Cet ouvrage met en
lumière la richesse du
discours
ecclésiologique de

Clément d'Alexandrie (150-215 Ap. J.-C.) ainsi que sa perception de l'identité chrétienne à une époque où celle-ci est encore en construction. This work highlights the richness of the ecclesiological discourse of Clement of Alexandria (150-215 AD) as well as his perception of Christian identity at a time when it is still under construction.

 Au cours des dernières années, nous avons assisté à une véritable recrudescence d'intérêt pour la foi réformée dans les milieux évangéliques francophones. Nous avons pu voir cet intérêt se concrétiser par une approche confessionnelle chez de plus en plus de

chrétiens et d'Églises. L'approche confessionnelle ne consiste pas uniquement à confesser personnellement sa foi par des énoncés doctrinaux, mais à le faire de concert avec l'Église. L'Église n'est pas appelée à réinventer le christianisme à chaque génération, mais à confesser de génération en génération la foi qui a été transmise aux saints une fois pour toutes (Jud 3). Elle se doit de transmettre aux nouveaux croyants cet héritage fondé dans la doctrine biblique. Les confessions de foi et les catéchismes qui s'inscrivent dans l'orthodoxie chrétienne reconnue sont d'excellents outils

pédagogiques pour approfondir et communiquer l'enseignement biblique. Dans ce recueil, nous vous présentons trois documents qui intègrent simultanément la doctrine chrétienne universelle, l'essentiel de la Réforme protestante et les particularités de la foi baptiste. Ces documents sont suffisamment détaillés pour communiquer clairement les articles fondamentaux de la foi chrétienne, sans être exhaustifs ou exagérément pointus dans toutes les précisions théologiques. Sous la direction de: PASCAL DENAULT est pasteur de l'Église réformée baptiste de Saint-Jérôme. Il a obtenu un

baccalauréat et une maîtrise en théologie à la Faculté de théologie évangélique de Montréal (2001-2011). Il est l'auteur des livres Le côté obscur de la vie chrétienne, Solas et Une alliance plus excellente. Table des matières Introduction Confession de foi baptiste de Londres de 1689 Préface Les Écritures saintes Dieu et la Sainte Trinité Le décret de Dieu La création La providence de Dieu La chute de l'homme, le péché et son châtiment L'alliance de Dieu Le Christ médiateur Le libre arbitre L'appel efficace La justification L'adoption La sanctification La foi qui sauve La repentance pour la vie et le salut Les oeuvres bonnes La persévérance des saints L'assurance de

la grâce et du salut La loi de Dieu L'Évangile et l'étendue de sa grâce La liberté chrétienne et la liberté de conscience Le culte religieux et le jour du sabbat Les serments et les vœux légitimes Le gouvernement politique Le mariage L'Église La communion des saints Le baptême et la sainte cène Le baptême La sainte cène L'état des hommes après la mort et la résurrection des morts Le jugement dernier Catéchisme orthodoxe Préface Introduction Première partie: La misère de l'homme Deuxième partie: La délivrance de l'homme I. Le symbole apostolique Dieu le Père et notre création Dieu le Fils et notre rédemption Dieu le Saint-Esprit et notre sanctification II. Les sacrements Le baptême La sainte cène Troisième partie: La reconnaissance I. La loi de Dieu II. La prière Le Symbole de Nicée Le Symbole d'Athanase Petit catéchisme baptiste pour jeunes enfants Notre relation avec Dieu (Q. 1-5) Qui est Dieu ? (Q. 6-16) Qui est l'Homme ? (Q. 17-24) L'alliance des oeuvres (Q. 25-30) Le péché (Q. 31-42) L'alliance de grâce (Q. 43-61) Le salut (Q. 62-72) Les offices de Christ (Q. 73-79) Les dix commandements (Q. 80-112) Le Notre Père (Q. 113-129) Les sacrements (Q. 130-143) Les dernières choses (Q. 144-152) Les Nationaux et les Partis. **Ancient Readings of
Plato's Phaedo** Taylor
& Francis

Unlike the Phaedo
itself, its reception in
Antiquity remains little
studied. By examining
the extant
commentaries, their
sources, and the
dialogue's presence in
the reflections of
ancient thinkers both
inside and outside the
Platonic tradition, this
volume aims to
reconstruct its ancient
history.

