### SIERRA RAMOS

New Masters, New Servants Routledge

On March 9, 1996, tens of thousands of readers of a daily newspaper in China's Anhui province saw a photograph of two young women at a local long-distance bus station. Dressed in fashionable new winter coats and carrying luggage printed with Latin letters, the women were returning home from their jobs in one of China's large cities. As the photo caption indicated, the image represented the "transformation of migrant women"; the women's "transformation" was signaled by their status as consumers. *New Masters, New Servants* is an ethnography of class dynamics and the subject formation of migrant domestic workers. Based on her interviews with young women who migrated from China's Anhui province to the city of Beijing to engage in domestic service for middle-class families, as well as interviews with employers, job placement agencies, and government officials, Yan Hairong explores what these migrant workers mean to the families that hire them, to urban economies, to rural provinces such as Anhui, and to the Chinese state. Above all, Yan focuses on the domestic workers' self-conceptions, desires, and struggles. Yan analyzes how the migrant women workers are subjected to, make sense of, and reflect on a range of state and neoliberal discourses about development, modernity, consumption, self-worth, quality, and individual and collective longing and struggle. She offers keen insight into the workers' desire and efforts to achieve *suzhi* (quality) through self-improvement, the way workers are treated by their employers, and representations of migrant domestic workers on television and the Internet and in newspapers and magazines. In so doing, Yan demonstrates that contestations over the meanings of migrant workers raise broad questions about the nature of wage labor, market economy, sociality, and postsocialism in contemporary China.

*Rudimental Jazz (Music Instruction)* Chicago, Ill. : The Association The title Snare Book tells its own tale: Jost Nickel's book is exclusively about snare exercises that will improve your hand technique and your general understanding of rhythm at the same time. Additionally, playing these exercises using different subdivisions and time signatures will further strengthen your rhythmic understanding and will make the exercises more interesting and less repetitive. I usually don't enjoy exercises where I have to play the same thing over and over again." says Jost. "My mind wanders off, and I find it a lot harder to keep practicing because of the lack of variation. As much as I agree that practice is repetition, I also never want to get bored when I practice." Chapter 1 offers a wide range of great warm-up exercises that combine well-known stickings with accentuations, subdivisions, or time signatures that are unusual for these stickings. Additionally, you'll find *ostinato* exercises to strengthen your independence and interlocking exercises to improve your coordination. "My Snare Book is definitely not your typical rudiments book," adds Jost. "I am confident that the exercises in this book are enjoyable and useful because they offer variations on different levels that will keep you engaged. That makes it easier to play the many repetitions you need to get better." The other chapters take a very systematic approach where Jost takes you step by step through different exercises on double-stroke rolls, flams, multiple strokes, ruffs, inverted double-stroke rolls, paradiddles, and more. Once you have understood the book's conceptual approach, you'll be able to create your own exercises. Simply keep the concepts but change the content, either on your snare drum or on your drum pad. A 12-page insert called "Reading Texts" is also included."

(Percussion). Neil Peart's ten appearances on the cover of *Modern Drummer* magazine span the years 1980, when he was five albums and several tours into his historic run with the Canadian progressive rock band Rush, and 2020, the year of his passing. No other drummer has come close to appearing so many times on the front of a drum publication, certainly not the world's most recognized one. This, the first installment in *Modern Drummer* magazine's Legends book series, collects all nine of Peart's cover stories, plus the complete contents of his May 2020 *Modern Drummer* tribute issue. Highlights include analyses of Neil's performances on every Rush studio album, a survey of the evolution of his famous live drumkits, transcriptions of deep Rush cuts, dozens of photos, and much more.

This book discusses the decision to use the atomic bomb. Libraries and scholars will find it a necessary adjunct to their other studies by Pulitzer-Prize author Herbert Feis on World War II. Originally published in 1966. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

**The Atomic Bomb and the End of World War II** Lippincott Williams & Wilkins

(Book). Chad Smith's career has been well documented, and his five *Modern Drummer* cover features have provided a detailed commentary and an array of unique photos. All of this is collected in *Chad Smith Legends*. But there is a lot that Chad hasn't talked about ... yet. A brand-new interview breaks down his approach like never before. He talks about his favorite music, the roots of Detroit drumming, and the importance of playing music with absolute conviction. Chad talks about the differences between playing in the Red Hot Chili Peppers, Chickenfoot, and on his many sessions. Apart from Chad's own words, *Chad Smith Legends* also includes 12 new drum transcriptions. Within these 112 pages with color throughout, music lovers and musicians alike will be inspired by Chad's thoughts on music, his drumming peers and influences, his equipment, and never-before-seen photos from his own collection.

