## DEVAN CARMELO

---

*The New Western Home*

John Wiley & Sons

"Less is more" is the common denominator of the projects that were carefully selected for this volume presenting contemporary minimalist residential designs from around the world focusing on the essence of life, of purely being, while placing the residents at the center of the work. "Less is More" is one of the most frequently quoted and most influential principles of Ludwig Mies van der Rohe. It demands abstraction, functionality and clarity. The minimalist design approach applies to space and light, rhythm and texture, shape and color. "Less is more" is also the common

denominator of the projects that were carefully selected for this volume. The presented contemporary minimalist residential designs from around the world focus on the essence of life, of purely being, while placing the residents at the center of the work. The synopsis proves that nowadays in particular a focus on the most essential is an important interior design theme that can lead to outstanding results.

Monochrome Home

Harper Collins

This series examines the meeting of lifestyle and interior design. Each volume will concentrate either on ethnic or urban traditions, encompassing places in the world that provide inspiration to today's designers.

**Swedish Country Interiors** Tuttle

Publishing

The presence of absence Ah-the purity of clean lines and the luxury of space! Such are the attractions of minimalist interiors. This homage to minimalism begins with period photos of interiors by designers such as Rietveld, Gropius, van der Rohe, Eileen Grey, Neutra, and Eames-the perfect prelude to images of modern and contemporary interiors inspired by these pioneers, including houses designed by Vincent van Duysen and John Pawson and an interior designed by Tadao Ando and Kenu Kuma.

*Minimalism & Color*

*Designsource* National Geographic Books

The most pleasurable aspects of tropical living combine with a contemporary sensibility to create an entirely new

and exciting book on interior design. Living in a tropical climate, with rich vegetation, wide beaches, and relaxed attitudes has inspired a wide range of creative and appealing interiors and design, often influenced by local crafts and building traditions, climatic considerations, and the desire to maximize indoor-outdoor living. Selecting the best examples from far-flung locations around the tropics—from Brazil to New Zealand, from Florida to Singapore—*Tropical Minimal* demonstrates how exotic surroundings can be enhanced through simple touches and combined with pared-down furnishings. Photographed specially for this volume, examples are presented in six chapters that cover the gamut of tropical-minimal design and architecture—living, dining, bathing, sleeping, and relaxing outdoors. A visual reference section focuses on design details, from wood and terraces to planting and pools. 281 color illustrations.

*London Minimum* Gibbs Smith  
A vibrantly illustrated exploration of the creative, inclusive, and inspiring movement happening in today's

Southern interior design The American South is a place steeped in history and tradition. We think of sweet tea, thick drawls, and even thicker summer air. It is also a place with a fraught history, complicated social norms, and dated perspectives. Yet among the makers and artists of the South, there is a powerful movement afoot. Alyssa Rosenheck shines a much-needed spotlight on a burgeoning community of people who are taking what's beloved, inherent, and honored in the South and making it their own. The *New Southern Style* tours more than 30 homes and includes interviews with the designers, artists, and creative entrepreneurs who are reinventing Southern design and culture. This beautifully illustrated book is sure to inspire the home and soul.

**150 Best Minimalist House Ideas** Gibbs Smith Publishers  
One of the most popular interior design trends, minimalism highlights the essence of a room, stressing clean lines, clutter-free spaces, and a limited color palette. In *150 Best Minimalist House Ideas*, photographs and floor plans of minimalist homes around the world

are featured. The images are of stunning bedrooms, living rooms, dining rooms, kitchens, and bathrooms; and insightful text complements them to reveal the methods used to make the minimalist rooms so eye-catching and desirable. The text includes a wealth of both big-picture and more focused ideas. It covers subjects such as walls (if and when to use them), doors, and partitions; flooring, lighting, furniture, and staircases; and explores color, patterns, materials, and texture. The houses featured in this extraordinary volume were developed by distinguished international designers at the forefront of the minimalist movement. The result is a guide that offers both inspiration and practical, easy-to follow advice for creating maximum beauty using minimal elements.

