The Ice Dragon is an enchanting tale of courage and sacrifice for young readers and adults by the wildly popular author of the #1 New York Times bestselling Song of Ice and Fire series, George R.R. Martin. Lavish illustrations by acclaimed artist Luis Royo enrich this captivating and heartwarming story of a young girl and her dragon. In the world of A Song of Ice and Fire the ice dragon was a creature of legend and fear, for no man had ever tamed one. When it flew overhead, it left in its wake desolate cold and frozen land. But Adara was not afraid. For Adara was a winter child, born during the worst freeze that anyone, even the Old Ones, could remember. Adara could not remember the first time she had seen the ice dragon. It seemed that it had always been in her life, glimpsed from afar as she played in the frigid snow long after the other children had fled the cold. In her fourth year she touched it, and in her fifth year she rode upon its broad, chilled back for the first time. Then, in her seventh year, on a calm summer day, fiery dragons from

the North swooped down upon the peaceful farm that was Adara's home. And only a winter child—and the ice dragon who loved her—could save her world from utter destruction. This new edition of *The Ice Dragon* is sure to become a collector's item for fans of HBO's megahit *Game of Thrones*. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

And now the mystery, intrigue, romance, and

adventure of this magnificent saga come to life as never before. *A GAME OF THRONES A SONG OF ICE AND FIRE: BOOK ONE* With a special foreword by John Hodgman Winter is coming. Such is the stern motto of House Stark, the northernmost of the fiefdoms that owe allegiance to King Robert Baratheon in far-off King's Landing. There Eddard Stark of Winterfell rules in Robert's name. There his family dwells in peace and comfort: his proud wife, Catelyn; his sons Robb, Brandon, and Rickon; his daughters Sansa and Arya; and his bastard son, Jon Snow. Far to the north, behind the towering Wall, lie savage Wildings and worse—unnatural things relegated to myth during the centuries-long summer, but proving all too real and all too deadly in the turning of the season. Yet a more immediate threat lurks to the south, where Jon Arryn, the Hand of the King, has died under mysterious circumstances. Now Robert is riding north to Winterfell, bringing his queen, the lovely but cold Cersei, his son, the cruel, vainglorious Prince Joffrey, and the queen's brothers Jaime and Tyrion of the powerful and wealthy House Lannister—the first a swordsman without equal, the second a dwarf whose stunted stature belies a brilliant mind. All are heading for Winterfell and a fateful encounter that will change the course of kingdoms. Meanwhile, across the Narrow Sea, Prince Viserys, heir of the fallen House Targaryen, which once ruled all of Westeros, schemes to reclaim the throne with an army of barbarian Dothraki—whose loyalty he will purchase in the only coin left to him: his beautiful yet innocent sister, Daenerys.

The perfect gift for fans of George R. R. Martin's *A Song of Ice and Fire* novels and HBO's *Game of Thrones*: a collection of wicked one-liners from the incomparable Imp of Casterly Rock, fully illustrated by Jonty Clark! "My mind is my weapon. My brother has his sword, King Robert has his warhammer, and I have my mind . . . and a mind needs books as a sword needs a whetstone if it is to keep its edge." The jealous masses of the Seven Kingdoms may call him Halfman, but none have ever accused Tyrion Lannister of being a halfwit. His golden tongue has saved his skin slightly more often than it has landed him in mortal peril. Now, this special illustrated volume preserves his most essential knowledge for future generations, featuring time-tested guidance on such varied subjects as . . . The art of persuasion "The best lies are seasoned with a bit of truth." Fine dining "A little honest loathing can be refreshing, like a tart wine after too much sweet." The fair

sex "The young ones smell much better, but the old ones know more tricks."

Royal politics "Crowns do queer things to the heads beneath them." Common ailments "A sword through the bowels. A sure cure for constipation." At once charming, insightful, and ruthlessly irreverent, *The Wit & Wisdom of Tyrion Lannister* is short on pretense and overflowing with finely crafted gems—just like the man himself.

Have you read everything George R.R. Martin has ever written? Do you know what in Game of Thrones is based in real history? A young pretender raises an army to take the throne. Learning of his father's death, the adolescent, dashing and charismatic and descended from the old kings of the North, vows to avenge him. He is supported in this war by his mother, who has spirited away her two younger sons to safety. Against them is the queen, passionate, proud, and strong-willed and with more of the masculine virtues of the time than most men. She too is battling for the inheritance of her young son, not yet fully grown but already a sadist who takes delight in watching executions. Sound familiar? It may read like the plot of Game of Thrones. Yet that was also the story of the bloodiest battle in British history, fought at the culmination of the War of the Roses. George R.R. Martin's bestselling novels are rife with allusions, inspirations, and flat-out copies of real-life people, events, and places of medieval and Tudor England and Europe. The Red Wedding? Based on actual events in Scottish history. The poisoning of Joffrey Baratheon? Eerily similar to the death of William the Conqueror's grandson. The Dothraki? Also known as Huns, Magyars, Turks, and Mongols. Join Ed West, as he explores all of Martin's influences, from religion to war to powerful women. Discover the real history behind the phenomenon and see

for yourself that truth is stranger than fiction.

Con Juego de Tronos George R. R. Martin ha creado una obra maestra, ofreciendo todos los mejores aspectos del género. Misterio, intriga, romance y aventura llenan las páginas de este primer volumen de la monumental saga Canción de hielo y fuego, transportando al lector a un mundo como ningún otro. En el legendario mundo de los Siete Reinos, donde el verano puede durar décadas y el invierno toda una vida, y donde rastros de una magia primitiva surgen en los rincones más sombríos, la tierra del norte, Invernalía, está protegida por un colosal muro de hielo que detiene a fuerzas oscuras y sobrenaturales. En este majestuoso escenario, lord Stark y su familia se encuentran en el centro de un conflicto que desatará todas las pasiones: la traición y la lealtad, la compasión y la sed de venganza, el amor y el poder, la lujuria y el incesto, todo ello para ganar la más mortal de las batallas: el juego de tronos. Ya considerado un clásico moderno, la impresionante serie de Martin perdurará como uno de los grandes logros de la imaginación y de la literatura fantástica.
