Winner of the 2020 Tata Literature Live! Business Book Award From the bylanes of Kamalia and the rugged landscapes of Quetta in India of the 1940s which later became Pakistan, they escaped to the Partition-ravaged cities of Amritsar, Agra, Delhi and finally settled in Ludhiana with little more than the shirts on their backs. From here, four of the six Munjal brothers built their business, part by part. There was no grand vision of building a world-scale enterprise; their aim was simply to survive and provide for their families. Hero began with trading in and then manufacturing bicycle parts, evolved into bicycles, mopeds, automotive parts, motorcycles and scooters, and today the restructured group also encompasses service businesses and infrastructure.In 1986, thirty years after its inception, Hero Cycles became the largest bicycle maker in the world. In the next fifteen years, the motorcycle venture Hero Honda also became the largest in the world, and both pole positions are held firmly even today. This is an authentic 'Make in

India' story about overcoming many odds: labyrinthine red tape, tepid economic growth and later, global competition. It follows the lives and times of the four Munjal brothers who lived together and scripted a dramatic revolution on two wheels without any formal education or resources. In parallel, it's also the story of how an agrarian economy like India, with limited means of transportation, took wing on the back of this two-wheel revolution.Driven by family values and Indian ethos, yet wholly contemporary and pioneering in their thinking and best practices, Hero firms today are renowned for putting mutually beneficial relationships at the very core of their business philosophy. The book goes deep inside the 'family spirit' that brought employees, customers, channel partners, suppliers and local communities together to create success, welfare and well-being for millions over the past seven decades. A rare story that proves how a principle-driven organization can create exceptional value for society.

The Last Law of Attraction Book You'll Ever Need To Read Simon and Schuster

HOW TO WIN THE LOTTERY WITH THE LAW OF ATTRACTION was written by Law of Attraction lottery winner, teacher and author Eddie Coronado. Based on interviews with actual winners who have used the Law of Attraction to win lottery prizes, this book provides the metaphysical tools and insights that are necessary to win lottery and contest prizes through the creative power of thoughts and feelings. Although this book contains the manifestation techniques of people who have won money, these metaphysical exercises can be used to attract the perfect mate, a new career, financial success, or anything that you can make a part of your beliefs and feelings. There is no limit to how much money and success you can manifest through the Law of Attraction because this immense spiritual power does not have an opinion about what you should or should not have. You can use the Law of Attraction to manifest ten cents or ten million dollars. The determining factor is belief and expectancy, which can be harnessed by using the spiritual tools discussed in this book. THIS BOOK CONTAINS FOUR PARTS: PART 1: This section explores the tools that are used for the manifestation techniques in this book. The tools covered are as follows: Affirmations, Creative Visualization, Expectation, Gratitude, and the Practice of Receiving. You should take the time to carefully read this section even if you are familiar with the Law of Attraction and the power of intention. This section contains a number of insights and explanations that may have been missed by other authors and teachers. For example, the Practice of Receiving is a powerful tool that can help you attract a lot of money, yet many Law of Attraction books do not mention this important exercise. In addition, I have included some helpful information about gratitude and affirmations as it relates to manifesting money. Affirmations of words, thoughts, feelings, and actions are also covered. Finally, the most important element of any manifestation technique is creative visualization, which every Law of Attraction lottery and contest winner has used to win prizes. PART 2: This section includes the manifestation techniques used by the winners who were interviewed for this book. Each winner, including the author, is introduced and his/her manifestation exercise is documented to reflect the exact steps taken to win lottery prizes. No changes have been made in order to preserve the integrity of each winner's method. PART 3: This is a Question and Answer Section that covers the most important questions about the manifestation techniques in this book. The answers have been provided by the lottery winners who were interviewed. This Question and Answer section will provide clarity and direction for those readers who

are committed to using the Law of Attraction to manifest lottery prizes. The questions included in this section cover topics such as: Should I buy lots of tickets? How will I know that my intention will work? How long will it take for me to get results? What part does luck play in manifesting lottery prizes? In addition, a host of other important questions are discussed. PART 4: This section contains helpful tips and suggestions that will explain how to implement the following manifestation techniques and how to make the most of them. It also contains information regarding the common denominators of the winners' daily action plan in order to provide a clear understanding of the mental and emotional habits that are necessary for manifesting lottery prizes with the Law of Attraction.

By Peeking "Behind the Scenes" of How The Laws of Manifestation Operate, You'll Be Able Witness Your Desires Sprout Into Existence! The Laws of Manifestation taught and USED within the book are FAR from fantasy. In fact, you're already using them to manifest everyday...Both consciously, and unconsciously. And if you already know a thing or two about Manifestation, but haven't been able to use it successfully... The author can GUARANTEE you that there are only a few, small tweaks needed for you to be able to "flip the switch" and see your desires start to manifest. These small tweaks, which have the biggest impact, are often the difference between success and failure with Manifestation... And they are hidden within the book for those who are ready to see them. Once You Spot The "Hidden Keys" Within The Book, You'll Be A Master of Manifesting Through Your Imagination And Sense of Feeling. Furthermore, what the author has included within are LAWS. That means they operate under ANY circumstances. But, that means that no matter if your desire is good or bad, just or unjust, these LAWS can be used to manifest it. So, the author asks that if you READ this book, please use these Laws to only manifest desires that are PURE, POSITIVE and GOOD...Or, do NOT READ IT! When The Author First Stumbled Upon These Laws He Was 21 Years Old, Had No Clue He Was Using Them, And Was In Charge Of \$14.4 Million Dollars In Investments. Joseph graduated college in about half the time of everyone else, and shortly after found himself working for the largest privately held investment firm in the world, with his own branch, his own assistant, and in charge of \$14.4 million dollars for his investors. Although... because he wasn't CONSCIOUSLY aware of the Laws he was using to his advantage, he ended up peaking, and started to lose clients left and right. That is until he lost his biggest client, Chris, and decided it was time to quit. BUT, once he started to study ancient Scriptures and Texts, he stumbled upon these Laws of Manifestation and started bending the Universe to work in his favor. And now that he KNOWS what was REALLY going on when he manifested both his rise and fall, he has included that knowledge in "See It, Feel It, Have It" for the people that are ready to see it. He has done this as a way for people to have a lot of the same success he's had in manifesting desires, without most of the failure. If you desire to find the ANSWERS you've been looking for, by reading the book right now you'll find them inside. But, like stated previously, what Joseph teaches within are LAWS. And the nature of a Law is that they operate whether your desires are GOOD or BAD. So, only read this book if you're going to use it to manifest the GOOD and POSITIVE in your life, or please, don't read it at all.
