**Simón Bolívar** Legare Street Press

Explore the life and legacy of one of South America's greatest figures. Simon Bolivar, known as "The Liberator", was an incredible figure who led countless South American countries to

independence from the Spanish. A military mastermind who rivalled the likes of Napoleon Bonaparte and George Washington, Simon Bolivar left behind a rich legacy which shook the world and changed the face of South America forever. Now, this biography delves into the life of this South American national icon, showcasing his countless achievements and decisive victories against the Spanish colonists. From his early years and upbringing in nobility to his exiles, military career, and inspiring leadership, you'll learn how Simon Bolivar became the leader of modern-day Venezuela, ousted the Spanish from Peru, Ecuador, and Bolivia, and became one of the most important men in South American

history. Covering the formation of the Gran Columbia union, Bolivar's political career, and his dream of a united South America, you'll discover both the turbulent and dangerous life he led - and the lasting legacy which he left behind.

Scroll up and buy now to discover the life of Simon Bolivar today!

*Simon Bolivar: A Story of Courage* Simon and Schuster

Simón Bolívar is the preeminent symbol of Latin America and the subject of seemingly endless posthumous attention. Interpreted and reinterpreted in biographies, histories, political writings, speeches, and works of art and fiction, he has been a vehicle for public discourse for the past two centuries. Robert T. Conn follows the afterlives of Bolívar across the Americas, tracing his presence in a range of competing but interlocking national stories. How have historians, writers, statesmen, filmmakers, and institutions reworked his life and writings to make cultural and political claims? How has his legacy been interpreted in the countries whose territories he liberated, as

well as in those where his importance is symbolic, such as the United States? In answering these questions, Conn illuminates the history of nation building and hemispheric globalism in the Americas.

*Simón Bolívar* Washington

This concise history of guerilla warfare presents profiles in combat courage from George Washington to Simón Bolívar, Mao Zedong, and beyond. The concept of guerilla warfare is centuries old, with Sun Tzu's writing on the subject dating back to the sixth century BC. One of the earliest recorded examples of guerilla tactics deployed by a military leader was the campaign of Roman general Fabius Maximus, who took a course of evasion and harassment against Hannibal's columns. Guerilla Warfare is a compendium of prominent guerilla leaders across the globe, from thirteenth-century Scotland's William Wallace to modern-day Sri Lanka's Velupillai Prabhakaran. It profiles each leader to analyze their personal history, military tactics, and political strategy. All are home-grown leaders of extended guerilla

campaigns. Many became the first leaders of their liberated countries. Both victories and defeats are included here in an analysis of effective guerilla tactics as well as counterinsurgency strategies. Today, the labels of insurgent, freedom fighter, and jihadi are fast replacing guerilla. The old notion of the guerilla, associated with fights for independence and the end of colonialization, has dimmed with modern and far-reaching religious insurgencies taking their place. This concise history gives a fascinating overview of a once history-altering form of warfare.

*Simon Bolivar "El*

*Libertador"* SP Books

AVAILABLE FOR THE FIRST TIME IN eBook! General Simon Bolivar, "the Liberator" of five South American countries, takes a last melancholy journey down the Magdalena River, revisiting cities along its shores, and reliving the triumphs, passions, and betrayals of his life. Infinitely charming, prodigiously successful in love, war and politics, he still dances with such enthusiasm and skill that his witnesses cannot believe he is ill. Aflame

with memories of the power that he commanded and the dream of continental unity that eluded him, he is a moving exemplar of how much can be won—and lost—in a life.

*The Life of Simon Bolivar*  
Nabu Press

Earning glory on the fields of battle, Simón Bolívar (1783–1830) was one of the most influential and enigmatic figures of Latin American history. Most North Americans know little of "the Liberator" who freed South America from Spanish rule from 1810 to 1826. Richard W. Slatta and Jane Lucas De Grummond bring forth the entire life and legacy of Simón Bolívar, with special attention to the

ups and the downs of his military career in Bolívar's Quest for Glory. Bolívar's life contained all the makings of an epic war hero: repeated comebacks from defeat, flashes of military genius, tremendous mood swings, dogged persistence, a near-manic quest for glory, and fall from political grace. He exhibited both military leadership and foolhardiness.

