Romantic Indians considers the views that Britons, colonists, and North American Indians took of each other during a period in which these people were in a closer and more fateful relationship than ever before or since. It is, therefore, also a book about exploration, empire, and the forms of representation that exploration and empire gave rise to-in particular the form we have come to call Romanticism, in which 'Indians' appear everywhere. It is not too much to say that Romanticism would not have taken the form it did without the complex and ambiguous image of Indians that so intrigued both the writers and their readers. Most of the poets of the Romantic canon wrote about them-not least Southey, Wordsworth, and Coleridge; so did many whom we have only recently brought back to attention-including Bowles, Hemans, and Barbauld. Yet Indians' formative role in the aesthetics and

politics of Romanticism has rarely been considered. Tim Fulford aims to bring that formative role to our attention, to show that the images of native peoples that Romantic writers received from colonial administrators, politicians, explorers, and soldiers helped shape not only these writers' idealizations of 'savages' and tribal life, but also their depictions of nature, religion, and rural society. The romanticization of Indians soon affected the way that real native peoples were treated and described by generations of travellers who had already, before reaching the Canadian forest or the mid-western plains, encountered the literary Indians produced back in Britain. Moreover, in some cases Native Americans, writing in English, turned the romanticization of Indians to their own ends. This book highlights their achievement in doing so- featuring fascinating discussions of several little-known but brilliant Native American writers.

Frankenstein BEYOND BOOKS HUB

This is the Revised 1831 Edition of FRANKENSTEIN; OR, THE MODERN PROMETHEUS, a novel written by the English author Mary Wollstonecraft Shelley about the young science student

Victor Frankenstein, who creates a grotesque but sentient creature in an unorthodox scientific experiment. Shelley started writing the story when she was eighteen, and the novel was published when she was twenty. The first edition was published anonymously in London in 1818. Shelley's name appears on the second edition, published in France in 1823. Shelley had travelled through Europe in 1814, journeying along the river Rhine in Germany with a stop in Gernsheim which is just 17 km away from Frankenstein Castle, where, two centuries before, an alchemist was engaged in experiments. Later, she travelled in the region of Geneva (Switzerland)-where much of the story takes place-and the topic of galvanism and other similar occult ideas were themes of conversation among her companions, particularly her lover and future husband, Percy Shelley. Mary, Percy, Lord Byron, and John Polidori decided to have a competition to see who could write the best horror story. After thinking for days, Shelley dreamt about a scientist who created life and was horrified by what he had made; her dream later evolved into the novel's story. Shelley completed her writing in May 1817, and *Frankenstein; or, The Modern Prometheus* was first published on 11 March 1818 by the small London publishing house of Lackington, Hughes, Harding, Mavor, & Jones. The second edition of *Frankenstein* was published on 11 August 1822 in two volumes (by G. and W. B. Whittaker) following the success of the stage play *Presumption; or, the Fate of Frankenstein* by Richard Brinsley Peake; this edition credited Mary Shelley as the author. On 31 October 1831, the first "popular" edition in one volume appeared, published by Henry Colburn & Richard Bentley. This

edition was heavily revised by Mary Shelley, partially because of pressure to make the story more conservative, and included a new, longer preface by her, presenting a somewhat embellished version of the genesis of the story. This edition tends to be the one most widely read now, although editions containing the original 1818 text are still published. Many scholars prefer the 1818 text, arguing that it preserves the spirit of Shelley's original publication.

Frankenstein Delacorte Press Penguin Readers is an ELT graded reader series. Please note that the eBook edition does NOT include access to the audio edition and digital book. Written for learners of English as a foreign language, each title includes carefully adapted text, new illustrations and language learning exercises. Titles include popular classics, exciting contemporary fiction, and thought-provoking non-fiction, introducing language learners to bestselling authors and compelling content. The eight levels of Penguin Readers follow the Common European Framework of Reference for language learning (CEFR). Exercises at the back of each Reader help language learners to practise grammar, vocabulary, and key exam skills. Before, during and after-reading questions test readers' story comprehension and develop vocabulary. *Frankenstein*, a Level 5 Reader, is B1 in the CEFR framework. The text is made up of sentences with up to four clauses, introducing present perfect continuous, past perfect, reported speech and second conditional. It is well supported by illustrations, which appear regularly. Victor Frankenstein wants to make his own creature from body parts from his laboratory. But, when the creature is finished, Frankenstein is shocked by his

creation and runs away. Lonely and angry, the creature plans to kill his maker and all the people that Frankenstein loves. Visit the Penguin Readers website Register to access online resources including tests, worksheets and answer keys. Exclusively with the print edition, readers can unlock a digital book and audio edition (not available with the eBook).

