Books

The hero hunter is near death when the Monster Association attempts to steal him away, unleashing Centichoro in the process. Bang and company face it head-on before Genos boldly enters the fray! -- VIZ Media

The Knife That Killed Me Random House Incorporated

The instant #1 New York Times bestseller! "It's the best memoir I've ever read." —Oprah Winfrey "Will Smith isn't holding back in his bravely inspiring new memoir . . . An ultimately heartwarming read, Will provides a humane glimpse of the man behind the actor, producer and musician, as he bares all his insecurities and trauma." —USA Today Winner of the NAACP Image Award for Outstanding Literary

Achievement One of the most dynamic and globally recognized entertainment forces of our time opens up fully about his life, in a brave and inspiring book that traces his learning curve to a place where outer success, inner happiness, and human connection are aligned. Along the way, Will tells the story in full of one of the most amazing rides through the worlds of music and film that anyone has ever had. Will Smith's transformation from a West Philadelphia kid to one of the biggest rap stars of his era, and then one of the biggest movie stars in Hollywood history, is an epic tale—but it's only half the story. Will Smith thought, with good reason, that he had won at life: not only was his own success unparalleled, his whole family was at the pinnacle of the entertainment

world. Only they didn't see it that way: they felt more like star performers in his circus, a seven-days-a-week job they hadn't signed up for. It turned out Will Smith's education wasn't nearly over. This memoir is the product of a profound journey of self-knowledge, a reckoning with all that your will can get you and all that it can leave behind. Written with the help of Mark Manson, author of the multi-million-copy bestseller *The Subtle Art of Not Giving a F*ck*, Will is the story of how one person mastered his own emotions, written in a way that can help everyone else do the same. Few of us will know the pressure of performing on the world's biggest stages for the highest of stakes, but we can all understand that the fuel that works for one stage of our journey might have to

be changed if we want to make it all the way home. The combination of genuine wisdom of universal value and a life story that is preposterously entertaining, even astonishing, puts Will the book, like its author, in a category by itself.

The Negro Motorist Green Book Quirk Books

Paul Vanderman could be at any normal high school where bullies, girls, and annoying teachers are just part of life. But “normal” doesn’t apply when it comes to the school’s biggest bully, Roth—a twisted and threatening thug with an evil agenda. When Paul ends up delivering a message from Roth to the leader of a gang at a nearby school, it fuels a rivalry with immediate consequences. Paul attempts to distance himself from the feud, but somehow

Roth keeps finding reasons for him to stick around. Then one day Roth hands him a knife. And even though Paul is scared, he has never felt so powerful. Everything I Never Told You Harper Collins

The Man in the High Castle meets Pacific Rim in this action-packed alternate history novel from the award-winning author of United States of Japan and Mecha Samurai Empire. NO ONE SURVIVES AN ALLIANCE WITH THE NAZIS. NOT WITHOUT USE OF FORCE. Seattle, 2019. After a severe injury, ace mecha designer and pilot Reiko Morikawa is recruited to a secret organization plotting a revolt against the corrupt governor (and Nazi sympathizer) of the United States of Japan. When their plan to save the USJ from itself goes

awry, the mission is only saved from failure because the governor is killed by an assassin known as Bloody Mary. But the assassin isn't satisfied with just the governor. Bishop Wakana used to be a cop. Now he's an agent of the Tokko, the secret police. Following the trail of a Nazi scientist, Bishop discovers a web of weapons smuggling, black market mecha parts--and a mysterious assassin. This killer once hunted Nazis but now seems to be targeting the USJ itself. As the leaders of the United States of Japan come to realize the devil's bargain they made in their uneasy alliance with the Nazis, Bishop and Reiko are hot on the trail of Bloody Mary, trying to stop her before it's too late.

Center for Fiction First Novel Prize Finalist Kirkus Reviews' Best Books Gold Nautilus Book Award "[An] expansive and impressive historical fiction debut...Unfolding against a sprawling canvas, an absorbing tale of characters shedding their identities and reinventing themselves, despite being battered by war." - Kirkus Reviews (starred review)

ONE-PUNCH MAN - Box mit Band 6-10 Penguin

"A one-two punch! Half kick in the ass, half cheerleading encouragement."
—Steven Pressfield, author of *The War of Art* If you are happy being just a dreamer, perhaps you don't need this

book. If you're enjoying the status quo, don't even consider reading this book. If you are content waiting for success to find you, please put this book down and go find something else to read. Why has *Poke the Box* become a cult classic?

Because it's a book that dares readers to do something they're afraid of. It could be what you need, too. "Is Seth Godin the Pied Piper for however many of us have been afraid to fail? Will I answer his call? Will you?" —Peter Shermeta, reviewing the original edition of *Poke the Box*

This Is Where It Ends Simon and Schuster

'This is a wonderful book, its different strands weaving around each other and coming together in the most fantastic conclusion. I am so jealous of David Whitehouse's writing.' Adam Kay
Memories make us who we are – but what if yours belonged to someone else? David Whitehouse's *The Long Forgotten* is the story of a missing plane, a rare-flower hunter, and a lonely young man who has begun to remember a past that isn't his. It's the story of a long-buried mystery, a quest that ended in tragedy, and a love that can never be forgotten. 'Powerful, eccentric . . . Whitehouse's writing is energetic and pacey, spiked with startling moments of tenderness and superbly controlled' *The Times*
One-Punch Man Cambridge University Press

At the martial arts tournament, Suiyu of the Dark Body Art shows promise with his outstanding strength. But outside the stadium, a large number of monsters are pushing the heroes, even Genos, to their limits! Inside, unaware, Saitama approaches his match against Bakuzan! - VIZ Media

challenge: the Hermes Cord Race!