Modern Drummer Legends: Red Hot Chili Peppers' Chad Smith National Academies Press

This book of adventure is going to help you learn about something called social studies. Social studies is about people and places around the world. We will talk about what people eat, where our food comes from, how governments are set up, the symbols on flags from different countries and what they mean, how God teaches us to love the people of the world like He does, and much more. The language of this book is English, but we'll share some Italian and Chinese words with you too! My Story, My Country, My World is a course for lower elementary students. It includes basic introductions to history, politics, economics, sociology, and

geography, with the ultimate aim of teaching a comprehensive understanding of God's world and the cultures of each country. This is a daily adventure-based curriculum series that encourages families to explore the world together through four nine-week quests and to understand it better from God's perspective. It is designed with elements that make weekly learning fun and interactive, including: Thankful Time!Government Time!God's Creation Time!My Story Journal It's time to explore God's world and to learn more about others... and more about you too! Get your Quest Collector Cards ready. Each card includes your world map showing the path of each of your four journeys.

(Book). This is the second installment in the *Modern Drummer Legends* series. It includes Alex's 1983, 1993, and 2008 *Modern Drummer* cover stories along with transcriptions of classic Van Halen tracks, beats, and fills. It also includes a survey of the evolution of his famous live drumkits as well as a deep dive into his unique snare sound and an exclusive brand-new 2020 interview.

*Jost Nickel's Snare Book* Random House

The Wehrmacht's Last Stand is a gripping account of German military campaigns during the final phase of World War II, paying close attention to the officers who planned and led them.

*The Master and Margarita* Penguin

Recommended by Bill Gates A thought-provoking and wide-ranging exploration of machine learning and the race to build computer intelligences as flexible as our own In the world's top research labs and universities, the race is on to invent the ultimate learning algorithm: one capable of discovering any knowledge from data, and doing anything we want, before we even ask. In *The Master Algorithm*, Pedro Domingos lifts the veil to give us a peek inside the learning machines that power Google, Amazon, and your smartphone. He assembles a blueprint for the future universal learner--the Master Algorithm--and discusses what it will mean for business, science, and society. If data-ism is today's philosophy, this book is its bible.

DAMA-DMBOK Hal Leonard Corporation

*Masters of Doom* is the amazing true story of the Lennon and McCartney of video games: John Carmack and John Romero. Together, they ruled big business. They transformed popular culture. And they provoked a national controversy. More than anything, they lived a unique and rollicking American Dream, escaping the broken homes of their youth to co-create the most notoriously successful game franchises in history—*Doom* and *Quake*—until the games they made tore them apart. Americans spend more money on video games than on movie tickets. *Masters of Doom* is the first book to chronicle this industry's greatest story, written by one of the medium's leading observers. David Kushner takes readers inside the rags-to-riches adventure of two rebellious entrepreneurs who came of age to shape a generation. The vivid portrait reveals why their games are so violent and why their immersion in their brilliantly designed fantasy worlds offered them solace. And it shows how they channeled their fury and imagination into products that are a formative influence on our culture, from MTV to the Internet to Columbine. This is a story of friendship and betrayal, commerce and artistry—a powerful and compassionate account of what it's like to be young, driven, and wildly creative. "To my taste, the greatest American myth of cosmogenesis features the maladjusted, antisocial, genius teenage boy who, in the insular laboratory of his own bedroom, invents the universe from scratch. *Masters of Doom* is a particularly inspired rendition. Dave Kushner chronicles the saga of video game virtuosi Carmack and Romero with terrific brio. This is a page-turning, mythopoeic cyber-soap opera about two glamorous geek geniuses—and it should be read while scarfing down pepperoni pizza and swilling Diet Coke, with Queens of the Stone Age cranked up all the way."—Mark Leyner, author of *I Smell Esther Williams*

Master Key to Wealth Hal Leonard Corporation

Western-educated Elites in Kenya, proposes to conduct a critical examination of the emergence of the American-educated Kenyan elites (the Asomi) and their role in the nationalist movement and eventually their Africanization of the Civil and Private sectors in Kenya.
