We've all been there-angry with ourselves for overeating, for our lack of willpower, for failing at yet another diet that was supposed to be the last one. But the problem is not you, it's that dieting, with its emphasis on rules and regulations, has stopped you from listening to your body. Written by two prominent nutritionists, Intuitive Eating focuses on nurturing your body rather than starving it, encourages natural weight loss, and helps you find the weight you were meant to be. Learn: *How to reject diet mentality forever *How our three Eating Personalities define our eating difficulties *How to feel your feelings without using food *How to honor hunger and feel fullness *How to follow the ten principles of Intuitive Eating, step-by-step *How to achieve a new and safe relationship with food and, ultimately, your body With much more compassionate, thoughtful advice on satisfying, healthy living, this newly revised edition also includes a chapter on how the Intuitive Eating philosophy can be a safe and effective model on the path to recovery from an eating disorder.

Recovering addicts are faced with many challenges, and these challenges can often extend to their romantic partners. During the recovery period, couples often struggle with overcoming feelings of betrayal and frustration, and may have a hard time rebuilding trust and closeness. While there are many resources available to recovering addicts, there are limited resources for the people who love them. In Loving Someone in Recovery, therapist Beverly Berg offers powerful tools for the partners of recovering addicts. Based in mindfulness, attachment theory, and neurobiology, this book will help readers sustain emotional stability in their relationships, increase effective communication, establish boundaries, and take real steps toward reigniting intimacy. The material in this book is drawn from the author's successful Conscious Couples Recovery Workshop. With more than 25 years in the field, she has developed a unique set of exercises that address the issues faced by couples in recovery. This book addresses the roles that both partners play in recovery, and aims to help readers develop a new appreciation for one another and improve self-confidence and acceptance. The road to recovery is never an easy one, but by building a strong support system, the chances of success are exponentially greater. For more information on Berg's work, visit consciouscouplesrecovery.com *Cancer Hacks* New Harbinger Publications Captivating retelling of the nativity story. "Sue Blauner's you-are-there account . . . offers insight and understanding to anyone who has been touched by suicide."—Joan Anderson, author of A Year by the Sea An epidemic of international proportions, suicide has touched the lives of nearly half of all Americans, yet is rarely talked about openly. In this timely and important book, Susan Blauner breaks the silence to offer guidance and hope for those contemplating ending their lives—and for the loved ones who want to help them. A survivor of multiple suicide attempts, Blauner eloquently describes the feelings and fantasies surrounding suicide. In a direct, nonjudgmental, and loving voice, she offers affirmations and suggestions for those experiencing life-ending thoughts, and for their friends and family. Here is an essential resource destined to be the classic guide on the subject.

The Book of Sacred Names Elisha Goodman

Acoustic Properties: Radio, Narrative, and the New Neighborhood of the Americas discovers the prehistory of wireless culture. It examines both the coevolution of radio and the novel in Argentina, Cuba, and the United States from the early 1930s to the late 1960s, and the various populist political climates in which the emerging medium of radio became the chosen means to produce the voice of the people. Based on original archival research in Buenos Aires, Havana, Paris, and the United States, the book develops a literary media theory that understands sound as a transmedial phenomenon and radio as a transnational medium. Analyzing the construction of new social and political relations in the wake of the United States' 1930s Good Neighbor Policy, Acoustic Properties challenges standard narratives of hemispheric influence through new readings of Richard Wright's cinematic work in Argentina, Severo Sarduy's radio plays in France, and novels by John Dos Passos, Manuel Puig, Raymond Chandler, and Carson McCullers. Alongside these writers, the book also explores Che Guevara and Fidel Castro's Radio Rebelde, FDR's fireside chats, Félix Caignet's invention of the radionovela in Cuba, Evita Perón's populist melodramas in Argentina, Orson Welles's experimental New Deal radio, Cuban and U.S. "radio wars," and the 1960s African American activist Robert F. Williams's proto-black power Radio Free Dixie. From the doldrums of the Great Depression to the tumult of the Cuban Revolution, Acoustic Properties illuminates how novelists in the radio age converted writing into a practice of listening, transforming realism as

they struggled to channel and shape popular power.

Power Must Change Hands - Prayer Points 1995-2010 St. Martin's Griffin

The second in a projected four-volume series that will cover the history of the Army Medical Department from 1775 to 1941, this volume traces the development of the department from its establishment on a permanent basis in 1818 through the final days of the Civil War in 1865. The uninterrupted existence of the Medical Department after 1818 made possible the gradual transformation of its staff from a collection of physicians of varying skills and attitudes into a group of highly trained and disciplined medical officers, proud of their organization and of their roles in it. Although the state of the art of medicine before 1865 gave the military surgeon few effective

weapons against stillness and infection, after 1818, as this most recent volume in the series demonstrates, the length of the military career of the average medical officer and his professional attitude toward the challenges he met led him to concentrate his efforts on the Army's health problems and to work persistently to improvise ways in which to meet them. The Army Medical Department, 1818-1865 is, like its predecessor, a significant and long-needed contribution to the history of military medicine.

Widely acknowledged as a contemporary classic that has introduced thousands of readers to American literature, *From Puritanism to Postmodernism: A History of American Literature* brilliantly charts the fascinating story of American literature from the Puritan legacy to the advent of postmodernism. From realism and romanticism to modernism and postmodernism it examines and reflects on the work of a rich panoply of writers, including Poe, Melville, Fitzgerald, Pound, Wallace Stevens, Gwendolyn Brooks and Thomas Pynchon. Characterised throughout by a vibrant and engaging style it is a superb introduction to American literature, placing it thoughtfully in its rich social, ideological and historical context. A tour de force of both literary and historical writing, this Routledge Classics edition includes a new preface by co-author Richard Ruland, a new foreword by Linda Wagner-Martin and a fascinating interview with Richard Ruland, in which he reflects on the nature of American fiction and his collaboration with Malcolm Bradbury. It is published here for the first time.