Your favorite characters are now part of the Who HQ library! One of the most iconic monsters of all time comes to life in our What Is the Story Of? series. From his origins in Mary Shelley's 1818 novel, through his many movie portrayals in the twentieth century, Frankenstein is one of the most recognizable characters in the world. His iconic look is a go-to Halloween costume for kids and adults alike. But how did the mad scientist and his creation become so popular? Author Sheila Keenan explains his spooky origin story, the history of the movies, and what lies ahead for this monstrous creature.

Frankenstein Penguin

"Because I'm teaching an intro-level course in comparative literature, this edition was extremely helpful in showing the variety of critical approaches that they can take toward a single text. The article on radical science also helped me compare Frankenstein to Alasdair Gray's *Poor Things*. I highly recommend this edition of Frankenstein and will use it in the future." -Joshua Beall, Rutgers University

Frankenstein; Or, The Modern Prometheus OUP Oxford

A 2018 New York Times/New York Public Library Best Illustrated Children's Books On the bicentennial of Frankenstein, join Mary Shelley on the night she created

the most frightening monster the world has ever seen. On a stormy night two hundred years ago, a young woman sat in a dark house and dreamed of her life as a writer. She longed to follow the path her own mother, Mary Wollstonecraft, had started down, but young Mary Shelley had yet to be inspired. As the night wore on, Mary grew more anxious. The next day was the deadline that her friend, the poet Lord Byron, had set for writing the best ghost story. After much talk of science and the secrets of life, Mary had gone to bed exhausted and frustrated that nothing she could think of was scary enough. But as she drifted off to sleep, she dreamed of a man that was not a man. He was a monster. This fascinating story gives readers insight into the tale behind one of the world's most celebrated novels and the creation of an indelible figure that is recognizable to readers of all ages. "Eye-catching artwork and engaging storytelling give this biography of a fascinating woman even more appeal."--Booklist

A NEW YORK TIMES BESTSELLER AN NPR BEST BOOK OF THE YEAR A CHICAGO PUBLIC LIBRARY BEST BOOK OF THE YEAR "Inescapably compelling."

—VICTORIA SCHWAB, #1 New York Times bestselling author of *The Invisible Life of Addie Larue* "A masterful and monstrous retelling." —STEPHANIE GARBNER, #1 New York Times and internationally bestselling author of *Caraval* and *Legendary* A stunning and dark reimagining of Frankenstein told from the point-of-view of Elizabeth Lavenza, who is taken in by the Frankenstein family. Elizabeth Lavenza

hasn't had a proper meal in weeks. Her thin arms are covered with bruises from her "caregiver," and she is on the verge of being thrown into the streets . . . until she is brought to the home of Victor Frankenstein, an unsmiling, solitary boy who has everything—except a friend. Victor is her escape from misery. Elizabeth does everything she can to make herself indispensable—and it works. She is taken in by the Frankenstein family and rewarded with a warm bed, delicious food, and dresses of the finest silk. Soon she and Victor are inseparable. But her new life comes at a price. As the years pass, Elizabeth's survival depends on managing Victor's dangerous temper and entertaining his every whim, no matter how depraved. Behind her blue eyes and sweet smile lies the calculating heart of a girl determined to stay alive no matter the cost . . . as the world she knows is consumed by darkness. **Ebook exclusive: the full text of Mary Shelley's FRANKENSTEIN**

