*Deutsche Nationalbibliografie* Farrar, Straus and Giroux

"The purpose of this document is to provide information and guidance to curriculum developers and policy makers on how education for sustainability may be effectively incorporated into curriculum. It achieves this through a framework that describes what students may need to learn to live sustainably, and considers the most appropriate times and environments in which these learnings should occur."--P. 5.

*Das ÖTV Magazin* Other Press, LLC

From the bestselling authors of *How to be Parisian*—"a book to read late at night in one go and then buy for your girlfriends" (*Vogue UK*) about what smart, savvy, fabulous women think, feel, and advise about growing older. Older, but Better, but Older has the playful wit, self deprecation and worldly advice we have come to expect from these bestselling authors, but now that advice is focused on the French woman's mindset as she hurtles towards forty. Caroline de Maigret and Sophie Mas are back to amuse you with how they find they are modifying their favorite bad-girl behavior as they address beauty, love, seduction as well as lifestyle, family, work, and living alone. They are still bohemian iconoclasts saying what you don't expect to hear. They will tell you things aren't what they used to be--when a thirty-year-old guy arrives at a party and does not even glance at you; when you wake up feeling great and everyone tells you how tired you look; you know you're an adult when you're excited just to go home. Neuroses vs. confidence, resistance vs. acceptance, passion vs. serenity, de Maigret and Mas through spirited short stories capture the different stages of ageing--as nostalgic but modern

Parisian women. From the privately absurd to the strangely universal, this book captures moments of everyday life that will make the reader nod, cringe, and laugh out loud.

**Using Docker** UNESCO Publishing

This is a guide book for those totally new to the art of tying flies. Until now, learning flytying from a book has not only been challenging, but often the cause of great frustration, with photographs or diagrams making even the elementary techniques difficult to grasp. Step-by-step images help a reasonably proficient flytyer understand the stages in making a fly, but for the new beginner, there will always be a gap between each step-by-step image, which can be bewildering. Seeing the manual maneuvers that take place in these pages can make the different between success and failure for a beginner. The techniques you will learn in this book are the building blocks for which all successful fishing flies, even the most complex ones, are based. *Führungsstark in Kindertageseinrichtungen* Routledge

Copy sheets to accompany the book can be downloaded and printed from the SAGE website:

Docker containers offer simpler, faster, and more robust methods for developing, distributing, and running software than previously available. With this hands-on guide, you'll learn why containers are so important, what you'll gain by adopting Docker, and how to make it part of your development process. Ideal for developers, operations engineers, and system administrators—especially those keen to embrace a DevOps approach—Using Docker will take you from Docker and container basics to running dozens of containers on a multi-host system with networking and scheduling. The core of the book walks you through the steps needed to develop, test, and deploy a web application with

Docker. Get started with Docker by building and deploying a simple web application Use Continuous Deployment techniques to push your application to production multiple times a day Learn various options and techniques for logging and monitoring multiple containers Examine networking and service discovery: how do containers find each other and how do you connect them? Orchestrate and cluster containers to address load-balancing, scaling, failover, and scheduling Secure your system by following the principles of defense-in-depth and least privilege

**Back to Blood** IT Revolution

Videogames! Aren't they the medium of the twenty-first century? The new cinema? The apotheosis of art and entertainment, the realization of Wagnerian gesamtkunstwerk? The final victory of interaction over passivity? No, probably not. Games are part art and part appliance, part tableau and part toaster. In *How to Talk about Videogames*, leading critic Ian Bogost explores this paradox more thoroughly than any other author to date. Delving into popular, familiar games like Flappy Bird, Mirror's Edge, Mario Kart, Scribblenauts, Ms. Pac-Man, FarmVille, Candy Crush Saga, Bully, Medal of Honor, Madden NFL, and more, Bogost posits that videogames are as much like appliances as they are like art and media. We don't watch or read games like we do films and novels and paintings, nor do we perform them like we might dance or play football or Frisbee. Rather, we do something in-between with games. Games are devices we operate, so game critique is both serious cultural currency and self-parody. It is about figuring out what it means that a game works the way it does and then treating the way it works as if it were reasonable, when we know it isn't. Noting that the term games criticism once struck him as preposterous, Bogost observes that the idea, taken too seriously, risks balkanizing games writing from the rest of culture, severing it from the "rivers and fields" that sustain it. As essential as it is,

he calls for its pursuit to unfold in this spirit: "God save us from a future of games critics, gnawing on scraps like the zombies that fester in our objects of study."

**Flytying for Beginners** John Wiley & Sons

From four stunning and accomplished French women—a charming bestseller about how to slip into your inner cool and be a Parisienne. In short, frisky sections, these Parisian women give you their very original views on style, beauty, culture, attitude and men. The authors—Anne Berest, Audrey Diwan, Caroline de Maigret, and Sophie Mas—unmarried but attached, with children—have been friends for years. Talented bohemian iconoclasts with careers in the worlds of music, film, fashion and publishing, they are untypically frank and outspoken as they debunk the myths about what it means to be a French woman today. Letting you in on their secrets and flaws, they also make fun of their complicated, often contradictory feelings and behavior. They admit to being snobs, a bit self-centered, unpredictable but not unreliable. Bossy and opinionated, they are also tender and romantic. You will be taken on a first date, to a party, to some favorite haunts in Paris, to the countryside, and to one of their dinners at home with recipes even you could do -- but to be out with them is to be in for some mischief and surprises. They will tell you how to be mysterious and sensual, look natural, make your boyfriend jealous, and how they feel about children, weddings and going to the gym. And they will share their address book in Paris for where to go: At the End of the Night, for A Birthday, for a Smart Date, A Hangover, for Vintage Finds and much more.