*The Beauty of Space* Collins Design  
A masterful combination of traditional inspiration with contemporary elegance. The sensibility of interior design firm Nickey Kehoe ranges from minimal to maximal, quiet to baroque, but always seeks to express the ephemeral feeling of a

space. Designers Todd Nickey and Amy Kehoe are fascinated by how a room can come together to express its own persona, as though the design "just happened." Describing themselves as object-obsessed observers, Nickey and Kehoe pay keen attention to their clients' passions, preferences, and beloved pieces, juxtaposing elements and styles in deceptively simple ways. The result is interior design that appears as if it were a personal collection randomly put together, when in fact it is the product of their very mindful curating. Nickey Kehoe's studied but unfussy design is elegant but never staid, proud but humble, full of detail but resplendent with negative space. And then they add a bit of the unexpected--a combination of layered patterns and palettes, different time periods, humorous gestures, clever lighting--any element that keeps their impeccable sense of balance from becoming predictable or formulaic. This collection of residential interiors is for the curious, for lovers of studied but unfussy design, and for those who appreciate being surrounded by beautiful

things with a story to tell.

**Golden Light: The Interior Design of Nickey Kehoe** Braun Publishing AG

This book represents the first anthropological ethnography of Ikea consumption and goes to the heart of understanding the unique and at times frantic popularity of this one iconic transnational store. Based on a year of participant observation in Stockholm's Kungens Kurva store - the largest in the world - this book places the retailer squarely within the realm of the home-building efforts of individuals in Stockholm and to a lesser degree in Dublin. Ikea, the world's largest retailer and one of its most interesting, is the focus of intense popular fascination internationally, yet is rarely subject to in-depth anthropological inquiry. In *Unpacking Ikea*, Garvey explores why Ikea is never 'just a store' for its customers, and questions why it is described in terms of a cultural package, as everyday and classless. Using in-depth interviews with householders over several years, this ethnographic study follows the furniture from the Ikea store outwards to

probe what people actually take home with them.

Inside MNM: Minimalist Interiors Beta-Plus (Acc)

Create the home--and life--you've always wanted with the help of popular blogger and author of *Cozy Minimalist Home* Myquillyn Smith (*The Nester*) as she helps you free yourself to take risks and find beauty in imperfection. Myquillyn Smith is all about embracing reality--especially when it comes to decorating a home bursting with kids, pets, and all the unpredictable messes of life. In *The Nesting Place*, Myquillyn shares the secrets of decorating for real people--and it has nothing to do with creating a flawless look to wow your guests and everything to do with making peace with the natural imperfection and joy of daily living. Drawing on her years of experience creating beauty in her 13 different homes and countless seasons of life, Myquillyn will show you how to think differently about the true purpose of your home, and simply and creatively tailor it to reflect you and your unique style--without breaking the bank. Full of simple steps, practical

advice, and beautiful, full-color photos, *The Nesting Place* gives you the tools you need to: Cultivate a home that works for you and your family Transform your home into a place that's inviting and warm for family and friends Discover your own personal style There is beauty in embracing the lived-in, loved-on, and just-about-used-up aspects of our homes and our daily lives--let Myquillyn show you how. Praise for *The Nesting Place*: "This book made me look at every room in my house differently, with a new lens of creativity and beauty and possibility. It inspired me to reclaim my home as sacred space, ripe with opportunities to celebrate and create memories and moments." --Shauna Niequist, New York Times bestselling author of *Present Over Perfect* and *I Guess I Haven't Learned That Yet* "This highly personal account about embracing imperfection and finding contentment in your home is like sitting down with a good friend and talking about the stuff that really matters. *The Nesting Place* is full of approachable ideas, encouragement, and a whole lot of heart." --Sherry Petersik, home

