A system of correspondences between the Tarot and

Astrology."There have been numerous attempts to construct systems of correspondence between the Tarot and the Sephiroth of the Kabbalah. Another fertile ground for this activity is to try to match the Tarot cards with astrology. This book was one of the first to try to make this connection. Beginning with a theoretical section, it then discusses each card. Another feature of this book is a comparison of characteristics attributed to each card by some of the previous writers such as Waite and Papus."
