[McGraw-Hill's SAT Subject Test: United States History 2/E](#) Princeton Review

This volume chronicles RAND's involvement in researching insurgency and counterinsurgency in Vietnam, Laos, and Thailand during the Vietnam War era and assesses the effect that this research had on U.S. officials and policies. Elliott draws on interviews with former RAND staff and the many

studies that RAND produced on these topics to provide a narrative that captures the tenor of the times and conveys the attitudes and thinking of those involved.

Everything students need to know to succeed on the English and Writing sections of the SAT revised and updated to align with the Redesigned SAT (debuting in 2016).

**Learn About the United States: Quick Civics Lessons for the Naturalization Test (Revised February, 2019)** Quinlan Press (MA)

This book provides a concise but thorough summary of how the selective service system worked from 1965 through 1973, and also demonstrates how this selective process, during a highly unpopular war, steered major life choices of millions of young men seeking deferrals based on education, occupation, marital and family status, sexual orientation, and more. This book explains each category of deferral and its resulting "ripple effect" across society. Putting a human face on these sociological trends, the book also includes a number of brief personal anecdotes from men in each category, told from a remove of 40 years or more, when the lifelong effects of youthful decisions prompted by the draft have become evident. There are few books which address the military draft of the Vietnam years, most notably CHANCE AND CIRCUMSTANCE: The Draft, the War and the Vietnam Generation, by Baskir and Strauss (1978). This early study of draft-age men discusses how they were socially channeled by the selective service system. RANDOM DESTINY follows up on this premise and draws from numerous later studies of men in the lottery pool, to create the definitive portrait of the draft and its long-term personal and social effects. RANDOM DESTINY presents an in-depth explanation of the selective service system in its final years. It also provides a comprehensive yet personal portrait of how the draft and the lottery steered a generation of young lives into many different paths, from combat to conscientious objection, from teaching to prison, from the pulpit to the Canadian border, from public health to gay liberation. It is the only recent book which demonstrates how American military conscription, in the time of an unpopular war, profoundly influenced a generation and a society over the decades that followed.

#### **The Vietnam Years** HarperCollins

Provides a comprehensive narrative history of U.S. involvement in Southeast Asia, from the mid-1940s to the mid-1970s, giving full and unbiased treatment. It also discusses why Americans tried so hard to stop the spread of Communism into Indochina. And why they failed. Blending Vietnamese and American political, diplomatic, and military history, this book presents U.S. involvement in southeast Asia as an episode in the forty-year Cold War between the U.S. and the Soviet Union. It also points out the French effort to reimpose colonialism on Vietnam. The third edition of *History of the Vietnam War* has been revised to include an expanded account of the postwar period, leading to the restoration of normal relations between the U.S. and Vietnam on July 11, 1995. It reveals the strong national identity of the Vietnamese people against Kennedy, a committed "Cold Warrior". It also analyzes media coverage of the war and the anti-war movement in the U.S., to demonstrate that neither really turned public opinion against the war.

#### **Veterans' Administration Fiscal Year 1986 Budget** Princeton Review

"The new evidence uncovers a number of behind-the-scenes plays - such as Nixon's secret nuclear alert of October 1969 - and sheds more light on Nixon's goals in Vietnam and his and Kissinger's strategies of Vietnamization, the "China card," and "triangular diplomacy." The excerpted documents also reveal significant new information about the purposes of the linebacker bombings, Nixon's manipulation of the POW issue, and the conduct of the secret negotiations in Paris - as well as other key topics, events, and issues. All of these are effectively framed by Kimball, whose introductions to each document provide historical context."

*American Government: In the United States, the government gets its power to govern from the people. We have a government of the people, by the people, and for the people. Citizens in the United States shape their government and its policies, so they must learn about important public issues and get involved in their communities. Learning about American government helps you understand your rights and responsibilities and allows you to fully participate in the American political process. The Founders of this country decided that the United States should be a representative democracy. They wanted a nation ruled by laws, not by men. In a representative democracy, the people choose officials to make laws and represent their views and concerns in government. This book will help you understand the principles of American democracy, the U.S. system of government, and the important rights and responsibilities of U.S. citizenship. -- page 1.