Writing the Stage Coach Nation Penguin
The Gothic is wildly diverse. It can refer to ecclesiastical architecture, supernatural fiction, cult horror films, and a distinctive style of rock music. It has influenced political theorists and social reformers, as well as Victorian home décor and contemporary fashion. Nick Groom shows how the Gothic has come to encompass so many meanings by telling the story of the Gothic from the ancient tribe who sacked Rome to the alternative subculture of the present day. This unique Very Short Introduction reveals that the Gothic has predominantly been a way of understanding and responding to the past. Time after time, the Gothic has been invoked in order to reveal what lies behind conventional history. It is a way

of disclosing secrets, whether in the constitutional politics of seventeenth-century England or the racial politics of the United States. While contexts change, the Gothic perpetually regards the past with fascination, both yearning and horrified. It reminds us that neither societies nor individuals can escape the consequences of their actions. The anatomy of the Gothic is richly complex and perversely contradictory, and so the thirteen chapters here range deliberately widely. This is the first time that the entire story of the Gothic has been written as a continuous history: from the historians of late antiquity to the gardens of Georgian England, from the mediaeval cult of the macabre to German Expressionist cinema, from Elizabethan Revenge Tragedy to American consumer society, from folk ballads to vampires, from the past to the present. ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.

FRANKENSTEIN OR, THE MODERN PROMETHEUS Signet

The most celebrated horror story ever written. The dreadful tale of Victor Frankenstein, a visionary young student of natural philosophy, who discovers the secret of life. In the grip of his obsession he constructs and animates a creature from dead body parts - with catastrophic results.

FRANKENSTEIN Or The Modern Prometheus (Uncensored 1818 Edition) Oxford University Press, USA

Shelley's suspenseful and intellectually

rich gothic tale confronts some of the most important and enduring themes in all of literature—the power of human imagination, the potential hubris of science, the gulf between appearance and essence, the effects of human cruelty, the desire for revenge and the need for forgiveness, and much more. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study, and much more.

The Essential Odyssey Liveright Publishing

Two centuries after its original publication, Mary Shelley's classic tale of gothic horror comes to vivid life in "what may very well be the best presentation of the novel" to date (Guillermo del Toro). "Remarkably, a nineteen-year-old, writing her first novel, penned a tale that combines tragedy, morality, social commentary, and a thoughtful examination of the very nature of knowledge," writes best-selling author Leslie S. Klinger in his foreword to *The New Annotated Frankenstein*. Despite its undeniable status as one of the most influential works of fiction ever written, Mary Shelley's novel is often reductively dismissed as the wellspring for tacky monster films or as a cautionary tale about experimental science gone haywire. Now, two centuries after the first publication of *Frankenstein*, Klinger

revives Shelley's gothic masterpiece by reproducing her original text with the most lavishly illustrated and comprehensively annotated edition to date. Featuring over 200 illustrations and nearly 1,000 annotations, this sumptuous volume recaptures Shelley's early nineteenth-century world with historical precision and imaginative breadth, tracing the social and political roots of the author's revolutionary brand of Romanticism. Braiding together decades of scholarship with his own keen insights, Klinger recounts Frankenstein's indelible contributions to the realms of science fiction, feminist theory, and modern intellectual history—not to mention film history and popular culture. The result of Klinger's exhaustive research is a multifaceted portrait of one of Western literature's most divinely gifted prodigies, a young novelist who defied her era's restrictions on female ambitions by independently supporting herself and her children as a writer and editor. Born in a world of men in the midst of a political and an emerging industrial revolution, Shelley crafted a horror story that, beyond its incisive commentary on her own milieu, is widely recognized as the first work of science fiction. The daughter of a pioneering feminist and an Enlightenment philosopher, Shelley lived and wrote at the center of British Romanticism, the "exuberant, young movement" that rebelled against tradition and reason and "with a rebellious scream gave birth to a world of gods and monsters" (del Toro). Following his best-selling *The New Annotated H. P. Lovecraft* and *The New Annotated Sherlock Holmes*, Klinger not only considers Shelley's original 1818 text but, for the first time in any annotated volume, traces the effects of

her significant revisions in the 1823 and 1831 editions. With an afterword by renowned literary scholar Anne K. Mellor, *The New Annotated Frankenstein* celebrates the prescient genius and undying legacy of the world's "first truly modern myth." *The New Annotated Frankenstein* includes: Nearly 1,000 notes that provide information and historical context on every aspect of *Frankenstein* and of Mary Shelley's life. Over 200 illustrations, including original artwork from the 1831 edition and dozens of photographs of real-world locations that appear in the novel. Extensive listings of films and theatrical adaptations. An introduction by Guillermo del Toro and an afterword by Anne K. Mellor.

