Frankly, We Did Win This Election: The Inside Story of How Trump Lost Simon and Schuster

When the networks called the 2020 presidential election for Joe Biden on Saturday, November 7, 2020, people from coast to coast exhaled--and danced in the streets. This quick-turnaround volume, a collection of 38 personal essays from writers all over the country--"many of America's most thoughtful voices," as Jon Meacham puts it--captures the week Trump was voted out, a unique juncture in American life, and helps point toward a way forward to a nation less divided. An eclectic lineup of contributors--from Rosanna Arquette, Susan Bro and General Wesley Clark to Keith Olbermann, Stewart O'Nan and Anthony Scaramucci--puts a year of transition into perspective, and summons the anxieties and hopes so many have for better times ahead. As award-winning columnist Mary C. Curtis writes in the lead essay, "Saying you're not interested in politics is dangerous because, like it or not, politics is interested in you." Novelist Christopher Buckley, a former speechwriter for Vice President George H.W. Bush, laments, "The Republican Senate, with one exception, has become a stay of ovine, lickspittle quislings, degenerate descendants of such giants as Everett Dirksen, Barry Goldwater, Howard Baker and John McCain." Nero Award-winning mystery novelist Stephen Mack Jones writes, to Donald Trump, "Remember: You live in my house. 1600 Pennsylvania Avenue is my house. My ancestors built it at a cost of blood, soul and labor. I pay my taxes every year to feed you, clothe you and your family and staff and fly you around the country and the world in my tricked-out private jet. If you violate any aspect of your four-year lease--any aspect--Lord Jesus so help me, I will do everything in my power to kick yo narrow ass to the curb." As Publisher Steve Kettmann writes in the Introduction: "The hope is that in putting out these glimpses so quickly, giving them an immediacy unusual in book publishing, we can help in the mourning for all that has been lost, help in the healing (of ourselves and of our country), and help in the pained effort, like moving limbs that have gone numb from inactivity, to give new life to our democracy. We stared into the abyss, tottered on the edge, and a record-setting surge of voting and activism delivered us from the very real threat of plunging into autocracy."

Donald Trump v. The United States Rowman & Littlefield

The Presidential Election of 2020: Donald Trump and the Crisis of Democracy analyzes the election in the context of the Trump presidency, his self-aggrandizing behavior and the threat he posed to the continuation of democracy in America. Trump's behavior leading up to the election and in the transition period that followed, and his and others' continuing efforts to introduce an authoritarian governing system represents the nation's number one challenge.

The Presidential Election of 2020 Center Street

An account of the Trump presidency draws on interviews with firsthand sources, meeting notes, diaries, and confidential documents to provide details about Trump's moves as he faced a global pandemic, economic disaster, and racial unrest.

Language in the Trump Era Hachette UK

From Janvier T. Chando, a political analyst with an eye for the cryptic nature of politics, geopolitics and organizations, we are introduced to this enlightening, uncommon, groundbreaking and fascinating book that gives a surgical presentation of the factors - those that are for public consumption and those kept under wraps - that make the American political landscape so colorful. Looming large in this journey on what makes American politics tick is the figure of the maverick Donald Trump. The unique nature of Agenda 2020: HOW AND WHY DONALD TRUMP IS GOING TO WIN THE 2020 PRESIDENTIAL ELECTION stands out from the opening chapters as the author takes us hand-in-hand on the 45th president of the United States of America's journey to convert the threats on his presidency that just fell apart into opportunities that together with the achievements of his time in office, promises to make his quest for a second term in office as president an easy thing to do. Defying propaganda, staying indifferent to opinions not based on facts, ignoring outright lies, dismissing stereotypes and counting on news and information that are real, Janvier T. Chando employs a historical, political and sociological depth that good books are renowned for, thereby helping readers put on the backburner whatever fierce allegiances they may be having to their political parties, and compelling them to see the developments around them in a rational and factual manner. The author goes further by exposing the correlation between the partisan media, the economy, our quiet identities, our hopes and dreams for ourselves in association with America, and our alignment with the political ideologies, political parties, and the politicians that we secretly do not trust, but that we nonetheless identify with. And from that unique insight, we get a better picture of Donald Trump's path to reelection in 2020.