**Love Yourself And It Doesn't Matter Who You Marry**

Macmillan

A compelling crime thriller from acclaimed Swedish script-writers Cilla & Rolf Borjlind. Olivia Ronning hopes to follow in her detective father's footsteps when she completes her police training; she has only one last hurdle to overcome over the summer break, a challenge from her professor to pick a cold case and solve it. Should be simple, she thinks. Little does she know the danger she faces and the ugly truths she risks uncovering.

**Reinventing Organizations** SAGE Publications

This anthology examines paratexts that gaming cultures have produced as well as the way in which paratexts influence the development of games. How is knowledge about games

generated and shaped today and how do boundaries between (popular) criticism, journalism, and scholarship have started to blur?

**Das Schweizer Buch** Hachette Books

The Bonfire of the Vanities defined an era--and established Tom Wolfe as our prime fictional chronicler of America at its most outrageous and alive. With *A Man in Full*, the time the setting is Atlanta, Georgia--a racially mixed late-century boomtown full of fresh wealth, avid speculators, and worldly-wise politicians. Big men. Big money. Big games. Big libidos. Big trouble. The protagonist is Charles Croker, once a college football star, now a late-middle-aged Atlanta real-estate entrepreneur turned conglomerate king, whose expansionist ambitions and outsize ego have at last hit up against reality. Charlie has a 28,000-acre quail-shooting plantation, a young and demanding second wife--and a half-empty office tower with a staggering load of debt. When star running back Fareek Fanon--the pride of one of Atlanta's grimmest slums--is accused of raping an Atlanta blueblood's daughter, the city's delicate racial balance is shattered overnight. Networks of illegal Asian immigrants crisscrossing the continent, daily life behind bars, shady real-estate syndicates, cast-off first wives of the corporate elite, the racially charged politics of college sports--Wolfe shows us the disparate worlds of contemporary America with all the verve, wit, and insight that have made him our most phenomenal, most admired contemporary novelist. A

*Man in Full* is a 1998 National Book Award Finalist for Fiction.

**The Last Lecture** "O'Reilly Media, Inc."

*Business Model Generation* is a handbook for visionaries, game changers, and challengers striving to defy outmoded business models and design tomorrow's enterprises. If your organization needs to adapt to harsh new realities, but you don't yet have a strategy that will get you out in front of your competitors, you need *Business Model Generation*. Co-created by 470 "Business Model Canvas" practitioners from 45 countries, the book features a beautiful, highly visual, 4-color design that takes powerful strategic ideas and tools, and makes them easy to implement in your organization. It explains the most common Business Model patterns, based on concepts from leading business thinkers, and helps you reinterpret them for your own context. You will learn how to systematically understand, design, and implement a game-changing business model--or analyze and renovate an old one. Along the way, you'll understand at a much deeper level your customers, distribution channels, partners, revenue streams, costs, and your core value proposition. *Business Model Generation* features practical innovation techniques used today by leading consultants and companies worldwide, including 3M, Ericsson, Capgemini, Deloitte, and others. Designed for doers, it is for those ready to abandon outmoded thinking and embrace new models of value creation: for executives, consultants, entrepreneurs, and leaders of all organizations. If you're ready to change the rules, you belong to "the business model generation!"

The German Crocodile Springer-Verlag

Only yesterday boys and girls spoke of embracing and kissing (necking) as getting to first base. Second base was deep kissing, plus groping and fondling this and that. Third base was oral sex. Home plate was going all the way. That was yesterday. Here in the Year 2000 we can forget about necking. Today's girls and boys have never heard of anything that dainty. Today first base is deep kissing, now known as tonsil hockey, plus groping and fondling this and that. Second base is oral sex. Third base is going all the way. Home plate is being introduced by name. And how rarely our hooked-up boys and girls are introduced by name!--as Tom Wolfe has discovered from a survey of girls' File-o-Fax diaries, to cite but one of *Hooking Up's* displays of his famed reporting prowess. Wolfe ranges from coast to coast chronicling everything from the sexual manners and mores of teenagers... to

fundamental changes in the way human beings now regard themselves thanks to the hot new field of genetics and neuroscience. . . to the inner workings of television's magazine-show sting operations. Printed here in its entirety is "Ambush at Fort Bragg," a novella about sting TV in which Wolfe prefigured with eerie accuracy three cases of scandal and betrayal that would soon explode in the press. A second piece of fiction, "U. R. Here," the story of a New York artist who triumphs precisely because of his total lack of talent, gives us a case history preparing us for Wolfe's forecast ("My Three Stooges," "The Invisible Artist") of radical changes about to sweep the arts in America. As an espresso after so much full-bodied twenty-first-century fare, we get a trip to Memory Mall. Reprinted here for the first time are Wolfe's two articles about The New Yorker magazine and its editor, William Shawn, which ignited one of the great firestorms of twentieth-century journalism. Wolfe's afterword about it all is in itself a delicious draught of an intoxicating era, the Twistin' Sixties. In sum, here is Tom Wolfe at the height of his powers as reporter, novelist, sociologist, memoirist, and-to paraphrase what Balzac called himself-the very secretary of American society in the 21st century.