Egomaniacal, he strived for military might and political power. The tragedy of his life and his political legacy remain hotly debated, but no one would deny this man's historical significance. Drawing from an immense corpus of writings left behind by Bolívar, his allies, and his enemies, the authors transport the reader back to the life and times of the Liberator, introducing lesser known people who fought on both sides of the conflict and showing how Bolívar did not win Spanish American independence all on his own. Voices of the past ring from this rich narrative—expressions of admiration for Bolívar's courage, leadership, and vision, as well as proclamations of the leader's failures and

weaknesses. The first ever biography to suggest that Bolívar suffered from bipolar disorder, Bolívar's Quest for Glory treads new ground and shows how the conflicts he faced during the independence era set a political pattern followed by much of Latin America for the next century. Scholars and fans of military history, anyone interested in the development of modern Latin America, and readers of great biography will all welcome this book.

**Simón Bolívar's Quest for Glory** Biographiq

Simon Bolivar is one of the most important figures in Latin American history, and this biography offers a comprehensive look at his life and legacy. Sherwell explores Bolivar's military career, political philosophy, and his role in the fight for Latin American independence. A must-read for anyone interested in the history of Latin America. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. ### **The Bolivarian**

**Revolution** Rowman & Littlefield

Numbers speak for themselves. During his life as politician and warrior, General Simon Bolívar went over a distance that surpassed in 123,000 kilometers; the land journeyed by Christopher Columbus and Vasco de Gamma together. And while General Bolívar covered the non-uniform stretch, he spread the ideas of the freedom, on a length equivalent to one and a half of the Earth's diameter, that is the same to say, ten times more than the land journeyed by Hannibal Barca and the triple of the space walked by Alexander the Great. In spite of the tenacious resistance of Royalist troops, during the

successful military campaigns of El Bajo Magdalena and Admirable, in less than six months, dated between the endings of 1812 and the beginnings of 1813, Simon Bolívar crossed triumphantly over, all the ramifications of La Cordillera de los Andes in Colombia and Venezuela. Neither before, nor later, none known military man in the history of the humanity, achieved so many success in a so ample space, during a so brief lapse. Like statesman Simon Bolívar headed four constituent congresses over and built the legal, political, economic and social bases of six republics. Like a soldier, he participated in fourteen military campaigns, he directed more than four hundred battles, and with sweeping leadership, he commanded more than one million of soldiers from diverse nationalities. Similar facts happened during the Liberating Campaign of La Nueva Granada in 1819, initiated with uncertainty in los Llanos de Setenta in Venezuela, and it successfully culminated four months later at the South of Tunja City, in the bridge on Teatinos River. In spite of the calculated

obstacles laid by General Santander in Santa Fe, the foolish regional leaders' ambitions in Venezuela, and the intrigues wrapped in Perú, in less than a year, General Simon Bolívar freed to Perú and founded to Bolivia. During the same period, he summoned a Pan-American Congress, and until he glided to go to fight against Spain's loyal Royalists in Mexico, Puerto Rico, Cuba and Spain. In this order of ideas, The Delirium of the Liberator, examines the biographical chronology of the well-called Genius of America, neither from the moved away surroundings of the myth, nor from erratic passion of bad politicians, but from the clear reality of an exceptional human being, full of vitality and positive mind, solved to make specific a transcendental intention, without concerning the difficulties and circumstances of way, time and place. Without doubt, this is his greater legacy.

*Guerrilla Warfare* New York : Knopf

This volume of essays on the life and legacy of Simón Bolívar looks at the impact of "the Liberator" as warrior, political thinker and leader, internationalist, continentalist, reformer, and revolutionary. An appraisal of Bolívar's role in the Spanish American wars of independence, this offers an explanation of why the Bolívarian legend and cult has persisted.

This data is provided as an additional tool in helping to ensure edition identification: ++++ Simon Bolivar "El Libertador" A Life Of The Chief Leader In The Revolt Against Spain In Venezuela, New Granada & Peru Francis Loraine Petre J. Lane, 1910 History; General; History / Americas; History / General; South America **Simón Bolívar (el Libertador) Patriot, Warrior, Statesman, Father of Five Nations**