I Alone Can Fix It South Street Books

'Nick Bryant is brilliant. He has a way of showing you what you've been missing from the whole story whilst never leaving you feeling stupid.' - Emily Maitlis 'Bryant is a genuine rarity, a Brit who understands America' - Washington Post In When America Stopped Being Great, veteran reporter and BBC New York correspondent Nick Bryant reveals how America's decline paved the way for Donald Trump's rise, sowing division and leaving the country vulnerable to its greatest challenge of the modern era. Deftly sifting through almost four decades of American history, from post-Cold War optimism, through the scandal-wracked nineties and into the new millennium, Bryant unpacks the mistakes of past administrations, from Ronald Reagan's 'celebrity presidency' to Barack Obama's failure to adequately address income and racial inequality. He explains how the historical clues, unseen by many (including the media) paved the way for an outsider to take power and a country to slide towards disaster. As Bryant writes, 'rather

than being an aberration, Trump's presidency marked the culmination of so much of what had been going wrong in the United States for decades - economically, racially, politically, culturally, technologically and constitutionally.' A personal elegy for an America lost, unafraid to criticise actors on both sides of the political divide, When America Stopped Being Great takes the long view, combining engaging storytelling with recent history to show how the country moved from the optimism of Reagan's 'Morning in America' to the darkness of Trump's 'American Carnage'. It concludes with some of the most dramatic events in recent memory, in an America torn apart by a bitterly polarised election, racial division, the national catastrophe of the coronavirus and the threat to US democracy evidenced by the storming of Capitol Hill.

Summary of Mollie Hemingway's Rigged Portico

How can you fight an invisible enemy? How can one sieve through multiple narratives without losing perspective? How can one keep emotion at bay and make the right choice while voting? The 2020 US Presidential election is a battle for the soul of the Planet. If the United States falls, history as we know it will change, and we move towards a dark Orwellian or Huxley future. This book Trump: Trust the Plan will give readers an international viewpoint on the importance of the United States, freedom, and why Donald Trump will win 2020. There is a saying, in times of adversity, history finds its person to lead. Donald Trump swept to the presidency in 2016. That time was different. Now he has a record. Will this record be enough for him to win 2020? In 2020 he is surrounded by threats never seen together before. Whether it is the pandemic, economy, far left protests, political spin, smear campaign, or Deep State coup, this confluence of factors will decide the Planet's future. In such an environment, there is a need to deploy death blossom weapon of counter-narratives to speak out the truth. This book attempts to explain why President Trump will be re-elected with a popular mandate. In this book, Clark challenges Professor Lichtman's framework of 13 keys and his prediction for the 2020 elections. The keys are in place, just the synergistic impact between the (True) keys will provide credence to Trump. It will be voting motivation and governance factors that will propel him to victory. As various corporate-driven mainstream media weave their narratives, this fourth estate is being challenged by the fifth estate - us the ordinary people & Q (Q+). All this is a battle for our minds. Suraj Clark Prasad's book is a credible reminder of how narratives are needed to counter threats to liberty and freedom of thought. Written with a tone of wit, sarcasm, facts, and heart, Trump: Trust the Plan is truly an engaging book for now and the future.

Hoax Independently Published

The purpose of this book is to focus on how Donald Trump's cruelty, negligence, corruption, dishonesty, racism, lies and malevolence have combined to put democracy in America into crisis. The majority of the comments in this book have been ripped from the print and social media headlines. This book is not a series of paragraphs citing the Trump presidency. It is instead a series of bulletize comments related to Donald Trump. Its primary purpose is to remind readers where we have been, what has been said and done. Hopefully, it will provide the knowledge we need as we approach the 2020 elections. Publication of this book was not in time for the Nov 2018 mid-term elections. However, it will be published well in advance of 2020. As such, please remember the 2020 election is not so much about Republicans vs Democrats. It is about saving our country of 330 million people from becoming an authoritarian state ruled by a wanna-be dictator/paranoid builder, his dress design daughter, his despot loving son-of-a felon son-in-law.

Grow Up and Vote for Trump Cambridge University Press

'Watch Out Democrats! Why Trump is Heading for Victory in the 2020 Election' provides a detailed and informative analysis of the run-up to the 2020 election. It explains how identity politics has overwhelmed the left, while class is overlooked. As a result, would-be Democrat voters have been pushed to support Trump. Furthermore, it makes the case that the Democrats and the left more broadly have not learned the lessons of the 2016 Election. The book serves as a warning for the left, by setting out the consequences of continuing to ignore blue-collar workers. A great read for anyone who's interested in American politics. Trump Red Biden Blue (Illustrated) Atria/One Signal Publishers

