the Airport Ladybird

A homeless boy who lives

in an airport with his

father, moving from

terminal to terminal trying not to be noticed, is given hope when a trapped bird finally finds his freedom.

Full-color illustrations.

Wheels Jessica Kingsley Publishers

Now formally known as San Diego International Airport, Lindbergh Field was named in honor of Charles Lindbergh and has been a center of aeronautic activity since its dedication in 1928.

Many famous personalities and events have been associated with the airstrip, which quickly grew to include a Coast Guard Air Station, three airlines, two flying schools, and Ryan

Aeronautical. In 1935, Consolidated Aircraft relocated to Lindbergh Field, transforming it into an aviation manufacturing center. Situated just three miles north of downtown San Diego, Lindbergh Field serves more than 50,000 travelers a day,

making San Diego International Airport the busiest single-runway commercial airport today in the United States.

A Week at the Airport Arcadia Publishing

This book provides young readers with an overview of what it is like to work within an airport and then profiles several careers based at an airport.

Children love these fun and fascinating i-SPY activity books - discover over 30 other i-SPY guides in the series!

Richard Scarry's A Day at the Airport Berkley

Encompassing 27 square miles, Dallas/Fort Worth International is one of the world's largest and busiest airports, accommodating more than 150,000 passengers each day. The 1974 opening of "D/FW" was preceded by nearly half a century of an often acrimonious aviation rivalry between Dallas and Fort Worth that featured a colorful cast of

business leaders, municipal officials, and airline executives. Through its first 40 years, D/FW grew from a regional hub into a global crossroads for passenger and air cargo service. Bold, imaginative leadership sustained the airport through the failure of its largest tenant airline, the effects of 9/11, an air traffic controllers' strike, and more than one fuel crisis. An extraordinary economic engine for North Texas, D/FW stands poised to become home to the world's largest airline, validating the original planners' dream of a dynamic focal point for domestic and international commercial aviation.

Art of the Airport Tower Sticker and Colouring Book

Art of the Airport Tower is a photographic journey to airports in the U.S. and around the world. This book, the companion volume to the Smithsonian National Air and Space Museum exhibition of the same name, explores 85 historic and contemporary airport towers through more than 100 fine art photographs by Carolyn Russo. Russo's photography makes these ordinary structures

extraordinary: more than mere aviation artifacts, they are monumental abstractions, symbols of cultural expression, and testimonies of technological change. The first impression travelers have when they reach a new city or country may well be the tower; as such, it is often an embodiment of important symbols and values. For example, at the Stockholm-Arlanda Airport in Sweden, two lookout points perch like birds at the top of the control tower in reference to two protective ravens from Nordic mythology. The Hangzhou Xiaoshan International Airport in China features wavy structures designed to look like scrolls of silk delicately sheltering passengers below. Russo's striking photographs capture these features, and informative captions describe their architectural, cultural, and technological significance. An introduction by Smithsonian commercial aviation expert F. Robert van der Linden tells the history of airport towers to contextualize Russo's work. *Art of the Airport Tower* is a stunning book that brings a heightened awareness to the

architectural beauty and historical significance of these structures.

Working at the Airport
Abrams

From the excitement of arrival to the wonder of taking off -- a picture book that captures in joyous and powerful images all the magic of an airport.

At the Airport Alison Green Books

Two books in one, this bumper activity book contains over 150 farm-themed stickers as well as lots of coloring activities. Always a popular subject area with children, life on the farm provides lots to spot and talk about, including animals, machinery, plants and people. Children can create their own busy airport scenes showing people and planes arriving at the airport, getting ready to fly, taking off and up in the air. With over 100 stickers depicting holidaymakers with their luggage, pilots and cabin crew, the runway staff who bring planes in safely to land, and of course a selection of different aeroplanes.

PBS KIDS Big, Busy

Airport Emblem Editions
Though we routinely take to the air, for many of us flying remains a mystery. Few of us understand the how and why of jetting from New York to London in six hours. How does a plane stay in the air? Can turbulence bring it down? What is windshear? How good are the security checks? Patrick Smith, an airline pilot and author of Salon.com's popular column, "Ask the Pilot," unravels the secrets and tells you all there is to know about the strange and fascinating world of commercial flight. He offers: A nuts and bolts explanation of how planes fly Insights into safety and security Straight talk about turbulence, air traffic control, windshear, and crashes The history, color, and controversy of the world's airlines The awe and oddity of being a

pilot The poetry and drama of airplanes, airports, and traveling abroad In a series of frank, often funny explanations and essays, Smith speaks eloquently to our fears and curiosities, incorporating anecdotes, memoir, and a life's passion for flight. He tackles our toughest concerns, debunks conspiracy theories and myths, and in a rarely heard voice dares to return a dash of romance and glamour to air travel. Richard Scarry's a Day at the Airport Houghton Mifflin Harcourt Presents a story to prepare children for the unfamiliar sights and sounds of the airport experience.

A Day at the Animal Airport Alison Green Books

new markets for their wares.

Richard Scarry's Boats First Avenue Editions

From the bestselling author of *Tides of Honour* and *Promises to Keep* comes a poignant novel about a young couple caught on opposite sides of the Second World War. In the fall of 1939, Grace Baker's three brothers, sharp and proud in their uniforms, board Canadian ships headed for a faraway war. Grace stays behind, tending to the homefront and the general store that helps keep her small Nova Scotian community running. The war, everyone says, will be over before it starts. But three years later, the fighting rages on and rumours swirl about "wolf packs" of German U-Boats lurking in the deep waters along the shores of East Jeddore, a stone's throw from Grace's window. As the harsh realities of war come closer to home, Grace buries herself in her work at the store. Then, one day, a handsome stranger ventures into the store. He claims to be a trapper come from away,

and as Grace gets to know him, she becomes enamoured by his gentle smile and thoughtful ways. But after several weeks, she discovers that Rudi, her mysterious visitor, is not the lonely outsider he appears to be. He is someone else entirely—someone not to be trusted. When a shocking truth about her family forces Grace to question everything she has so strongly believed, she realizes that she and Rudi have more in common than she had thought. And if Grace is to have a chance at love, she must not only choose a side, but take a stand. *Come from Away* is a mesmerizing story of love, shifting allegiances, and second chances, set against the tumultuous years of the Second World War.

At the Airport Allen & Unwin

Sally, Huckle, and Lowly are supposed to go sailing with their father, but it starts to rain. Father says to stay inside and play, but their friend saves the day when he takes them all to the airport for a day of fun. Illustrations.