The Casebook of Victor Frankenstein

Random House

Victor Frankenstein begins his anatomy experiments in a barn near Oxford with corpses provided by the coroner's office, often damaged and putrid. He moves to Limehouse in search of the perfect specimen and one day Thames-side at dawn, Victor sees slung into the stern of an approaching boat the corpse of a handsome young man.

Frankenstein Vertvolta Press

The world's most famous work of horror fiction: a devastating exploration of the limits of human creativity. Nominated as one of America's best-loved novels by PBS's *The Great American Read*, Mary Shelley's timeless gothic novel presents the epic battle between man and monster at its greatest literary pitch. In trying to create life, the young student Victor Frankenstein unleashes forces beyond his control, setting into motion a long and tragic chain of events that brings Victor to the very brink of madness. How he tries to destroy his creation, as it destroys everything Victor

loves, is a powerful story of love, friendship, scientific hubris, and horror. Based on the third edition of 1831, this Penguin Classics edition, with an introduction and notes by Maurice Hindle, contains all the revisions Mary Shelley made to her story, as well as her 1831 introduction and Percy Bysshe Shelley's preface to the first edition. It also includes as appendices a select collation of the texts of 1818 and 1831 together with "A Fragment" by Lord Byron and Dr John Polidori's "The Vampyre: A Tale." For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

Trust Me, I'm Lying OUP Oxford

This generous abridgement of Stanley Lombardo's translation of the "Odyssey" offers more than half of the epic, including all of its best-known episodes and finest poetry, while providing concise summaries for omitted books and passages. Sheila Murnaghan's Introduction, a shortened version of her essay for the unabridged edition, is ideal for readers new to this remarkable tale of the homecoming of Odysseus.

Frankenstein: The 1818 Text Knopf
Mary Shelley began writing *Frankenstein* when she was only eighteen. At once a Gothic thriller, a passionate romance, and a cautionary tale about the dangers of science, *Frankenstein* tells the story of committed science student Victor

Frankenstein. Obsessed with discovering the cause of generation and life and bestowing animation upon lifeless matter, Frankenstein assembles a human being from stolen body parts but; upon bringing it to life, he recoils in horror at the creature's hideousness. Tormented by isolation and loneliness, the once-innocent creature turns to evil and unleashes a campaign of murderous revenge against his creator, Frankenstein. Frankenstein, an instant bestseller and an important ancestor of both the horror and science fiction genres, not only tells a terrifying story, but also raises profound, disturbing questions about the very nature of life and the place of humankind within the cosmos: What does it mean to be human? What responsibilities do we have to each other? How far can we go in tampering with Nature? In our age, filled with news of organ donation genetic engineering, and bio-terrorism, these questions are more relevant than ever.

Brother, I'm Dying Oxford Paperbacks
Vivid, enjoyable and comprehensible, the poet and pre-eminent translator Stephen Mitchell makes the oldest epic poem in the world accessible for the first time. Gilgamesh is a born leader, but in an attempt to control his growing arrogance, the Gods create Enkidu, a wild man, his equal in strength and

courage. Enkidu is trapped by a temple prostitute, civilised through sexual experience and brought to Gilgamesh. They become best friends and battle evil together. After Enkidu's death the distraught Gilgamesh sets out on a journey to find Utnapishtim, the survivor of the Great Flood, made immortal by the Gods to ask him the secret of life and death. Gilgamesh is the first and remains one of the most important works of world literature. Written in ancient Mesopotamia in the second millennium B.C., it predates the Iliad by roughly 1,000 years. Gilgamesh is extraordinarily modern in its emotional power but also provides an insight into the values of an ancient culture and civilisation.

The Classic Horror Stories Oxford University Press

What you create can destroy you. One freezing morning, a lone man wandering across the arctic ice caps is rescued from starvation by a ship's captain. "Victor Frankenstein's" story is one of ambition, murder and revenge. As a young scientist he pushed moral boundaries in order to cross the final scientific frontier and create life. But his creation is a monster stitched together from grave-robbled body parts who has no place in the world, and his life can only lead to tragedy.