In advance of the 2020 election, legal scholar Lawrence Douglas prepares readers for a less-than-peaceful transition of power. It doesn't require a strong imagination to get a sense of the mayhem Trump will unleash if he loses a closely contested election. It is no less disturbing to imagine Trump still insisting that he is the rightful leader of the nation. With millions of diehard supporters firmly believing that their revered president has been toppled by malignant forces of the Deep State, Trump could remain a force of constitutional chaos for years to come. WILL TRUMP GO? addresses such questions as: How might Trump engineer his refusal to acknowledge electoral defeat? What legal and extra-legal paths could he pursue in mobilizing a challenge to the electoral outcome? What legal, political, institutional, and popular mechanisms can be used to stop him? What would be the fallout of a failure to remove him from office? What would be the fallout of a successful effort to unseat him? Can our democracy snap back from Trump? Trump himself has essentially told the nation he will never accept electoral defeat. A book that prepares us for Trump's refusal to concede, then, is hardly speculative; it is a necessary precaution against a coming crisis.

Watch Out Democrats! Bloomsbury Publishing

NEW YORK TIMES BESTSELLER • A savvy guidebook for beating Trump's tricks, traps, and tweets from a founder of The Lincoln Project, now updated with new material on the historic battle between Trump and Joe Biden—and how the pandemic has changed the race “If you believe America's future depends on Donald Trump's political machine being crushed at the polls next year, then Rick Wilson's *Running Against the Devil* is a must-read.”—Joe Scarborough, MSNBC Donald Trump is exactly the disaster we feared for America. Hated by a majority of Americans, Trump's administration is corrupt, inept, and rocked by daily scandals. In the handling of 2020's coronavirus pandemic, its incompetence has been deadly. Trump can't win in 2020, right? Wrong. As 2016 proved, Trump can't win, but Joe Biden can sure as hell lose. Only one thing can save Trump, and that's a Democratic campaign that runs the race Trump wants Democrats to run instead of the campaign they must run to win in 2020. Wilson combines decades of national political experience and insight in his take-no-prisoners analysis, hammering Trump's destructive and dangerous first term in a case-by-case takedown of the worst president in history and describing the terrifying prospect of four more years of Trump. Like no one else can, Wilson blows the lid off Trump's 2020 political war machine, showing the exact strategies and tactics Republicans will use against Biden, and how the Democrats can avoid the catastrophes waiting for them if they fall into Trump's traps. *Running Against the Devil* is sharply funny, brutally honest, and infused with Wilson's biting commentary. It's a vital indictment of Trump, a no-nonsense, no-holds-barred road map to saving America, and the guide to making Donald Trump a one-term president. The stakes are too high to do anything less.

Donald Trump, a Clear and Current Danger Springer Nature

THE INSTANT NEW YORK TIMES BESTSELLER! Michael C. Bender, senior White House reporter for the Wall Street Journal, presents a deeply reported account of the 2020 presidential campaign that details how Donald J. Trump became the first incumbent in three decades to lose reelection—and the only one whose defeat culminated in a violent insurrection. Beginning with President Trump's first impeachment and ending with his second, *FRANKLY, WE DID WIN THIS ELECTION* chronicles the inside-the-room deliberations between Trump and his campaign team as they opened 2020 with a sleek political operation built to harness a surge of momentum from a bullish economy, a unified Republican Party, and a string of domestic and foreign policy successes—only to watch everything unravel when fortunes suddenly turned. With first-rate sourcing cultivated from five years of covering Trump in the White House and both of his campaigns, Bender brings readers inside the Oval Office, aboard Air Force One, and into the front row of the movement's signature mega-rallies for the story of an epic election-year convergence of COVID, economic collapse, and civil rights upheaval—and an unorthodox president's attempt to battle it all. Fresh interviews with Trump, key campaign advisers, and senior administration officials are paired with an exclusive collection of internal campaign memos, emails, and text messages for scores of never-before-reported details about the campaign. *FRANKLY, WE DID WIN THIS ELECTION* is the inside story of how Trump lost, and the definitive account of his final year in office that draws a straight line from the president's repeated insistence that he would never lose to the deadly storming of the U.S. Capitol that imperiled one of his most loyal lieutenants—his own vice president.

