Anna Ott died in the Wisconsin State Hospital for the Insane in 1893. She had enjoyed status and financial success first as a physician's wife and then as the only female doctor in Madison. Throughout her first marriage, attempts to divorce her abusive second husband, and twenty years of institutionalization, Ott

determinedly shaped her own life. Kim E. Nielsen explores a life at once irregular and unexceptional. Historical and institutional structures, like her whiteness and laws that liberalized divorce and women's ability to control their property, opened up uncommon possibilities for Ott. Other structures, from domestic violence in the home to rampant sexism and ableism outside of it, remained a part of even affluent women's lives. Money, Marriage, and Madness tells a forgotten story of how the legal and medical cultures of the time shaped one

woman—and what her life tells us about power and society in nineteenth century America.

"This stunning book is the story I've been waiting for my whole life; where girls rise up to claim their space with joy and power." --Laurie Halse Anderson, New York Times bestselling and award-winning author of *Speak* "An extraordinary story of

two indomitable spirits." --Brendan Kiely, New York Times bestselling co-author of *All American Boys* and *Tradition* "Timely, thought-provoking, and powerful." --Julie Murphy, New York Times bestselling author of *Dumplin'* Newbery Honor and Coretta Scott King Award-winning author Renée Watson teams up with poet Ellen Hagan in this YA feminist anthem about raising your voice. Jasmine and Chelsea are best friends on a mission--they're sick of the way women are treated even at their progressive NYC high school, so they decide to start a Women's Rights Club. They post their work online--poems, essays, videos of Chelsea performing her poetry, and Jasmine's response to the racial microaggressions she experiences--and soon they go viral. But with such positive support, the club is also targeted by trolls. When things escalate in real life, the principal shuts the club down. Not willing to be silenced, Jasmine and Chelsea will risk everything for their voices--and those of other young women--to be heard. These two dynamic, creative young women stand up and speak out in a novel that features their compelling art and poetry along with powerful personal

journeys that will inspire readers and budding poets, feminists, and activists. Wisconsin Vocational Educator Magazine University of Illinois Press Winner of the National Book Award for Fiction "Redeployment is hilarious, biting, whipsawing and sad. It's the best thing written so far on what the war did to people's souls." —Dexter Filkins, *The New*

York Times Book Review Selected as one of the best books of the year by *The New York Times Book Review*, *Time*, *Newsweek*, *The Washington Post Book World*, *Amazon*, and more Phil Klay's *Redeployment* takes readers to the frontlines of the wars in Iraq and Afghanistan, asking us to understand what happened there, and what happened to the soldiers who returned. Interwoven with themes of brutality and faith, guilt and fear, helplessness and survival, the characters in these stories struggle to make meaning out of chaos. In "Redeployment", a soldier who has had to shoot dogs because they were eating human corpses must learn what it is like to return to domestic life in suburbia, surrounded by people "who have no idea where Fallujah is, where three members of your platoon died." In "After Action Report", a Lance Corporal seeks expiation for a killing he didn't commit, in order that his best friend will be unburdened. A Mortuary Affairs Marine tells about his experiences collecting remains—of U.S. and Iraqi soldiers both. A chaplain sees his understanding of Christianity, and his ability to provide solace through religion, tested by the actions of a ferocious

Colonel. And in the darkly comic "Money as a Weapons System", a young Foreign Service Officer is given the absurd task of helping Iraqis improve their lives by teaching them to play baseball. These stories reveal the intricate combination of monotony, bureaucracy, comradeship and violence that make up a soldier's daily life at war, and the isolation, remorse, and despair that can accompany a soldier's homecoming. Redeployment has become a classic in the tradition of war writing. Across nations and continents, Klay sets in devastating relief the two worlds a soldier inhabits: one of extremes and one of loss. Written with a hard-eyed realism and stunning emotional depth, this work marks Phil Klay as one of the most talented new voices of his generation.

