Macmillan  
Nick Hornby meets  
Patti Smith, Mean  
Streets meets A Visit

From the Goon Squad in this quintessential New York City story about two people who knew each other in the downtown music scene in the 1980s, meet again in the present day, and fall in love. Mike knew June in New York's downtown music

scene in the eighties. Back then, he thought she was “the living night—all the glamour and potential of a New York night when you’re 25.” Now he’s twice divorced and happy to be alone—so happy he’s writing a book about it. Then he meets June again. “And here she was with a raincoat over the back of the chair talking about getting a divorce and saying she’s done with relationships. Her ice-calm eyes are the same, the same her glory of curls.” Jacket Weather is about awakening to love—dizzying, all-consuming, worldview-shaking love—when it’s least expected. It’s also about remaining alert to today’s pleasures—exploring the city, observing the seasons, listening to

the guys at the gym—while time is slipping away. Told in fragments of narrative, reveries, recipes, bits of conversation and snatches of weather, the book collapses a decade in Mike and June’s life and shifts a reader to a glowing nostalgia for the present.

*All Hands* Notion Press Pilots like to say that every safe landing is really just a controlled crash. In this witty and entertaining memoir of his airline career, Eldon Brown whisks us back to the heyday of the airline industry, when it was fun to fly and salesmanship was a creative art. During his decades in cargo management with airlines like Japan and Northwest, Brown crosses paths with a surprising array of life

forms: wily entrepreneurs, stowaway cockroaches, and, yes, a drunken bear. Along the way, there are challenges to be met with pluck and imagination. For example, he conducts reconnaissance missions (when his 007 persona springs to the fore). He arranges flights for fauna like eels, ostriches, tuna, and the Dallas Cowboys. He also has to learn to accommodate his relaxed American style to the rigidity of a Japanese managerial culture, to stay true to American values in places where less rigorous ethical standards are the norm, and to deal with such worrisome passengers as a tipsy senator, Dr. Timothy Leary, and an escaped

mental patient. Through it all, Brown's common sense and sly humor prevail, making this book a fine and fun read.

The history behind the advent of urethane wheels and the birth of the modern movement of skateboarding, as told by a man who lived it. One crazy year on the California coast—in 1975 a hippie skunkworks, bred in garages and shacks, launched the modern skater movement. Strap in for a wild ride replete with two car chases, two plane crashes, a massive truck bomb, Colombian narcotics, the Mafia, senior White House staff, a gypsy fortuneteller, three straight-up miracles, Jacques Cousteau, big

piles of cocaine and naked hippie chicks. Author John O'Malley was in the thick of it all, and he retraces the trip that starts with a bang and races to a melt-in-your-mouth ending. "A truly mesmerizing account of the rebirth of skateboarding in the 1970s. Brash and wild with opinions...The Revolution was in fact televised, and O'Malley had a front row seat."

—Michael Brooke, publisher, Concrete Wave Magazine "The always interesting, sometimes shocking, off-color page-turner dialogues the history of skateboarding from one of its founding fathers, John O'Malley."

The book is a compilation of history more from the social perspective over the years written without any ideological baggage or political agenda for anyone who is interested in the history of Cochin and Central Kerala and its evolution. The book also briefly covers the geography of Kerala, literature, customs, culture, and religion. Kerala's culture is a composite and cosmopolitan culture to which several people and races have made their significant contributions. In fact, the secret of the vitality and strength of the culture lies upon its composite culture. It was not just spices, but also a whole lot of natural commodities such as medicinal herbs, grains, wood

and leather which made this land so precious to the west. The history of ancient Roman trade with Kerala; before Christ [b.c] and after [a.d] was referenced when Pliny famously remarked upon the drain of gold from Rome in 79 C.E., and large quantities of Roman coins were found during excavations in southern India. Gambling Exposed rouven-finn Verlag Scarlett Hera never imagined anything would upset her perfect lifestyle in Beverly Hills, California. But when her and her mother are in a horrific car accident and she is forced to move to a small town in Montana...everything changes. A crazy girl

who seems happy all the time is trying to become her friend. A bad boy who is constantly flirting with her won't leave her alone, no matter how much she begs him. Her two older brothers get into nothing but trouble all of a sudden. And then there is her aunt who claims she can see the future. She thought she was in Hell. But nothing is quite as it seems in this small town. Scarlett quickly learns that what she always thought was of storybook fantasies and nightmares, actually might be running this town! She is thrown into a world of psychics, vampires, werewolves and even Angels and realizes she could be much closer to them than she thinks.