GOTCHA! Random House

A political junkie's guide to the 2020 presidential race Based on original analysis from leading experts on presidential elections, *Making of the Presidential Candidates 2020* describes all of the systematic aspects of the nomination campaign today: party rules, fundraising, media attention, voter coalitions, prospects for female candidates, and more. The contributors carefully consider the nature of modern political parties and the ways that expanded parties affect the dynamics of the campaign. The analysis is current up to the 2016 election, including a thorough examination of the most fascinating candidate of recent times: Donald Trump. The only authoritative book on the all-important nominating process, *Making of the Presidential Candidates 2020* will be valuable for college courses at all levels as well as practitioners and political junkies who want to understand the fundamental forces that shape nomination campaigns in the modern era.

Running Against the Devil Penguin

The instant #1 New York Times bestseller | A Washington Post Notable Book | One of NPR's Best Books of 2021 The definitive behind-the-scenes story of Trump's final year in office, by Phil Rucker and Carol Leonnig, the Pulitzer-Prize winning reporters and authors of *A Very Stable Genius*. “Chilling.” – Anderson Cooper “Jaw-dropping.” – John Berman “Shocking.” – John Heilemann “Explosive.” – Hallie Jackson “Blockbuster new reporting.” – Nicolle Wallace “Bracing new revelations.” – Brian Williams “Bombshell reporting.” – David Muir The true story of what took place in Donald Trump's White House during a disastrous 2020 has never before been told in full. What was really going on around the president, as the government failed to contain the coronavirus and over half a million Americans perished? Who was influencing Trump after he refused to concede an election he had clearly lost and spread lies about election fraud? To answer these questions, Phil Rucker and Carol Leonnig reveal a dysfunctional and bumbling presidency's inner workings in unprecedented, stunning detail. Focused on Trump and the key players around him—the doctors, generals, senior advisers, and Trump family members—Rucker and Leonnig provide a forensic account of the most devastating year in a presidency like no other. Their sources were in the room as time and time again Trump put his personal gain ahead of the good of the country. These witnesses to history tell the story of

him longing to deploy the military to the streets of American cities to crush the protest movement in the wake of the killing of George Floyd, all to bolster his image of strength ahead of the election. These sources saw firsthand his refusal to take the threat of the coronavirus seriously—even to the point of allowing himself and those around him to be infected. This is a story of a nation sabotaged—economically, medically, and politically—by its own leader, culminating with a groundbreaking, minute-by-minute account of exactly what went on in the Capitol building on January 6, as Trump's supporters so easily breached the most sacred halls of American democracy, and how the president reacted. With unparalleled access, Rucker and Leonnig explain and expose exactly who enabled—and who foiled—Trump as he sought desperately to cling to power. A classic and heart-racing work of investigative reporting, this book is destined to be read and studied by citizens and historians alike for decades to come.

Now What? Simon and Schuster

This book adopts a regional approach to understanding 2020 presidential election outcomes, taking into account the tribalism that has come to define contemporary US politics and building a path to 270 Electoral College votes. The authors employ qualitative and quantitative methods to examine electoral outcomes in the Midwest, Southwest, Southeast, and Northeast, enriching contextual understandings of the national results and illuminating nuances in public opinion, voter behavior, and party politics. From this foundation, the book offers a comprehensive assessment of prominent issues in the 2020 campaign, which fundamentally shaped and reshaped the nature of the election. Scholars examine seven key issues, including multiple crises that unfolded during the campaign, to understand how these issues affected public opinion and the 2020 campaign.

Blitz Independently Published

NEW YORK TIMES BESTSELLER • With unparalleled reporting, a Pulitzer Prize-winning New York Times reporter chronicles the clash between a president and the officials of his own government who tried to stop him. “A meticulously reported volume that clearly benefits from the author's extraordinary access . . . [a] startling dissection of the Trump presidency.”—The New York Times Donald Trump v. The United States tells the dramatic, high-stakes story of those who felt compelled to confront and try to contain the most powerful man in the world as he shredded norms and sought to expand his power. Michael S. Schmidt takes readers inside the defining events of the presidency, chronicles them up close, and records the clash between an increasingly emboldened president and those around him, who find themselves trying to thwart the president they had pledged to serve, unsure whether he is acting in the interest of the country, his ego, his family business, or Russia. Through their eyes and ears, we observe an epic struggle. Drawing on secret FBI and White House documents and confidential sources inside federal law enforcement and the West Wing, Donald Trump v. The United States is vital journalism from a Pulitzer Prize-winning reporter that records the shocking reality of a presidency like no other. It is a riveting contemporary history and a lasting account of just how fragile and vulnerable the institutions of American democracy really are.