Recruiting, hiring, and retaining an excellent and diverse faculty is a top priority for colleges and universities nationwide. Yet faculty serving on search committees (or hiring committees) receive little or no education about the search process. Relying on both research and

experience presenting hiring workshops to search committee members, the authors of this guidebook provide advice and recommendations for conducting an effective faculty search. The book includes practical suggestions for managing all stages of a faculty search as well as recommendations for ensuring that search committee members recruit women and members of underrepresented groups into their applicant pools and consciously avoid the influence of bias and assumptions in their evaluation of job candidates.

A New York Times Notable Book The inspiration for PBS's AMERICAN EXPERIENCE film *The Poison Squad*. From Pulitzer Prize winner and New York Times bestselling author Deborah Blum, the dramatic true story of how food was made safe in the United States and the heroes, led by the inimitable Dr. Harvey Washington Wiley, who fought for change By the end of nineteenth century, food was dangerous. Lethal, even. "Milk" might contain formaldehyde, most often used to embalm corpses. Decaying meat was preserved with both salicylic acid, a pharmaceutical chemical, and borax, a

compound first identified as a cleaning product. This was not by accident; food manufacturers had rushed to embrace the rise of industrial chemistry, and were knowingly selling harmful products. Unchecked by government regulation, basic safety, or even labelling requirements, they put profit before the health of their customers. By some estimates, in New York City alone, thousands of children were killed by "embalmed milk" every year. Citizens--activists, journalists, scientists, and women's groups--began agitating for change. But even as protective measures were enacted in Europe, American corporations blocked even modest regulations. Then, in 1883, Dr. Harvey Washington Wiley, a chemistry professor from Purdue University, was named chief chemist of the agriculture department, and the agency began methodically investigating food and drink fraud, even conducting shocking human tests on groups of young men who came to be known as, "The Poison Squad." Over the next thirty years, a titanic struggle took place, with the courageous and fascinating Dr. Wiley campaigning indefatigably for

food safety and consumer protection. Together with a gallant cast, including the muckraking reporter Upton Sinclair, whose fiction revealed the horrific truth about the Chicago stockyards; Fannie Farmer, then the most famous cookbook author in the country; and Henry J. Heinz, one of the few food producers who actively advocated for pure food, Dr. Wiley changed history. When the landmark 1906 Food and Drug Act was finally passed, it was known across the land, as "Dr. Wiley's Law." Blum brings to life this timeless and hugely satisfying "David and Goliath" tale with righteous verve and style, driving home the moral imperative of confronting corporate greed and government corruption with a bracing clarity, which speaks resoundingly to the enormous social and political challenges we face today.

What if racial reconciliation doesn't look like what you expected? The high-profile killings of young black men and women by white police officers, and the protests and violence that ensued, have convinced many white Christians to reexamine their intuitions when it comes to race and justice. In this provocative book, theologian and blogger Drew G. I. Hart places police brutality, mass incarceration, anti-black stereotypes, poverty, and everyday acts of racism within the larger framework of white supremacy. He argues that white Christians have repeatedly gotten it wrong about race because dominant culture and white privilege have so thoroughly shaped their assumptions.

He also challenges black Christians about neglecting the most vulnerable in their own communities. Leading readers toward Jesus, Hart offers concrete practices for churches that seek solidarity with the oppressed and are committed to racial justice. What if all Christians listened to the stories of those on the racialized margins? How might the church be changed by the trouble they've seen? "This book is a gift from the heart of one of the sharpest young theologians in the United States. Hold it carefully, and allow it to transform you—and our blood-stained streets."—Shane Claiborne, author of *The Irresistible Revolution* Free downloadable study guide available here.

