Church members, young and old, who have attended these two services have claimed it was the most gripping and meaningful Holy Week they have ever experienced. Each year churches seek to portray in some way the story of the death and resurrection of Jesus. This presentation offers a creative approach, bringing new power to the observance of a timeless, historic event. By placing a casket at the front of the church and conducting a contemporary funeral service, the Good Friday service offers an innovative approach to the day's observance. The coffin remains (from Good Friday) at the front of the church for the Easter sunrise service. Seven participants are required for this 45-minute service, intended to be used with *Funeral Service For Jesus*.

Though systematic, the book is filled with examples from Blair's 40-plus years in the ministry, which makes the book dynamic, credible, and filled with wisdom. Underlying this work is Blair's humble, but all-encompassing devotion to Christ. An essential resource for all involved in funerals and weddings, this book is one of a kind. Mike Inman Chaplain, Hospice of Siouxland Sioux City, Iowa I have found Robert Blair's The Funeral And Wedding Handbook to be very helpful. Today more than ever, personal funeral services that capture the

essence of the departed person - their character, spirit and legacy - are being planned and conducted by civil celebrants in collaboration with family and friends of the deceased. With this move away from traditional funeral services, comes an increased responsibility for the funeral celebrant to honour the departed in an appropriate way, and make sure each service runs as smoothly as possible. This handbook is the ideal companion for qualified celebrants or church leaders, celebrants-in-training, or those who are thinking about entering this vocation. It covers every aspect of a service, beginning at the time of initial contact and the first meeting with the bereaved, right through to the service itself. In this book you will also find a varied collection of readings, poems and sample eulogies for each type of funeral service, as well as advice about conducting memorial services and funeral services with a difference.

Caring through the Funeral is a guidebook to take pastors through the complete funeral process, from the moment the call is received to the weeks following the funeral. More than just a "how-to," *Caring through the Funeral* uniquely addresses the funeral process from the perspective of pastoral ministry—of pastoral caring throughout the time of mourning, from the death through post-funeral grieving. Many times the funeral is the most momentous means of pastoral caring for the bereaved, and often it is the only time that the church has an opportunity to care for the family and friends. Gene Fowler explores what pastors go through at each stage of the funeral process. Both descriptive and conceptual, Fowler's practical advice, solid pastoral and theological grounding, and case illustrations take pastors and

student pastors through many issues: - the language of loss—the vocabulary ministers need for this caring ministry - bereavement and grief - pastoral care of family members - pastoral care of non-family members, including groups within the church and community - the funeral as worship service, including a comparison of our Protestant liturgical books and the elements that comprise a Christian funeral - practical issues of planning the service, including sample services - funeral service as means of caring for the bereaved and as a rite of passage, and the interrelationship between funerals, mourning, and grief - how funerals often launch mourners on a spiritual journey - questions asked by the bereaved - role of resurrection in pastoral care - pastoral care after the funeral

The Presbyterian Supplemental Liturgical Resource (SLT) series includes liturgies that were used on a trial basis in preparation for the development of the Book of Common Worship. Though superseded by the Book of Common Worship, SLR resources remain valuable, both for the variety of liturgical

texts they contain and for the commentary on the text, which contains rich historical, theological, and practical background.

This book takes the principles found in Constance Cherry's successful *The Worship Architect*--in which she provided dynamic blueprints for designing worship services--and applies them to special services in the life of the church. Cherry, a worship professor and practitioner, offers theological reflection, practical guidance, and suggested resources to help worship leaders and ministry students in training to create meaningful special services related to the sacraments, life passages, and other occasions. Cherry sets forth a process concerning worship design for special services and demonstrates how this process is conducive to virtually any style of worship practiced today in a myriad of Christian communities. She includes a model order for each service type, including weddings, funerals, baptisms, child dedications, Holy Communion, and more. The book not only explains what leaders do in order to preside at special services and how to do it, but also why they make certain choices. Each chapter includes discussion questions, practical exercises, and a basic glossary.
