Art Book about Portraits Macmillan

Like music, art is a universal language. Although looking at works of art is a pleasurable enough experience, to appreciate them fully requires certain skills and knowledge." --Carol Strickland, from the introduction to *The Annotated Mona Lisa: A Crash Course in Art History from Prehistoric to Post-Modern* * This heavily illustrated crash course in art history is revised and updated. This second edition of Carol Strickland's *The Annotated Mona Lisa: A Crash Course in Art History from Prehistoric to Post-Modern* offers an illustrated tutorial of prehistoric to post-modern art from cave paintings to video art installations to digital and Internet media. * Featuring succinct page-length essays, instructive sidebars, and more than 300 photographs, *The Annotated Mona Lisa: A Crash Course in Art History from Prehistoric to Post-Modern* takes art history out of the realm of dreary textbooks, demystifies jargon and theory, and makes art accessible—even at a cursory reading. * From Stonehenge to the Guggenheim and from Holbein to Warhol, more than 25,000 years of art is distilled into five sections covering a little more

than 200 pages.

artist Faith Ringgold seamlessly weaves fiction, autobiography, and African American history into a magical story that resonates with the universal wish for freedom, and will be cherished for generations. Cassie Louise Lightfoot has a dream: to be free to go wherever she wants for the rest of her life. One night, up on "tar beach," the rooftop of her family's Harlem apartment building, her dreams come true. The stars lift her up, and she flies over the city, claiming the buildings and the city as her own. As Cassie learns, anyone can fly. "All you need is somewhere to go you can't get to any other way. The next thing you know, you're flying among the stars."

Smile! Here comes one of the most memorable (and share-able)

selfies of a generation. “There I am! My first selfie!” After the star of this story gets her brother’s hand-me-down camera-phone and a quick lesson in the “selfie,” there is no stopping her! Anything can be turned into a selfie, and a host of adventures and misadventures caught on camera prove her point. Turning the camera-phone on herself becomes a part of her every day, all day long. Until, that is, it’s time to call it a day. Turns out, camera-phones and kids alike need to recharge their batteries!

Van Gogh's Sunflowers Illuminated National Geographic Books

Hokusai’s classic woodcut of a majestic wave becomes the starting point for a storybook children will want to read again and again. On a stormy winter’s day, a baby boy, Naoki, is swept into a fisherman’s boat by a great wave. Years pass, but still Naoki does not grow. Must he return to the ocean in order to become a young man? The answer arrives in the form of a mythic fish. Japanese artist Hokusai is one of the world’s most celebrated printmakers. His famous woodcut, “The Great Wave,” epitomizes the artist’s characteristic techniques and themes. In this children’s book, the artist’s masterpiece is the genesis for a simple but compelling story, beautifully illustrated in pictures that recall Hokusai’s brilliant use of detail, perspective and color. A stunning reproduction of the woodcut itself is featured in the book, supplemented by information about the artist and his work. At once modern and classic, The Great Wave introduces young readers to a beloved artist and his timeless portrayals of nature and transformation.

Vincent Van Gogh: Sunflowers and Swirly Stars Scholastic Inc.

Soon after his death, Vincent van Gogh’s reputation grew and developed through the extraordinary symbiosis evident between his paintings and letters. However it is a formidable task to read and analyze Van Gogh's nearly eight hundred letters due to the sheer bulk and complexity of the collection. Reading Vincent van Gogh is at once an interpretive guide to the letters and a distillation of Van Gogh’s key themes and ideas. This indispensable, synoptic, and interpretive view of the letters as a whole will be equally of interest to scholars and teachers making use of Van Gogh’s letters as it will be to those who have long been fascinated by the artist. This is the third book by Patrick Grant on the letters of Vincent van Gogh. It builds on his previous work in *The Letters of Vincent van Gogh* (2014), a practical-critical study, and “My Own Portrait in Writing” (2015), a literary theoretical analysis that draws on the domain of modern literary studies. In the hands of Patrick Grant, the extraordinary literary achievements of Vincent van Gogh are explained and exemplified and claims that the well-known artist was also a great writer are confirmed.

Discovering Great Artists Houghton Mifflin Harcourt

In a manufacturing metropolis in south China lies Dafen, an urban village that famously houses thousands of workers who paint van Goghs, Da Vincis, Warhols, and other Western masterpieces for the world market, producing an astonishing five million paintings a year. To write about work and life in Dafen, Winnie Wong infiltrated this world, first investigating the work of conceptual artists who made projects there; then working as a dealer; apprenticing as a painter; surveying wholesalers and retailers in Europe, East Asia and North America; establishing relationships with local leaders; and organizing a conceptual art exhibition for the Shanghai World Expo. The result is *Van Gogh on Demand*, a fascinating book about a little-known aspect of the global art world—one that sheds surprising light on the workings of art, artists, and individual genius. Confronting big questions about the definition of art, the ownership of an image, and the meaning of

originality and imitation, Wong describes an art world in which idealistic migrant workers, lofty propaganda makers, savvy dealers, and international artists make up a global supply chain of art and creativity. She examines how Berlin-based conceptual artist Christian Jankowski, who collaborated with Dafen's painters to reimagine the Dafen Art Museum, unwittingly appropriated the work of a Hong Kong-based photographer Michael Wolf. She recounts how Liu Ding, a Beijing-based conceptual artist, asked Dafen "assembly-line" painters to perform at the Guangzhou Triennial, neatly styling himself into a Dafen boss. Taking the Shenzhen-based photojournalist Yu Haibo's award-winning photograph from the Amsterdam's World Press Photo organization, she finds and meets the Dafen painter pictured in it and traces his paintings back to an unlikely place in Amsterdam. Through such cases, Wong shows how Dafen's painters force us to reexamine our preconceptions about creativity, and the role of Chinese workers in redefining global art. Providing a valuable account of art practices in an ascendant China, *Van Gogh on Demand* is a rich and detailed look at the implications of a world that can offer countless copies of everything that has ever been called "art."