Yong Zhao shines a light on the long-ignored phenomenon of side effects of education policies and practices, bringing a fresh and perhaps surprising perspective to evidence-based practices and policies. Identifying the adverse effects of some of the "best" educational interventions with examples from classrooms to boardrooms, the author investigates causes and offers clear recommendations. "A highly

readable and important book about the side effects of education reforms. Every educator and researcher should take its lessons to heart.” —Diane Ravitch, New York University “A stunning analysis of the problems encountered in our efforts to improve education. If Yong Zhao has not delivered the death blow to naive empiricism, he has at least severely wounded it.” —Gene V. Glass, San José State University “This book is a brilliantly written analysis of well-known educational change efforts followed by a concrete call for action that no policymaker, researcher, teacher, or education reform advocate should leave unread.” —Pasi Sahlberg, University of New South Wales, Sydney “Nothing less than the future of the republic is dealt with in this wonderful and crucial book about the field of educational research and policy.” —David C. Berliner, Arizona State University

"So many of the children in this classroom are Ho-Chunk, and it brings history alive to them and makes it clear to the rest of us too that this isn't just...Natives riding on horseback. There are still Natives in our society today, and we're working together and living side by side. So we need to learn about their ways as well." --Amy Laundrie, former Lake Delton Elementary School fourth grade teacher An essential title for the upper elementary classroom, "Native People of Wisconsin" fills the need for accurate and authentic teaching materials about Wisconsin's Indian

Nations. Based on her research for her award-winning title for adults, "Indian Nations of Wisconsin: Histories of Endurance and Survival," author Patty Loew has tailored this book specifically for young readers. "Native People of Wisconsin" tells the stories of the twelve Native Nations in Wisconsin, including the Native people's incredible resilience despite rapid change and the impact of European arrivals on Native culture. Young readers will become familiar with the unique cultural traditions, tribal history, and life today for each nation. Complete with maps, illustrations, and a detailed glossary of terms, this highly anticipated new edition includes two new chapters on the Brothertown Indian Nation and urban Indians, as well as updates on each tribe's current history and new profiles of outstanding young people from every nation.

is a powerful, raw, intimate, deeply layered novel about a Ghanaian family in Alabama. Gifty is a sixth-year PhD candidate in neuroscience at the Stanford University School of Medicine studying reward-seeking behavior in mice and the neural circuits of depression and addiction. Her brother, Nana, was a gifted high school athlete who died of a heroin overdose after an ankle injury left him hooked on OxyContin. Her suicidal mother is living in her bed. Gifty is determined to discover the scientific basis for the suffering she sees all around her. But even as she turns to the hard sciences to unlock the mystery of her family's loss, she finds herself hungering for her childhood faith and grappling with the evangelical church in which she was raised, whose promise of salvation remains as tantalizing as it is elusive. *Transcendent Kingdom* is a deeply moving portrait of a family of Ghanaian immigrants ravaged by depression and addiction and grief—a novel about faith, science, religion, love. Exquisitely written, emotionally searing, this is an exceptionally powerful follow-up to Gyasi's phenomenal debut.

This “book that strips off the traditional trappings of Islamic womanhood to expose the special strengths and vulnerabilities that lie beneath” (*The Washington Post*) affirms the reality of the romantic lives of Muslim women. Romance, dating, sex and—Muslim women? In this groundbreaking collection, twenty-five American Muslim writers sweep aside stereotypes to share their search for love openly for the first time, showing just how varied the search for love can be—from singles’ events and online dating, to college flirtations and arranged marriages, all with a uniquely Muslim twist. These stories are filled with passion and hope, loss and longing: A quintessential blonde California girl travels abroad to escape suffocating responsibilities at home, only to fall in love with a handsome Brazilian stranger she may never see again. An orthodox African-American woman must face her growing attraction to her female friend. A young girl defies her South Asian parents’ cultural expectations with an interracial relationship. And a Southern woman agrees to consider an arranged marriage, with surprising results. These

compelling stories of love and romance create an irresistible balance of heart-warming and tantalizing, always revealing and deeply relatable. “A beautiful collection that reminds us all not only of the diversity of the American Muslim community, but the universality of the human condition, especially when it comes to something as magical and complicated as love.” —Reza Aslan, #1 New York Times bestselling author of *God: A Human History* “Portraits of private lives that expose a group in some cases kept literally veiled, yet that also illustrate that American Muslim women grapple with universal issues.” —*The New York Times*