Hassell Street Press This is a new release of the original 1948 edition. **Simon Bolivar** Texas A&M University Press For other editions, see Author Catalog. *The life of Simon Bolivar* Wentworth Press This compelling biography offers a unique perspective on the life and career of one of Latin America's most famous—and most adulated—historical figures. Departing from the conventional, narrow treatment of Bolívar's role in the Spanish-American wars of independence (1810–1825), leading historian Lester D. Langley frames this remarkable figure as the quintessential Venezuelan rebel, who by circumstance and sheer will rose to be the continent's most noted revolutionary and liberator. In the process, he became both a unifying and a divisive presence whose symbolic influence remains powerful even today. Twice Bolívar gained power, twice he confronted a formidable counterrevolution, twice he was compelled to flee. His ultimate tactic of using slave and mixed-race troops aroused both the admiration and fear of

U.S. leaders and became a topic of heated discussion in the critical debates of 1817 and 1818 over U.S. policy toward the Spanish-American wars as well as the arguments over the admission of Missouri as a state in 1820-1821 and the U.S. decision to participate in the ill-fated Congress of Panama. Although he earned the sobriquet of the "George Washington" of South America, Bolívar in victory became more conservative and critical of the democratic tide of the era. Unlike Washington, Bolívar was forced into exile, the victim of his own ambitions and the fears of others. In his tragic end, he symbolized the glorious warrior so consumed by his own ambition and hatreds that he was destroyed. In death, he became a cult figure whose life and meaning casts a long shadow over modern Venezuelan history. As the author convincingly explains, he remains the most relevant figure of the revolutionary age in the Americas.

For Glory and Bolívar  
Verso Books

\*Includes pictures

\*Includes excerpts of contemporary accounts

\*Includes a bibliography for further reading "When tyranny becomes law, rebellion is a right." - Simón Bolívar Although he is unquestionably one of the most studied leaders of the 19th century, Simón Bolívar remains today as enigmatic as he was two centuries ago, when his vision and presence largely inspired the overthrow of the Spanish Empire in the New World. The legend of Simón Bolívar has a great deal to do with the Siddhartha-like transition of a Creole aristocrat into an impoverished revolutionary; a sparsely educated but pampered aesthete into a premier Enlightenment thinker, and a privileged youth into a warrior of almost mythological prowess. And while all of it, to a greater or lesser extent, is true, Simón Bolívar was also a revolutionary of an atypical variety. The transformational ideals of Simón Bolívar did not always conform to the uncompromising canons of the French Revolution, or the libertarianism and individual freedoms of the American, and nor was he instinctively hostile to the concept of monarchy or aristocracy. His identification with principles of

Enlightenment was leavened by exception, and by consideration, and although his military skills have certainly been overstated, they have tended to be judged against the background of Spanish moral and material collapse in the New World. In the end, it is precisely these paradoxes and contradictions that made and still makes Simón Bolívar such an interesting individual. The broad milieu into which he was born was a colonial regime spread across a vast region already many centuries old, well established and with many of the essential social and political structures of the Old World implemented in the New World. Simón Bolívar was an aristocrat, but he was also a "Creole," which implies that he was not of pure European stock, but of blood mixed over centuries with indigenous people, and sometimes with that of imported African slaves. While this did not inhibit the emergence of a wealthy, and at times extremely wealthy local landed aristocracy, the colonial Creole could never hope to be ranked equal to the appointed Spanish ruling class, and certainly not to

the blue-blooded of metropolitan breeding, all of which created an inevitable tension in the relationship between overseas dependency and metropolitan government and society. But in the early 19th century, events transpiring back in Europe would make it possible for independence movements to spread across the New World, especially as the Spanish Empire teetered, and those events would make it possible for Bolívar to become the most famous liberator in the region, forever immortalizing him across the world as El Libertador. Simón Bolívar: The Life

and Legacy of the Venezuelan Leader Who Liberated Much of Latin America from the Spanish Empire chronicles how El Libertador successfully freed massive parts of the New World from the grips of the Spanish. Along with pictures and a bibliography, you will learn about Bolívar like never before. The General in His Labyrinth Independently Published Simón Bolívar was a revolutionary and a political leader whose courageous battles for Latin self-rule led to the establishment of

Venezuela, Bolivia, Colombia, Ecuador, Peru, and Panama as independent nations. Today, Bolívar is known as a great hero, and his name graces many institutions and streets across Latin America. This text examines Bolívar's life and influence using primary source documents, photographs, and an examination of the context in which Bolívar fought for Latin American independence. Students will be guided through their reading with a glossary of important words, a timeline, and references for further reading on the topic.
