ISABEL CAMERON

Yellowstone National Park Capstone

Chronicles a century and a half of settlement in the basin of the Yellowstone River.

Encyclopedia of Place Names in the United States Twenty-First Century Books

A combined omnibus version of Fiona Wimber's local trilogy, the Bridge of the Gods series in its entirety. In the area now known as the Pacific Northwest, two brothers, Wyeast and Pahtoe, arrive in turmoil. Their father, the great god Sahale swears them to peace, but this is not destined to last. To survive, the pair must endure hardships unlike anything ever faced before or since with their only connection being their shared brotherhood and their faith. From the wrath of the great god Sahale, to great earthquakes that destroy the coast and fracture tribes, to a civil war and a forbidden love that threatens to tear the brothers apart, things will never be the same once the brothers arrive in the Pacific Northwest. Friendships will be tested, enemies will become friends and for one brother, their humanity will be lost forever. Meanwhile, a new threat looms on the horizon, a threat that comes from both east and west. With the brothers divided on strategy, their only hope lies in the Velchanos, an ancient power Sahale left behind to combat the darkest of the gods. But one thing is for sure, the tribe's home of the Pacific Northwest will never be the same again.

[Ethnography and philology of the Hidatsa Indians](#), by W. Matthews. 1877 Marshall Cavendish

An introduction to the life and career of the ancient Greek scientist and philosopher Aristotle.

The Origin of Certain Place Names in the United States Lonely Planet

After the fall of the Tammanwamis, Wyeast and Pahtoe go their separate ways. But with their departure a new threat looms and only Tacoma can see a way to counter it. The brothers must come together or the tribes and the gorge will be lost forever.

History of Wyoming Jazzybee Verlag

Designed for children ages 8 to 13, Going to Yellowstone is chock full of fascinating information about Yellowstone National Park, the first national park in the U.S. and in the world. Chapters on geology, Native Americans, explorers, wildlife, historic structures, landmarks, and thermal features are supplemented by excellent color photos and illustrations.

Take a peek inside to learn more about the impressive, unusual, super history of Yellowstone National Park!

[Ethnography and Philology of the Hidatsa Indians](#) U of Nebraska Press

In a book that is part memoir, part documentary and part fictional narrative, Richard Bevis follows an assortment of teenage "savages" as they descend on Yellowstone Park in 1957, looking for action (and each other) while working at a variety of jobs. Blending comedy and seriousness, *Dudes and Savages: The Resonance of Yellowstone* moves from geology to romance, from history to salesmanship, from mountain climbing to practical jokes on the hapless "dudes." The book traces the well-intentioned but blundering Mason Dixon from his setting off to his return home, and in its final chapters considers the impact that Yellowstone had on him and some other characters over the years. William Wordsworth wrote, There are in our existence spots of time, That with distinct pre-eminence retain A renovating virtue, whence our minds Are nourished and invisibly repaired. Mason wonders if that summer of 1957 among the bears and geysers could have been one of them.

Grammar and Dictionary of the Language of the Hidatsa Marshall Cavendish

Place names in the United States are often taken from the European nation that first colonized the land. Many names that have been transferred from Britain, as is the case with Barnstable, Massachusetts and Danbury, Connecticut. Many others are of French origin, such as Detroit, Michigan, which was established along the banks of the river they called le détroit du lac Érié, meaning the strait of Lake Erie. Many in the former New Netherland colony are of Dutch origin, such as Harlem, Brooklyn and Rhode Island. Many place names are taken from the languages of native peoples. Specific (personal or animal) names and general words or phrases are used, sometimes translated and sometimes not. However complicated the tracing back of the place names was, this encyclopedia lists thousands and thousands of place names in the United States of America and provides valuable information as to the origin and the history of the name. A fantastic reference work for everyone interested in American history.

Decisions of the United States Geographic Board Bloomsbury Publishing USA

"Look up and down and round about you! A thousand Yellowstone Wonders are calling." -John Muir. America's first national park is truly nature's wonderland. Award-winning illustrator Dave Ember has captured the beauty and majesty of Yellowstone in intricate, mystical coloring designs of geysers, hot springs, and wildlife. Artists will love adding their imaginative touch to Old Faithful Geyser, Morning Glory Pool, trumpeter swans, Tower Fall, wolves, and the iconic bison. The book includes interpretive text and extra-heavy, perforated paper for coloring eight postcards and four bookmarks to share with family and friends.

Report of the United States Geographic Board Arcadia Publishing

Discusses the history of this national park, its geological features, plant and animal life, dangers in the park, and efforts to preserve it.

Bulletin W.W. West, an imprint of Farcountry Press

Looks at seven natural wonders found in North America, including Niagara Falls, the Grand Canyon, and Yellowstone National Park.

The Yellowstone National Park Trafford Publishing

Exploring the significance of places that built our cultural past, this guide is a lens into historical sites spanning the entire history of the United States, from Acoma Pueblo to Ground Zero. *Historic Sites and Landmarks That Shaped America: From Acoma Pueblo to Ground Zero* encompasses more than 200 sites from the earliest settlements to the present, covering a wide variety of locations. It includes concise yet detailed entries on each landmark that explain its importance to the nation.

With entries arranged alphabetically according to the name of the site and the state in which it resides, this work covers both obscure and famous landmarks to demonstrate how a nation can grow and change with the creation or discovery of important places. The volume explores the ways different cultures viewed, revered, or even vilified these sites. It also examines why people remember such places more than others. Accessible to both novice and expert readers, this well-researched guide will appeal to anyone from high school students to general adult readers.

Bulletin of the American Geographical Society Farcountry Press

Surveys the history, geography, government, and economy of Montana, as well as the diverse ways of life of its people.

Dudes and Savages Alpha Book Publisher

The original intent was to publish this treatise as a portion of a general work on Indian ethnography, but a delay in publishing the larger work made it desirable to prepare this material as a separate publication.