Modern science
informs us about the
end of the universe:
"game over" is the
message which lies
ahead of our world.
Christian theology, on
the other hand, sees in
the end not the
cessation of all life, but
rather an invitation to
play again, in God's
presence. Is there a
way to articulate
together such vastly
different claims?
Eschatology is a
theological topic which

merits being considered from several different angles. This book seeks to do this by gathering contributions from esteemed and fresh voices from the fields of biblical exegesis, history, systematic theology, philosophy, and ethics. How can we make sense, today, of Jesus' (and the New Testament's) eschatological message? How did he, his early disciples, and the Christian tradition, envision the "end" of the world? Is there a way for us to articulate together what modern science tells us about the end of the universe with the biblical and Christian claims about God who judges and who will wipe every tear? Eschatology has been at the heart of

Christian theology for 100 years in the West. What should we do with this legacy? Are there ways to move our reflection forward, in our century?

Scholars and other interested readers will find here a wealth of insights.

Fichtes Bildtheorie im Kontext, Teil I

BRILL

"The African Yearbook of International Law" provides an intellectual forum for the systematic analysis and scientific dissection of issues of international law as they apply to Africa, as well as Africa's contribution to the progressive development of international law. It contributes to the promotion, acceptance of and respect for the principles of

international law, as well as to the encouragement of the teaching, study, dissemination and wider appreciation of international law in Africa. A clear articulation of Africa's views on the various aspects of international law based on the present realities of the continent as well as on Africa's civilization, culture, philosophy and history will undoubtedly contribute to a better understanding among nations. "The African Yearbook of International Law" plays an important role in examining the tensions underlying the State in Africa, and by shedding more light on the causes of the fragility of African state institutions so as to facilitate the

identification of appropriate remedies. The tension and interrelationships among issues such as territorial integrity, self determination, ethnic diversity and nation-building are constantly addressed. Development, human rights and democratization in Africa are also subject of continuous attention and examination. *Journal of the Royal Asiatic Society of Great Britain and Ireland* Martinus Nijhoff Publishers The present volume collects contributions which contextualize Fichte's theory of image in various respects, focusing on its relation to pre-modern theories of image, its changing role in the development of

Fichte's thinking and its place within Fichte's foundation of philosophy in the area between theory of truth or validity and ontology. Der vorliegende Band versammelt Beiträge, die Fichtes Bildtheorie in verschiedenen Hinsichten kontextualisieren, wobei ihr Verhältnis zu prä-modernen Bildtheorien, ihre wechselnde Rolle in der Entwicklung von Fichtes Denken und ihre im Spannungsfeld von Wahrheits- bzw. Geltungstheorie und Ontologie angesiedelte Stellung in Fichtes Grundlegung der Philosophie im Mittelpunkt stehen.

Sur le Chemin du Socialisme BRILL

The reprint of Henri Savall's classic Work and People, originally

published in French in 1974, is part of the Research in Management Consulting series effort to look backward as well as forward in examining trends, perspectives, and insights - especially from different countries and cultures - into the world of management consulting. Savall's insights into the complexity of organizational life were groundbreaking, articulating the need to examine both economic and social factors as part of the same analysis, assessing technical and behavioral patterns through the lens of an integrated framework. As he has argued, there is a double-loop interaction between "the quality of

functioning and economic performance,” and underestimating this socio-economic “tension” leads inevitably to reduced performance and losses, which he refers to as “hidden costs.” This approach, referred to as the socio-economic approach to management (SEAM), has significant potential for our thinking about organizational diagnosis and intervention. As Savall emphasizes, the North American tendency to cast people as human “resources” misses the essential point that human beings cannot be considered as simply another resource at the organization’s disposal. People are free to give or withhold their

energy as they desire, depending on the quality of formal and informal contracts and interactions they have with their organizations. As such, the SEAM approach focuses on human “potential,” underscoring the need for managers and their organizations to create the conditions under which people will want to maximize their talents on behalf of the organization. Work and People focuses on the ramifications of this reality, as dysfunctions – the difference between planned and emergent activities and functions – can quickly lead to a series of costs that are “hidden” from an organization’s formal information systems (e.g., income statements, balance

sheets, budgets). As his insightful work underscores, as organizations begin to accumulate dysfunction upon dysfunction, they inadvertently undermine their performance and create excessive operating costs, with lower productivity and less efficiency than they could achieve. As readers will discover, the frameworks, tools and ways of thinking about organizations, people and management in this volume – in essence the background to the socio-economic approach to organizational diagnosis and intervention – continue to hold great promise for our attempts to create truly integrative approaches to

management and organizational improvement efforts.
