*Solfeggi cantati* Rowman & Littlefield Publishers  
Infused with a warm, affable tone, *Making Music in Montessori* is the Guide's guide to music education, providing Montessori teachers all at once a snappy, practical handbook, music theory mentor, pedagogical manual, and resource anthology. The book's goal: To give teachers confidence in music, so that when their children walk away from a lesson all fired up to compose their own music, their teacher will know how to guide them. Before *Making Music in Montessori*, teachers may have only dreamed of a classroom buzzing with children working, learning, and growing with music alongside all of the other subject areas in the Montessori curriculum. Now, it's a reality. If children's minds are a fertile field, then *Making Music in Montessori* will stir Montessori teachers of all musical backgrounds to don their overalls, roll up their sleeves, sow the musical seeds, and watch them blossom under their children's flaming imagination.
