género, que ha reunido a setenta y seis especialistas de diversas disciplinas para analizar esta problemática. En total, 165 entradas que hablan de: - Los discursos y prácticas homófobas. - Las teorías y justificaciones avanzadas. - Los apóstoles de la homofobia y sus víctimas más famosas. - Las instituciones y los espacios sociales y geográficos de las crispaciones homófobas.

Hoy Routledge
 High state official and judge of the Supreme Court or the Segunda Audiencia, and later first bishop of the state of Michoacan, Vasco de Quiroga is still celebrated for the alternative community models he established for the Purepecha Indians in the Northwestern state of Michoacan in Mexico. This study offers the most complete approach to date to the writings directly attributed to this state official of the Spanish Empire and also to the scholarship about him. This work provides critical readings of Quiroga's texts including the Rules and Regulations for the Government of the Hospitals of Santa Fe de Mexico and Michoacan,

Información en Derecho, De Debellandis Indis and the Juicio de Residencia, and relates them to more widely know figures such as Ginés de Sepúlveda, Bartolomé de las Casas, Bernal Díaz del Castillo and Francisco de Vitoria among others. This book will be of interest to all those engaged in the history of literature, legal studies, utopianism, Hispanic/Spanish studies of the Early Modern Period, Colonial Latin American Studies and Golden Age Studies.

Integração perversa

UNAM

A comprehensive history of manhunting in the West, from ancient times to the present Touching on issues of power,

authority, and domination, Manhunts takes an in-depth look at the hunting of humans in the West, from ancient Sparta, through the Middle Ages, to the modern practices of chasing undocumented migrants. Incorporating historical events and philosophical reflection, Grégoire Chamayou examines the systematic and organized search for individuals and small groups on the run because they have defied authority, committed crimes, seemed dangerous simply for existing, or been categorized as subhuman or dispensable.

Chamayou begins in ancient Greece, where young Spartans hunted and killed Helots (Sparta's serfs) as an

initiation rite, and where Aristotle and other philosophers helped to justify raids to capture and enslave foreigners by creating the concept of natural slaves. He discusses the hunt for heretics in the Middle Ages; New World natives in the early modern period; vagrants, Jews, criminals, and runaway slaves in other eras; and illegal immigrants today. Exploring evolving ideas about the human and the subhuman, what we owe to enemies and people on the margins of society, and the supposed legitimacy of domination, Chamayou shows that the hunting of humans should not be treated ahistorically, and that manhunting has varied as widely in its justifications and aims

as in its practices. He investigates the psychology of manhunting, noting that many people, from bounty hunters to Balzac, have written about the thrill of hunting when the prey is equally intelligent and cunning. An unconventional history on an unconventional subject, *Manhunts* is an in-depth consideration of the dynamics of an age-old form of violence.

Enciclopedia universal ilustrada europeo-americana Berghahn Books

For Latin America, the Cold War was anything but cold. Nor was it the so-called “long peace” afforded the world’s superpowers by their nuclear standoff. In this book, the first to take an international perspective on the

postwar decades in the region, Hal Brands sets out to explain what exactly happened in Latin America during the Cold War, and why it was so traumatic. Tracing the tumultuous course of regional affairs from the late 1940s through the early 1990s, *Latin America's Cold War* delves into the myriad crises and turning points of the period—the Cuban revolution and its aftermath; the recurring cycles of insurgency and counter-insurgency; the emergence of currents like the National Security Doctrine, liberation theology, and dependency theory; the rise and demise of a hemispheric diplomatic challenge to U.S. hegemony in the

1970s; the conflagration that engulfed Central America from the Nicaraguan revolution onward; and the democratic and economic reforms of the 1980s. Most important, the book chronicles these events in a way that is both multinational and multilayered, weaving the experiences of a diverse cast of characters into an understanding of how global, regional, and local influences interacted to shape Cold War crises in Latin America. Ultimately, Brands exposes *Latin America's Cold War* as not a single conflict, but rather a series of overlapping political, social, geostrategic, and ideological struggles whose repercussions can be

felt to this day.