Brotherhood of Locomotive Engineer's Monthly Journal  
Tordotcom  
First published in 2006. For over fifty years, the Japanese-born Western-trained author of this remarkable volume devoted himself to explaining Japanese traditions and customs to foreigners through his newspaper columns, talks and four short books. The comprehensive work presented here, drawn from all these sources deals with all aspects of Japanese life and material culture - apparel and utensils; cures and medicines; houses and buildings; fetes and festivals; fish, birds and animals; folk tales; food, sake and tobacco; living habits; marriage, funerals and memorials; natural

phenomena; plants and flowers; popular beliefs and traditions; recreation and entertainment; religious rites and social customs. With over seven hundred and thirty separate entries, this unique volume is the definitive work on all Japanese things.

SO LITTLE WOOD**

Trafford Publishing  
To appreciate this book readers must grasp the symbolism of its title and the front page depicting the author's life story, sometimes in rough seas. At three/four years old he was already strongly aware that he had been called into the Christian ministry, an inspiration for a long, fruitful life. He grew up helping in their South African farm life. He

commuted to grammar school on horseback, accumulating enough miles to ride three times from New York to California. It was a financial struggle to become ordained as a clergyman. His story is interestingly interspersed with several short, unbelievable biographies of classmates and what life was like. Read the "The Sturdy Warrior," Chapter V and others like "Albert Schweitzer of the Bushveld", and "We Shall Triumph," in the book mentioned below. With several well-earned degrees he migrated to the USA to study at Princeton Theological Seminary, where he became a professor. But then the delicate call that had driven him since childhood was

smashed seemingly beyond repair. However, for him those called into God's Kingdom can in its wideness find symbolic pulpits and lecterns in many places. Of all, he found such in Wall Street, and applied himself with the Latin saying's, strong command: age quod agis -- "Do what you are doing!" How is it continuing? Please find out in this book's sequel entitled: Faith, Hope, and Determination. Assembly iUniverse  
Henning bekommt ein Jobangebot, das er nicht abschlagen kann. Nur leider muss er dazu nach New York reisen, wo er und Alina doch gerade erst nach Paris ziehen wollten. Als der Kontakt zwischen beiden abbricht, tritt Lilly

Adventure auf den Plan und reist in die USA. In New York macht sie unverhoffte Bekanntschaft. Ob Alina und Henning sich finden werden?

Making Paper Catapult  
An embodiment of love, Gurudev Sri Sri Ravi Shankar is a rare combination of stillness and dance, silence and song, wisdom and humour. He lives his life with simplicity, effortlessness and joy. Knowledge flows, he sings with all his heart, dances in ecstasy, cooks and serves in the kitchen, plays with children, squirts water on the unsuspecting and pushes unpushed buttons with the glee of a child. Guru means 'dispeller of darkness'. He has lit up the lives of more than 300 million people worldwide and steered

them on the spiritual path. Every person feels at home with him—the village artisan, the student, the sceptic, the agnostic, the housewife, the corporate trainer, the national leader, the farmer and the fruit vendor on the street... Sri Sri As I Know Him is a book where people who have grown this movement open up about their personal experiences of and with Gurudev. Some anecdotes will make you laugh while others will moisten your eyes and your heart will want to burst with love for him. You'll feel the familiar rush of gratitude with some and envy with others when you see him so personally involved in their lives. What this book conveys is the awe and the

amazement, the joy and the laughter. One has to be there to experience it. For those who have experienced him, it will bring back the memories and help to relive it. For those whom this is the first...a journey begins

