Chambers's Encyclopædia Macmillan International Higher Education

- This book is printed in a 16 pt. large font for easier reading. The History of the Church of Jesus Christ of Latter-day Saints is also the history of the opening and progress of the Dispensation of the fullness of Times; and as that dispensation bears an important relation to all dispensations which have preceded it, let us here ascertain in what that relation consists. By doing so we shall have a better appreciation of the full import of those events which make up the history of the Church. In publishing the History of the Church of Jesus Christ of Latter-day Saints, it is felt that a solemn duty is being performed to the Saints and to the world. The events which make up the history of the Church in this age are the most important that history can chronicle. It is due therefore both to the Saints themselves and to the world that a faithful and complete history of the facts in which the Church of Jesus Christ of Latter-day Saints had its origin, together with the events through which it was subsequently developed, and all the circumstances, experiences and trials through which it passed be made known to mankind. Elder B. H. Roberts consulted diaries, printed sources, and remembrances of Church members to prepare a history of the Church that centered mainly on the life of Joseph Smith. Before it was published, Elder Anthon H. Lund and President Joseph F. Smith read and approved the work. The resulting seven volumes, over forty-five hundred pages, known as the History of the Church has since become a great resource to Church members and historians alike.

Pastoral Letter of the Archbishops and Bishops of the United States Assembled in Conference at the Catholic University of America, September, 1919 What I Wish I Would Have Learned About LDS Church History

The first paperback edition of the classic biography of the founder of the Mormon church, this book attempts to answer the questions that continue to surround Joseph Smith. Was he a genuine prophet, or a gifted fabulist who became enthralled by the products of his imagination and ended up being martyred for them? 24 pages of photos. Map.

Simon and Schuster

This introductory text, the first of its kind, explores the central relationship between the kings of England and their bishops, from the Norman Conquest to the Magna Carta. Wickson provides an approachable overview of the scholarship on this key subject, making this an ideal starting-point for anyone who is studying high medieval England.

Since its first publication in 1859, few works of political philosophy have provoked such continuous controversy as John Stuart Mill's *On Liberty*, a passionate argument on behalf of freedom of self-expression. This classic work is now available in this volume which also includes essays by scholars in a range of fields. The text begins with a biographical essay by David Bromwich and an interpretative essay by George Kateb. Then Jean Bethke Elshtain, Owen Fiss, Judge Richard A. Posner and Jeremy Waldron present commentaries on the pertinence of Mill's thinking to early 21st century debates. They discuss, for example, the uses of authority and tradition, the shifting legal boundaries of free speech and free action, the relation of personal liberty to market individualism, and the tension between the right to live as one pleases and the right to criticize anyone's way of life.

Kings and Bishops in Medieval England, 1066-1216 Yale University Press

Taking a woman-centered approach, *Mixed Blessings* analyzes the effect of religious fundamentalism on gender roles in a variety of religions and nations. It explains how some women

benefit from fundamentalism, gaining economic power and autonomy, and portrays how others maneuver within its restrictions. The scope of the book is broad, ranging from Christian groups in North and South America, Islamic groups in the Middle East and China, Jews in Israel, Hindus in India, and Buddhists in Sri Lanka. The detailed descriptions of women's lives illustrate the complexity of the intersection of gender and fundamentalism. The impact of fundamentalism for some women has been beneficial and has led to greater economic power and autonomy. In other areas women must maneuver within the constraints of fundamentalism to gain power and autonomy.

[The Life of Joseph Smith, the Mormon Prophet](#) Vintage
2007 Best Book Award, John Whitmer Historical Association Under
the subject of alternative lifestyles, the issue of polygamous
relationships falls squarely in the middle of the debate.

Polygamous marriages are a common practice in many other
countries, but the United States has vehemently opposed such
unions and will no doubt find itself disputing its position on them
again in the near future. As with the same-sex marriage issue, a
firestorm of controversy surrounds the question since the right to
participate in a polygamous union is very much tied to the right
to live out one's preferences, religious or not. Detailed accounts
of sexual abuse and child brides are frequently leaked from the
various polygamous societies, notwithstanding their extreme
efforts to remain under the radar of law enforcement and the

press. A by-product of these mysterious societies is that public
interest is vitalized by their continuous efforts to gain
independence from traditionalist culture. This fascinating study
seeks to trace the historical tapestry that is early Mormon
polygamy, details the official discontinuation of the practice by
the Church, and, for the first time, describes the many zeal-
driven organizations that arose in the wake of that decision.
Among the polygamous groups discussed are the LeBaronites,
whose "blood atonement" killings sent fear throughout Mormon
communities in the late seventies and the eighties; the FLDS
Church, which made news recently over its construction of a
compound and temple in Texas and Warren Jeffs' arrest and
conviction; and the Allred and Kingston groups, two major
factions with substantial membership statistics both in and out of
the United States. All these fascinating histories, along with those
of the smaller independent groups, are examined and explained
in a way that all can appreciate.