Cyber Shogun Revolution VIZ Media LLC

Now a Netflix film starring Sandra Bullock, Trevante Rhodes, John Malkovich, Sarah Paulson, and Rosa Salazar! Written with the narrative tension of *The Road* and the exquisite terror of classic Stephen King, *Bird Box* is a propulsive, edge-of-your-seat horror thriller, set in an apocalyptic near-future world—a masterpiece of suspense from the brilliantly imaginative Josh Malerman. Something is out there . . . Something terrifying that must not be seen. One glimpse and a person is driven to deadly violence. No one knows what it is or where it came from. Five years after it began, a handful of scattered survivors remain, including

Malorie and her two young children.

Living in an abandoned house near the river, she has dreamed of fleeing to a place where they might be safe. Now, that the boy and girl are four, it is time to go. But the journey ahead will be terrifying: twenty miles downriver in a rowboat—blindfolded—with nothing to rely on but her wits and the children’s trained ears. One wrong choice and they will die. And something is following them. But is it man, animal, or monster? Engulfed in darkness, surrounded by sounds both familiar and frightening, Malorie embarks on a harrowing odyssey—a trip that takes her into an unseen world and back into the past, to the companions who once saved her. Under the guidance of the stalwart Tom, a motely group of strangers banded

together against the unseen terror, creating order from the chaos. But when supplies ran low, they were forced to venture outside—and confront the ultimate question: in a world gone mad, who can really be trusted? Interweaving past and present, Josh Malerman's breathtaking debut is a horrific and gripping snapshot of a world unraveled that will have you racing to the final page.

One-Punch Man Penguin

The idea of "The Green Book" is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that

the public doesn't know about and aren't listed. Perhaps you know of some? If so send in their names and addresses and the kind of business, so that we might pass it along to the rest of your fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and new business places are started giving added employment to members of our race.

One-punch Man. #15 Macmillan
Malorie raises the children the only way she can: indoors, with the doors locked, the curtains closed, and mattresses nailed over the windows. The children sleep in the bedroom across the hall, but soon she will have to wake them and

blindfold them. Today they will risk everything. Today they will leave the house. Josh Malerman's *Bird Box* is a terrifying psychological thriller that will haunt you long after reading.

One-Punch Man, Vol. 1 *Spectra*

“A rollicking history of the telephone system and the hackers who exploited its flaws.” —Kirkus Reviews, starred review Before smartphones, back even before the Internet and personal computers, a misfit group of technophiles, blind teenagers, hippies, and outlaws figured out how to hack the world’s largest machine: the telephone system. Starting with Alexander Graham Bell’s revolutionary “harmonic telegraph,” by the middle of the twentieth century the phone system had grown into something extraordinary, a

web of cutting-edge switching machines and human operators that linked together millions of people like never before. But the network had a billion-dollar flaw, and once people discovered it, things would never be the same. *Exploding the Phone* tells this story in full for the first time. It traces the birth of long-distance communication and the telephone, the rise of AT&T’s monopoly, the creation of the sophisticated machines that made it all work, and the discovery of Ma Bell’s Achilles’ heel. Phil Lapsley expertly weaves together the clandestine underground of “phone phreaks” who turned the network into their electronic playground, the mobsters who exploited its flaws to avoid the feds, the explosion of telephone hacking in the counterculture,

and the war between the phreaks, the phone company, and the FBI. The product of extensive original research, Exploding the Phone is a groundbreaking, captivating book that “does for the phone phreaks what Steven Levy’s Hackers did for computer pioneers” (Boing Boing). “An authoritative, jaunty and enjoyable account of their sometimes comical, sometimes impressive and sometimes disquieting misdeeds.” —The Wall Street Journal “Brilliantly researched.” —The Atlantic “A fantastically fun romp through the world of early phone hackers, who sought free long distance, and in the end helped launch the computer era.” —The Seattle Times

Every time a promising villain appears,
Saitama beats the snot out of 'em with
one punch! Can he finally find an
opponent who can go toe-to-toe with him
and give his life some meaning? Or is he
doomed to a life of superpowered
boredom? -- VIZ Media

Near Enemy VIZ Media LLC

The #1 national bestseller, now a major
motion picture, 21—the amazing inside
story about a gambling ring of M.I.T.
students who beat the system in

Vegas—and lived to tell how. Robin Hood
meets the Rat Pack when the best and
the brightest of M.I.T.'s math students
and engineers take up blackjack under
the guidance of an eccentric
mastermind. Their small blackjack club
develops from an experiment in counting
cards on M.I.T.'s campus into a ring of
card savants with a system for playing
large and winning big. In less than two
years they take some of the world's
most sophisticated casinos for more than
three million dollars. But their success
also brings with it the formidable ire of
casino owners and launches them into
the seedy underworld of corporate
Vegas with its private investigators and
other violent heavies.