The Steal Brookings Institution Press

Will the 2020 presidential election be “fair and honest”? More than the republicans (to be fair), the democrat party seems to have pulled out all of their dirty tricks to win or sway the outcome of many election races in 2016 and 2018. Will they do the same for this crucial and pivotal election cycle of 2020? Your private information when “registering” to vote, is being stolen (or can be). Identity theft is ever increasing, and some of that can, and is, being used to register fictitious voters. Bales of “miraculous late (fake) ballots” suddenly appearing after an election result, that overturns the outcome. Using illegal immigrants to register and vote is all too common. And the greatest fear source of voting fraud comes from mail-in ballots. How many stories have been reported that voter roles, that are supposed to be maintained by the state and local authorities, are still voting! Dead people, pets, and people that have relocated, are still voting in many elections. In some states, approved under one of the many 2020 Care Act provisions, canvassers can go house to house collecting your ballots so you don't have to “risk” being around the disease while voting. And truth be told, they are All democrat dirty tricks! Never is there any controversy of a republicans doing these things. It is true, do the research yourself to learn for yourselves. If there is a significant amount of fraud in this critical election cycle, America may be changed forever (and not in a good way). NEWSBREAK: Election Coverage, Tuesday November 3, 2020. “It's midnight now, and nearly all of the votes have been tallied. In a stunning unexpected upset, Joe Biden and Kamala Harris are declared the winners by a sweeping landslide. The electoral vote has shifted back and forth while late and mail-in ballots are counted, edging Biden's tally higher and higher. Even the deep Red states of Texas and Florida turned Biden Blue by late evening. In fact, nearly every state has turned blue, as last-minute counting will likely go on through the night.” The whole lure of American society is the “free and open” election process. No where else on the planet, throughout human history, has any country ever had a system of government whereby the people have the best chance to freely express their voice when choosing who will govern over them. Yet today in America, these rights and liberties we cherish most, are gravely threatened by corrupt politicians, various power brokers, and a variety of groups and organizations. Why? Because there are a good number of powerful people that have no moral compass, and they seek “the lusts of the eyes”, power, riches, and influence. The democrats and the Left tried to use the Corona Virus as a political weapon, but it has backfired. For four years, they have tried to make Donald Trump out to be some type of fascist dictator, a Hitler, yet President Trump has demonstrated the opposite. The president has strengthened individual and constitutional rights, stood for the Rule of Law, protected our borders, and rebuilt our military (to defend our nation). Now if President Trump is reelected, half of the country will cry “foul”. If Biden is elected, half of the country will cite “voter fraud”. The democrats have thousands of lawyers ready to file dissent on and after Election Day, supported by the media. Are there any lawyers ready to do so on the republican side? If the democrats weren't up to their dirty tricks, then why are they preparing to contest the will of the people (again)? This book is an easy to read look at some of the challenges our election process struggles with, especially as it pertains to the 2020 election cycle.

When America Stopped Being Great Milkyway Media

Americans are facing not just a conventional presidential election in 2020 but also, and most important, a referendum on reality and epistemology. Donald Trump is asking us to enter even further into his house of mirrors. He is asking us to live within a lie, to live within his lie, for four more years.

The duty of citizenship in America today is to refuse to live within that lie. Let's stipulate right away that President Donald Trump is losing this race. Set aside the particulars--how suburban voters are migrating toward Joe Biden, and how seniors are rethinking their support too. Consider the basics. Presidents are supposed to keep Americans employed. The jobless rate now stands at 11 percent--more than 3 points higher than when Jimmy Carter lost reelection in 1980 and when George H. W. Bush was defeated in 1992. Presidents are supposed to keep Americans safe. About 140,000 have died from Virus, more than twice the number that perished in the Vietnam War, which doomed Lyndon B. Johnson's reelection chances in 1968. Presidents are supposed to attract voters outside their loyal base. Trump's approval rating stands at 38 percent, according to Gallup; no president since Harry Truman in 1948 has won reelection with a number less than 40 percent. So what--it's over, then? Maybe not. Facing the combined calamities of a pandemic and an economic meltdown, Trump hasn't collapsed. His base never really grows, but neither does it crumple, keeping him competitive. "If Trump could shoot someone on Fifth Avenue and not lose supporters, he could also raise the dead on Fifth Avenue and not gain any supporters" The pointless feuds and rage tweets, the conspiracism and obsessions all seem baked in--none of that seems to surprise the electorate anymore. He could win. The Reality Of The New Vaccine: Hope Is High, But A Vaccine Is Only The Beginning Of The End: <https://www.amazon.com/dp/B08F4M119D> Will He Go? Atlantic Monthly Press