blogger; bestselling author of *Young House Love*  
*Tropical Minimal*  
 Routledge  
 Step inside Norm Architects' world of 'Soft Minimalism', a design philosophy that is inspired by a love of minimalism and which moves away from the cold sterility it is often associated with. Norm Architects' design ethos and aesthetic approach will be explored through a selection of their own projects and accompanying essays that illuminate their guiding design principles. This book will provide inspiration and insight into the unique design language and philosophy of Norm Architects, who believe that architects are responsible for creating the settings and designing the frameworks that allow people to live good lives.  
**150 Best Tiny Interior Ideas** Gibbs Smith  
 Minimalism in interior design goes beyond plain white surfaces to incorporate aspects like textural subtlety and color accents. This book reminds us that the introduction of color accents within a world of whiteness recalls the fact that white light is the origin of the whole spectrum of colors.

Origins of minimalism in the Modern Movement, and other styles are covered, along with decorative criteria on color combinations to present harmonious spaces.--From publisher description.  
*Unpacking IKEA* Harper Collins  
 Another wonderful addition to the DesignSource series, this volume focuses on modern interior design and will help you create your modern dream home! Modern Interior DesignSource presents cutting-edge ideas from around the world for a wide range of twenty-first-century residences. Experimenting with color, texture, arrangement, materials, and finishes, there are myriad ways to personalize your home. Whether your home is urban or rural, large or small, this book showcases thousands of design solutions that can be applied to each room of the house.  
**Interior Design Presentations** Rockport Publishers  
 Eliminate the clutter, knickknacks, and overdecorating -- the minimal look is in. This volume features sleek interiors from top designers that will provide

inspiration for the minimal look in any room or space.

**Minimal Interiors** Page One Publishing Private From Art Nouveau to modern minimalism One cannot visit Brussels without being struck by its impressive architecture, from the ornate traditional buildings on the Grand Place to the plethora of Art Nouveau townhouses scattered through *Residential Interior Design* Harper Collins The New Western Home proves that environmentally responsible and regionally appropriate choices can encompass cutting-edge designs and materials and that high end doesn't have to mean overbuilt. *Minimalism and Color* DesignSource Abrams Cincinnati Magazine taps into the DNA of the city, exploring shopping, dining, living, and culture and giving readers a ringside seat on the issues shaping the region. *Minimal* Zondervan Decorating in black and white is perennially popular and eternally chic. Hilary Robertson demonstrates how, whether used alone or together, these contrasting shades can create dramatic effects at

home, from the classic to the eclectic.

**Modern Interiors DesignSource** Nippan Ips Draws examples from international homes to highlight an updated minimalism of interior design that leaves more room to express the personality and hobbies of a homeowner. *Luxury Minimal* Current Practices S All the projects, plans and designs included in this book have one thing in common: a search for the essential while using the minimum of gestures. The examples included in this interesting volume make use of formal simplicity to create spaces which are functional and perceptively suggestive. This volume is a journey through the most recent international examples of minimalist architecture and decoration. *Minimalist Spaces* is divided into three chapters; residential interiors, offices & public buildings and commercial spaces.

**Inside MNM** HarperCollins A Room-by-room guide to home interior design More than a decorating guide, *Residential Interior Design* teaches the fundamental

skills needed to plan interior spaces for all types of homes, in all decorative styles, from remodeling to new construction. Taking a step-by-step approach, this valuable primer reviews all aspects of interior architecture as it relates to human factors and daily use. Authors and interior designers Maureen Mitton and Courtney Nystuen explore the minimal amount of space necessary in order for rooms to function usefully, from the kitchen to the bathroom, the bedroom to the hallway, and every room in between. Packed with hundreds of drawings and photographs, this valuable tool is brimming with useful information regarding codes, mechanical and electrical systems, the Americans with Disabilities Act, accessibility codes, special considerations for multi-family dwellings, and a variety of additional factors that impact each type of room and its corresponding space. With a focus on quality of design over quantity of space, *Residential Interior Design* is the first step to designing equally efficient and attractive rooms.
