The allied factions of

humanity, along with
the waning Ildiran
Empire and the
powerful water
elementals and
sentient trees, have
defeated the near-
invincible alien race of

the hydrogues, driving them back into the depths of gas-giant planets. But before peace can heal the wounds between the races, two ancient enemies return: the capricious fiery elementals, the faeros, who mean to burn all those who fought alongside their mortal enemies. And the lost hive race of the Klikiss, who intend to reclaim all the worlds they inhabited 10,000 years earlier, worlds that are now home to many human colonies. Meanwhile, the leader of the Terran Hanseatic League, Chairman Basil Wenceslas, intends to pull all of humanity's unruly stepchildren into his iron grip - even if it means he has to hold the Ildiran Mage-Imperator hostage, risking renewed war

with an entire alien civilization. THE ASHES OF WORLDS brings to a thrilling conclusion the myriad storylines of galactic warfare and personal betrayals, starlost romances and titanic alien conflicts.

 "This perpetual calendar offers you an opportunity to internalize and directly experience the great wisdom of the Tao Te Ching, a collection of 81 verses authored by Chinese prophet Lao-tzu 25 centuries ago.

I've broken down the verses into bite-size pieces so that you can slowly absorb these powerful thoughts and imprint them into your consciousness.

"Working with one concept each day of the year, you will come to know the truth behind the ancient Tao observation: When you change the way you look at things, the things you look at change."

A fan's-eye-view of one of tennis' most notorious stars. The greatest sports stars characterize their times. They also help to tell us who we are. John McEnroe, at his best and worst, encapsulated the story of the eighties. His improvised quest for tennis perfection and his inability to find a way to grow up

dramatized the volatile self-absorption of a generation. His matches were open therapy sessions and they allowed us all to be armchair shrinks. Tim Adams sets out to explore what it might have meant to be John McEnroe during those times and to define exactly what it is we want from our sporting heroes: how we require them to play out our own dramas; how the best of them provide an intensity that we can measure our own lives by. Talking to McEnroe, his friends and rivals, and drawing on a range of references, Tim Adams presents a book that is both a portrait of the most colourful player ever to pick up a racket and an original study of the idea of sporting obsession.

Ronen Shamir, Tel Aviv University, Israel 'Business responses to regulation is a key area of social science research.  Sind Verhaltenstherapie und Zwang - wie immer wieder behauptet - unvereinbar? Schliessen sich Freiheitsentzug und Beziehungsarbeit gegenseitig aus? Endet die Unterbringung von Kindern und Jugendlichen in geschlossenen Heimen sogar in der Deformation ihrer Persönlichkeit? In der Kinder- und Jugendhilfe werden diese Fragen seit Jahrzehnten mit immer wieder wechselnden Vorzeichen heftig diskutiert. Nur auf wissenschaftlich belastbare Daten kann sich eigentlich niemand berufen.

empirisch fundierte Studie zu dieser Thematik schliesst damit eine Forschungslücke und widerlegt so manches Vorurteil. Am Beispiel des Mädchenheims Gauting und seiner Arbeit mit dissozialen Mädchen zeigt er, in welchen Fällen freiheitsentziehende Massnahmen in der Jugendhilfe helfen können und wo nicht. Er bezieht dazu subjektive Einschätzungen der Jugendlichen und ihrer Betreuer ebenso ein wie Testergebnisse, Interviews und die Diagnosen eines externen Instituts.

Thaddeus Golas is a lazy man. Laziness keeps him from believing that enlightenment demands effort, discipline, strict diet, non-smoking and other evidences of virtue. He found a way to enlighten himself - and you - with two

sentences. The first is We are equal beings and the universe is our relations with each other. The second? The universe is made of one kind of entity; each one is alive, each determines the course of his own existence. If you remember this, that's all you really need to know to understand this book. Originally published in 1972, and in print for 15 years, THE LAZY MAN'S GUIDE TO ENLIGHTENMENT teaches you, amongst other things, how to feel good.