*Heave Together* Marie James

Box Set contains Truth Be Told, Calculated Risk, and Heroic Measures. Truth Be Told Lies ruin lives. Ignacio Torres, the translator for Blackbridge Security, has told his fair share and then some. He lied more than once to Tinley Holland when they were teens. Told her he didn't love her. Told her he could live without her. Told her what they shared didn't mean a thing. He's lived with those lies, lived with the loss

of her for over a decade. What he didn't expect was going home to help with a family matter only to discover Tinley has told the biggest lie of all. Calculated Risk As the fixer for Blackbridge Security, Quinten Lake is the man that comes in and cleans up after people make stupid decisions. Which means he didn't want to be the one teaching lustful women gun safety. There were guys on the team better suited for the task. Get in and get out, that's his motto, something he lives by not only at work but also in his personal life. And he could be doing just that if it weren't for the internet. But if #BlackbridgeSpecial wasn't trending online he would've never met Hayden Prescott. He

wouldn't be wondering why she won't make eye contact with him. He's supposed to teach her the skills to protect herself, but his ego is encouraging him to be her means of protection. She isn't impressed, and he's left wondering if she'll ever open her eyes and finally see him. Heroic Measures Opposites don't just attract. They captivate. They entice. They beckon. As the medic for the Blackbridge Security team, he was just fine hanging out at the office in his spare time. Jude Morris was...boring. He didn't need excitement. He wasn't a thrill-seeker. Then he met a woman who was. Parker Maxwell, the only woman able to captivate, entice, and beckon him, was his

antithesis. The up to his down. The light to his dark. The hot to his cold. He couldn't take his eyes off of her. She didn't seem to notice him. It's going to take heroic measures for this guy to win the girl. Series contains a band of brothers unwilling to just stand by and watch a woman in need, a foul-mouthed parrot who gets in everyone's business, and a level of steam you may not be ready for.

 Winner of the 2023 Locus Award for Best Anthology A 2023 NAACP Image Award Nominee A 2023 British Fantasy Award Nominee A NPR Best of the Year pick A Book Riot Best SFF of the Year pick "[A] magnificent and wide-ranging anthology . . . A must-read for all genre fans."—Publishers Weekly, starred review  
 From award-winning editorial team Sheree Renée Thomas, Oghenechovwe Donald Ekpeki, and Zelda

Knight comes an anthology of thirty-two original stories showcasing the breadth of fantasy and science fiction from Africa and the African Diaspora. A group of cabinet ministers query a supercomputer containing the minds of the country's ancestors. A child robot on a dying planet uncovers signs of fragile new life. A descendent of a rain goddess inherits her grandmother's ability to change her appearance—and perhaps the world. Created in the legacy of the seminal, award-winning anthology series *Dark Matter*, *Africa Risen* celebrates the vibrancy, diversity, and reach of African and Afro-Diasporic SFF and reaffirms that Africa is not rising—it's

already here. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Xlibris Corporation

This is an invitation to know the exclusive story of Specialist Marcus Contrell Hart. My Name is Specialist Marcus C. Hart, in a nutshell, is not your average story about the new generation of Iraqi Freedom war veterans. For the first time ever you can experience the inside look of how a soldier's life changes drastically after being called to serve. Specialist Hart is a 20 year old black male searching his way into adulthood and the true meaning behind life. A dynamic story in itself, it brings you a step closer to learning

the emotions and experiences living a military and civilian life as an African American. Specialist Hart battles conflicts with love, finances, deployment, and other related issues with life once he receives a call from his National Guard unit for a possible deployment. A January 2006 call eventually turns into a deployment and Harts first one. Living the unlikely life that few black males his age live, this book opens the key features of his experiences.

The Beta Theta Pi Good Press

"The Rover Boys Shipwrecked; or, A Thrilling Hunt for Pirates' Gold" by Edward Stratemeyer was originally published in 1924 and has captured the

hearts of young readers ever since. It's the 28th book in the Rover Boys series and sees its characters on the search for buried treasure. However, don't worry if you've never read another book from this series, you'll be able to get caught up in no time.