Barbarians Michel Lafon

Paul Lieberman retrace le destin de ces hommes de l'ombre qui ont mené une guerre totale contre la Mafia pendant plus de dix ans. Il a rencontré les survivants, policiers ou gangsters, épluché rapports officiels et archives familiales, étudié des milliers de pages de documents, de lettres, de photos pour ressusciter à la perfection une époque où la Cité des Anges rimait avec meurtre, vengeance et héroïsme. Los Angeles, 1946. Afin de lutter contre le crime organisé, une poignée de flics d'élite sont recrutés pour former une unité spéciale. Leur mission : débarrasser la Cité des Anges des gangsters

venus de New York imposer leur loi dans l'eldorado californien. Leurs cibles : les boss de la Mafia tels que Bugsy Siegel, Jack Dragna le Sicilien, et surtout Mickey Cohen, le nouveau maître de tous les rackets. Leurs méthodes : les mêmes que leurs adversaires. Écoutes illégales, fabrication de preuves, faux témoignages et alliances avec des gangs rivaux. Tous les coups sont permis pour éradiquer le fléau qui met la ville à feu et à sang. Une seule règle : pas vu, pas pris. Ils opéreront dans le plus grand secret. Officiellement, ils n'existent pas. Paul Lieberman retrace le destin de ces hommes de l'ombre qui ont mené une guerre totale contre la Mafia pendant plus de dix

ans. Il a rencontré les survivants, policiers ou gangsters, épluché rapports officiels et archives familiales, étudié des milliers de pages de documents, de lettres, de photos pour ressusciter à la perfection une époque où la Cité des Anges rimait avec meurtre, vengeance et héroïsme.

Routledge
The Routledge Handbook of Translation, Feminism and Gender provides a comprehensive, state-of-the-art overview of feminism and gender awareness in translation and translation studies today. Bringing together work from more than 20 different countries - from Russia to Chile, Yemen, Turkey, China, India,

Egypt and the Maghreb as well as the UK, Canada, the USA and Europe - this Handbook represents a transnational approach to this topic, which is in development in many parts of the world. With 41 chapters, this book presents, discusses, and critically examines many different aspects of gender in translation and its effects, both local and transnational. Providing overviews of key questions and case studies of work currently in progress, this Handbook is the essential reference and resource for students and researchers of translation, feminism, and gender.

Historia de la biología comparada desde el génesis hasta el siglo de las luces University Press of Florida
In The Left Hand of

Capital, Fernando Ignacio Leiva provides a theoretically grounded analysis of the last thirty years of socioeconomic policies in Chile, beginning at the end of the Pinochet military regime in 1990. He skillfully probes how innovative center-left politico-economic initiatives transformed the state's relationships with the country's urban poor, indigenous peoples, workers, students, and business elites, thereby contributing to institutionalize, legitimize, and renew Chile's neoliberal system of domination. Leiva documents how such politics, progressive in appearance, were pivotal in forging new arts of domestication, "participatory" social control mechanisms,

and commodified subjectivities. This landmark book guides us into a deeper awareness about the limitations of center-left politics, not only in Chile, but elsewhere in the Americas and Western Europe as well. At a time when far-right movements seem to be growing in the Global South, Europe, and the United States, this book offers valuable insights into the predicament of social democracy and how, as in Chile and in the context of global neoliberalism, it can become the "left hand of capital."

Power and Dissent

Bucknell University
Press

Politics in art? In what sense is art political? The author explains the influence of politics in contemporary art in

Colombia through four specific cases. In the first case, the author explains that the political character of the art of Doris Salcedo has generated a vast discussion that accuses a theoretical lightness requesting more solid studies. In his second case, "artist" Fernando Pertuz, emerges as a possibility of looking at the resistance as a model of intervention. Despite Pertuz national and international success, little has been written on his work, and almost nothing about his relationship with the political environment. The last two cases, the art of the "Ecollective Corporation" and the art project "Práctica artística en la grieta" (Artistic practice in the crack) by Ludmila

Ferrari, represent new opportunities to explore some specific spaces of political intervention in art. In both cases, the social emerges as the fundamental node. **Actas** FGV Editora Este libro analiza la trayectoria del nacionalsocialismo alemán desde la fundación del partido hasta el final de la Segunda Guerra Mundial. Utilizando una amplia bibliografía que recoge las investigaciones más recientes sobre el nazismo, se describe el surgimiento y consolidación del NSDAP en los años de la República de Weimar, explicando cómo fue posible la destrucción de la democracia más progresista de la época. El análisis del

Tercer Reich se realiza penetrando en los mecanismos de absorción, represión y exclusión racial que caracterizaron la utopía nacionalsocialista. De Múnich a Auschwitz es un intento de comprender la lógica del proyecto de modernización social que proponía el régimen nazi o, para decirlo con palabras del autor, un esfuerzo por entender la «racionalidad de la barbarie». Reseña: «Brillante tesis de la historia del nazismo.» La Vanguardia
Gender and the Rhetoric of Modernity

in Spanish America, 1850-1910 Univ. Press of Mississippi
 The body is at the same time a place where we express duration and/or discontinuity in history, a witness of radical social changes, and a factor of stabilization, but also of the transformation of human life - and therefore an eminent challenge for every human being. This book will contribute in a decisively interdisciplinary and cross-cultural way to a better understanding of the place, role, and connection of the body within social, political, and cultural shifts.
