Considered the first in-depth critique of consumerism, economist Thorstein Veblen's 1899 book *The Theory of the Leisure Class* has come to be regarded as one of the great works of economic theory. Using contemporary and anthropological accounts, Veblen held that our economic and social norms are driven by traces of our early tribal life, rather than ideas of utility.

Bing Crosby dominated American popular culture in a way that few artists ever have. From the dizzy era of Prohibition through the dark days of the Second World War, he was a desperate nation's most beloved entertainer. But he was more than just a charismatic crooner: Bing Crosby redefined the very foundations of modern music, from the way it was recorded to the way it was orchestrated and performed. In this much-anticipated follow-up to the universally acclaimed first volume, NBCC Winner and preeminent cultural critic Gary Giddins now focuses on Crosby's most memorable period, the war years and the origin story of *White Christmas*. Set against the backdrop of a Europe on the brink of collapse, this groundbreaking work traces Crosby's skyrocketing career as he fully inhabits a new era of American entertainment and culture. While he would go on to reshape both popular music and cinema more comprehensively than any other artist, Crosby's legacy would be forever intertwined with his impact on the home front, a unifying voice for a nation at war. Over a decade in the making and drawing on hundreds of interviews and unprecedented access to numerous archives, Giddins brings Bing Crosby, his work, and his world to vivid life--firmly reclaiming Crosby's central role in American cultural history.

Celebrity make-up artist Gary Cockerill is best known for his glamorous, sultry make-up style. Much in demand for his ability to make women look and feel fabulous, he regularly travels the world to get clients ready for red-carpet events, photoshoots and television appearances. In *Simply Glamorous*, Gary proves that with a little knowledge and practice, everyone can use make-up to enhance or disguise so they feel confident in their appearance. He begins by demonstrating what he loves most about make-up: its ability to transform. By applying four different looks to one face, he shows how the same 'blank canvas' can be natural, sophisticated, glamorous or dramatic. He then presents 15 breathtaking makeovers on women of all ages, explaining step by step how to re-create the looks. Divided into 'Face', 'Eyes' and 'Lips', the transformations range from nude and natural - 'Barely There', 'Sun-kissed Goddess' and 'Girl Next Door' - to high octane glamour - 'Showgirl', 'Bombshell' and 'Glamour Puss'. They illustrate every aspect of make-up, from contouring, to false eyelashes, to wearing colour, and include the iconic looks that Gary is always asked to create - the smoky eye, the fifties flick and the red lip. 'Tutorials' address key topics in greater detail, such as skincare, foundation, contouring and application techniques for eyes and lips. As a self-taught make-up artist, Gary works instinctively with amazing results. His approach is creative and painterly, and his teaching style is friendly and down-to-earth as he shows how glamorous make-up can be accessible to everyone. He may not always do things the conventional way, but his techniques are the result of more than 25 years spent working with women and men of all ages, ethnicities and styles. He knows what works and what looks good, and encourages everyone to have fun and experiment with make-up to make themselves look and feel beautiful and glamorous.

Color Theory for the Make-up Artist: Understanding Color and Light for Beauty and Special Effects analyzes and explains traditional color theory for fine artists and applies it to the make-up artist.

This book is suitable for both professionals and beginners who wish to train their eye further to understand and recognize distinctions in color. It explains why we see color, how to categorize and identify color, relationships between colors, and it relates these concepts to beauty and special effects make-up. The book teaches the reader how to mix flesh tones by using only primary colors, and explains how these colors in paints and make-up are sourced and created. It also discusses the reason for variations in skin colors and undertones, and how to identify and match these using make-up, while choosing flattering colors for the eyes, lips, and cheeks. Colors found inside the body are explained for special effects make-up, like why we bruise, bleed, or appear sick. Ideas and techniques are also described for painting prosthetics, in addition to using color as inspiration in make-up designs. The book also discusses how lighting affects color on film, television, theater, and photography sets, and how to properly light a workspace for successful applications.