DK Eyewitness Travel Guide Sardinia Little, Brown

The maestro storyteller and reporter provocatively argues that what we think we know about speech and human evolution is wrong. Tom Wolfe, whose legend began in journalism, takes us on an eye-opening journey that is sure to arouse widespread debate. The Kingdom of Speech is a captivating, paradigm-shifting argument that speech -- not evolution -- is responsible for humanity's complex societies and achievements. From Alfred Russel Wallace, the Englishman who beat Darwin to the theory of natural selection but later renounced it, and through the controversial work of modern-day anthropologist Daniel Everett, who defies the current wisdom that language is hard-wired in humans, Wolfe examines the solemn, long-faced, laugh-out-loud zig-zags of Darwinism, old and Neo, and finds it irrelevant here in the Kingdom of Speech.

The Bane Chronicles Doubleday

The RIA-Novosti press agency - now known as Sputnik in the West - has one of the best archives of Soviet Second World War photographs and for this remarkable book Alexander Hill has made a superb selection of them. These striking images record vividly, as only photographs can, the brutal conflict on the Eastern Front and the extraordinary experience of the soldiers and civilians who were caught up in it. Every aspect of the struggle is depicted - the fighting on the front lines and behind the lines, aerial combat and naval warfare, the ordeal of living under German occupation, the war industries and Lend-Lease and the massive sacrifices made at every level of Soviet society to defeat the Germans. The photographs and captions take the reader through the entire course of the war, from the Nazi-Soviet Pact and Soviet expansion into Poland, Finland and the Baltic Republics, through Operation Barbarossa and the German advances of 1941 and 1942, to the momentous battles at Stalingrad and Kursk and the sequence of massive offensives mounted by the Red Army that drove the Wehrmacht back to Berlin. The landscapes over which the armies moved, and the shattered towns and cities they left behind, are recorded as are individuals whose faces were captured by the camera during this devastating conflict over seventy years ago.

Verzeichnis lieferbarer Bücher Simon and Schuster

Sport, Recovery and Performance is a unique multi-disciplinary collection which examines both the psychological and physiological dimensions to recovery from sport. Including contributions from medicine, neuroscience, psychology and sport science, the book expertly explores the implications for applied and strategic interventions to both retain and stabilize performance, and promote health and well-being. Including chapters written by its leading experts, the book represents an important milestone in this evolving field of study. It covers issues around measuring recovery, the impact of overtraining on sleep and mental health, and addresses topics such as the impact of travel on performance. The book informs not only how managing recovery can improve performance, but also offers insights in how recovery can sustain athletes' physical and mental health. Citing

research from a range of individual and team sports, as well as extreme situations and the workplace, this is an important book that will be widely read across the sport sciences.

**Hooking Up** Dorling Kindersley Ltd

At Dupont University, an innocent college freshman named Charlotte Simmons learns that her intellect alone will not help her survive.

*Older, but Better, but Older* Farrar, Straus and Giroux

In contrast to the jargon-filled manuals that come with most digital cameras, The Beginner's Photography Guide presents step-by-step digital slr camera basics, while introducing and demonstrating a wide variety of techniques that will inspire the novice digital photographer. Grouped together by themes-color, composition, natural light, framing, and more-each camera technique is broken down into an easy-to-follow step-by-step sequence, and features annotated photographs and suggestions on getting the best from digital slr cameras and taking eye-catching photos.

The Beginner's Photography Guide U of Minnesota Press

A big, panoramic story of the new America, as told by our master chronicler of the way we live now. As a police launch speeds across Miami's Biscayne Bay-with officer Nestor Camacho on board-Tom Wolfe is off and running. Into the feverous landscape of the city, he introduces the Cuban mayor, the black police chief, a wanna-go-muckraking young journalist and his Yale-marinated editor; an Anglo sex-addiction psychiatrist and his Latina nurse by day, loin lock by night-until lately, the love of Nestor's life; a refined, and oh-so-light-skinned young woman from Haiti and her Creole-spouting, black-gang-banger-stylin' little brother; a billionaire porn addict, crack dealers in the 'hoods, "de-skilled" conceptual artists at the Miami Art Basel Fair, "spectators" at the annual Biscayne Bay regatta looking only for that night's orgy, yenta-heavy ex-New Yorkers at an "Active Adult" condo, and a nest of shady Russians. Based on the same sort of detailed, on-scene, high-energy reporting that powered Tom Wolfe's previous bestselling novels, BACK TO BLOOD is another brilliant, spot-on, scrupulous, and often hilarious reckoning with our times.