#### Controlled Crash

iUniverse

#### A WORLD GONE CRAZY

**Synopsis** The story begins with a retired member of a highly specialized, very small elite government tactical organization, which specialized in altering governments and national economies by crippling or death to inactivate organization leaders. Members used nothing more than common, readily available materials and rarely, imported biologicals, to

achieve their goals while posed as innocuous individuals on various trade missions. When he retired, his government abandoned him, and Zeke, in his pursuit of funding to continue his education began a simple journey to Florida in hopes of receiving financial help from his only surviving relative now running his fathers business. The simple journey becomes a complex case of intrigue leading from Newark, New Jersey to Fort Lauderdale, Florida then on to a unique island off the coast of Cuba as Zeke again becomes involved with his past in the pursuit of his woman. The appearance of biologically engineered assault weapons, manufactured by the

U.S. government, in violation of international law and falling into the hands of Cuban patriots and Arab terrorists further complicate the life of a man wishing to fade into oblivion.

Unknowingly to him, politics becomes a factor as he enlists the aid of a past cohort, a beautiful woman with an insatiable sexual appetite, who, unknowingly to him, is still in the government service. In their travels through Cuba, posing as husband and wife, they selectively eliminate a Cuban official on their governments behalf.

With the task accomplished, the trip, which is now to be purely pleasure, truly unfolds as a covertly assigned mission of destroying the Cuban

sugar industry and bringing the island economy to its knees. With the aid of Helena, a mysterious Italian heiress, Zeke learns the true purpose of his mission and his being used by his government to destroy the innocent people of Cuba. A decision must be made; Zeke then uses his training and intelligence to begin to right an injustice he purposely but unknowingly caused. In the end, all, but Zeke, get their just rewards and a new chapter seems to be beginning.

Stone Routledge  
Journalists possess critical responsibilities—one is simply to inform, another is to explain. As a military photojournalist during the Vietnam Era, Bob Bowen has captured

visually with his camera and explained eloquently with his written words, the horrors and the honorable service of that period. In his new book *My Life and Lens*, Bowen articulates not only high action combat but the artful subtleties and tactics of warfare. He writes so well that the reader is pulled into the stories as if there in person. It is one thing to provide facts to America's cumulative history; it's another to display the facts through personal experiences. One will learn through reading this memoir that the life of a journalist in a war zone could be short-lived. It is dangerous work; but when successful, the work informs. This is what makes Bowen's

book such a compelling read. This memoir is an excellent pictorial and literary contribution not only to our nation's history but in the recognition of those who honorably participated in that unpopular conflict. Respect is demonstrated to the families of the brave American heroes of this long-ago era by Bob Bowen's memorializing them in his book. - Worth Earlwood Norman, Jr., retired account executive, EDS Corporation; author of two biographies—James Solomon Russell: Former Slave, Pioneer Educator, and Episcopal Evangelist (McFarland Publishing, 2012), William Jelks Cabaniss, Jr., *Crossing Lines in His Business*,

Political and Diplomatic Life (Archdeacon Books, 2014) and one memoir, Six Bits: USMC 1962-1963 (My Years in USMC Bands 1962-1966) (Kindle eBook) I predict this is a great book by Bob Bowen who is writing about his own life during the Vietnam War. Bob is an expert photographer and was a war correspondent and a fine writer. This job was dangerous. This book could really take off and be a great success. I recommend it to anyone interested in the Vietnam War. The war was a harrowing experience for the men involved, and they have never been given proper credit for their bravery. - Don Gilmore, author, Eyewitness Vietnam The images you captured of our

Marines in Vietnam are unequaled. Your book will be a smash hit! - Franklin Cox, author, Lullabies for Lieutenants My friend Bob Bowen has been a member of The American Legion for more than four decades, during which time he has been totally devoted to our country, our veterans, and their families. This memoir details his insights not only into war and coming home, but also into the people who are Americans. His life is proof that when most veterans take off their uniforms, they don't quit their service to the nation. My Life and Lens is the inspiring story of how one Marine is still serving America. - Daniel S. Wheeler, National Adjutant, The American