The "exquisite and richly illustrated" New York Times bestseller from the renowned makeup artist, "a retrospective written for all women, everywhere" (*Vogue France*). Makeup, as we know it, has only been commercially available in the last 100 years, but applying decoration to the face and body may be one of the oldest global social practices. In *Face Paint*, Lisa Eldridge reveals the entire history of the art form, from Egyptian and Classical times up through the Victorian age and golden era of Hollywood, and also surveys the cutting-edge makeup science of today and tomorrow. *Face Paint* explores the practical and idiosyncratic reasons behind makeup's use, the actual materials employed over generations, and the glamorous icons that people emulate, it is also a social history of women and the ways in which we can understand their lives through the prism and impact of makeup. "Makeup artist and Lancome global creative director Lisa Eldridge drops serious knowledge in *Face Paint*, her book on the history of beautifying." —Marie Claire "Clear your coffee table and turn off YouTube—Lisa Eldridge's book is a must read." —Teen Vogue "The book is not only rich with history but also with a series of paintings, sketches and photographs in an intense array of colors, selected by the make-up artist herself in the most aesthetically pleasing universal statement to women you'll ever see." —Vogue France "Face Paint delves into the history of makeup, with glossy pictures to match . . . the book's cover is striking." —New York Post

A Washington Post best nonfiction book pick of 2021 "It is biography as an expression of love." - The New York Times New York Times—bestselling author Julie Klam's funny and moving story of the Morris sisters, distant relations with mysterious pasts. Ever since she was young, Julie Klam has been fascinated by the Morris sisters, cousins of her grandmother. According to family lore, early in the twentieth century the sisters' parents decided to move the family from Eastern Europe to Los Angeles so their father could become a movie director. On the way, their pregnant mother went into labor in St. Louis, where the baby was born and where their mother died. The father left the children in an orphanage and promised to send for them when he settled in California—a promise he never kept. One of the Morris sisters later became a successful Wall Street trader and advised Franklin Roosevelt. The sisters lived together in New York City, none of them married or had children, and one even had an affair with J. P. Morgan. The stories of these independent women intrigued Klam, but as she delved into them to learn more, she realized that the tales were almost completely untrue. *The Almost Legendary Morris Sisters* is the revealing account of what Klam discovered about her family—and herself—as she dug into the past. The deeper she went into the lives of the Morris sisters, the slipperier their stories became. And the more questions she had about what actually happened to them, the more her opinion of them evolved. Part memoir and part confessional, and told with the wit and honesty that are hallmarks of Klam's books, *The Almost Legendary Morris Sisters* is the fascinating and funny true story of one writer's journey into her family's past, the truths she brings to light, and what she learns about herself along the way.

Makeup Your Mind deftly combines cult favorite cosmetics designer François Nars' two remarkable talents—makeup and photography, both of which he uses in this collection to stunning effect—to show women how to enhance their natural beauty. Designed by renowned graphic artist Fabien Baron to be the ultimate makeup how-to book, *Makeup Your Mind* is a comprehensive compilation of Before and After photographs, each containing instructional acetate overlays, covering almost every face type, complexion, eye color, and facial feature found on the runway today. *Makeup Your Mind* is also a revolutionary instruction manual on makeup from one of the most respected and imitated cosmetics artists in fashion today: a makeup book designed and constructed as a durable paperback companion suitable for the vanity or for the car, sliding in and out of its attractive hardcover binder as needed, containing precise instructional guides on clear plastic overlays indicating exactly what

goes where, allowing you to see the finished effect for perfect results. Summarizing each chapter on "Eyes", "Lips", "Neutrals", "Shimmer", "Monochrome and Suntan", "Pastels", Color, and "Skincare" are François Nars' trademarked guidelines on the technique of applying makeup for that dazzling NARS look. Showcasing the famous NARS look are today's top models, including Karen Elson, Maggie Rizer, Naomi Campbell, Devon Aoki, Trish Goff, Erin O'Connor, Sophie Dahl, May Anderson, Ling, Aurelie, Missy Rayder, Elsa, Caroline Ribero, Eva Herzigova, and many others. *Makeup Your Mind* features these women and more in sixty-three stunning Before and After pictures. All of the models were shot sans makeup for the Before pictures, displaying their bare-naked faces replete with imperfections and idiosyncrasies. Their transformations in the After pictures span from natural and elegant to fun and outrageous. In superb four-color photographs and brilliant acetate instructional guides, *Makeup Your Mind* demonstrates how makeup can minimize flaws and maximize beauty potential for every woman.
