QUARTERLY. Odile Jacob

"Observations d'un républicain ... A Bruxelles, De l'imprimerie de l'auteur, 1790" (32 p.): inserted at end of v. 17. The Monthly review. New and improved ser Lulu.com

Flottant sur le Nil, le corps d'un homme est trouvé, sans vie. Qui avait intérêt à percer à l'aide d'un coupe-papier en laiton le coeur impénétrable de Gabriel Bérard ? Ce banquier si français avait attisé les rancunes, déjoué trop souvent le sort, plaisanté avec la justice, celle des hommes et celle des dieux. Sous l'oeil narquois du juge de Haute-Egypte chargé de l'enquête, Maurice Bassily, deux mondes irréconciliables s'affrontent. D'une part, l'Egypte des pachas voltairiens, des felouques légères, des femmes oubliées par le

temps, et du temps immobile qui ressemble à l'éternité. De l'autre, la France d'une certaine banque à la façade noire de fumée, un vieux pays qui se joue à la Bourse, place grisante de toutes les corruptions. Mais les hommes impurs ou maladroits ne le furent pas toujours. Conte moral, étourdissante et rêveuse fable, roman réaliste, portrait à charge : François Sureau parle de ce qu'il connaît bien, l'Egypte et la France des années quatre-vingt. Et le Nil, indifférent, engloutit les péchés. François Sureau est romancier. Il est l'auteur entre autres, de la Corruption du siècle (Prix Colette), l'Infortune (Grand Prix du roman de l'Académie française) et Les hommes n'en sauront rien.

The five elements - governmental authorities, public discourse, corporate and market interests, citizens' associations and international agencies - may help in figuring out the complex and challenging purpose of the research work presented in this volume which is nothing less than the history of the governance of cultural and natural

heritage in eleven countries, from its outset to the present. Speaking about governance is challenging. The term has been vastly used and misused. But today, when the feverish popularity of the concept is probably in decline, we rest with one solid conviction at least: that social, economic, cultural and institutional processes are governed not only through government (be it national or local) with its legislative, administrative and jurisdictional mechanisms, but through a larger array of different actors and factors. These include schools and universities, citizens' associations, public opinion, economic corporations, non-governmental organizations, learned societies, unions, media, international agencies, clubs, consultants etc. In fact, the reader is

going to meet quite a few of these actors in this publication; they are the unavoidable characters involved in the story the authors have set out to tell.
