Prison Memoirs of An
Anarchist Mercier Press
Ltd

As it traces the textual history of the works of authors like Bobby Sands and Gerry Adams, this book analyses Republican resistance to disciplinary structures, demonstrating

the ways in which prisoners appropriate space through discursive strategies.

A uniquely-crafted memoir of the author's

early childhood (1967-1972), the third oldest in a working-class Catholic family from the Brandywell in Derry. Written with the authentic voice of a child, this snapshot of his young life unfolds in a series of stories evoking the innocence of childhood, family dynamics and tensions, street friendships and characters, the onset of civil strife, and a family protecting itself from conflict, with CS gas coming in through the door and tracer bullets

flying past the windows. The book centres on Tony's father, Patrick – a legend in his son's eyes and a man who struggles to raise a family through bitter years of economic inactivity. It beautifully and movingly portrays the relationship between Tony and the father he adores, yet slightly fears, as events, both within the family and on the streets, unfold and fuse together. The burgeoning chaos of conflict finds its way into his life through the death of a friend under an army truck and more

horrifically, directly into the Doherty household. Described as 'a treasure', it draws the reader into a child's world, his innocent view of the harsh reality of life and the horrifying events unfolding around him. It has bags of humour and paints a picture of a lost world of children running wild in play, unsupervised by or worried over by adults. The book is also very moving, to the point of provoking tears at the end.

In 1981 ten men starved themselves to death inside the walls of Long Kesh prison in Belfast. While a stunned world watched and distraught family members kept bedside vigils, one "soldier" after another slowly went to his death in an attempt to make Margaret Thatcher's government recognize them as political prisoners rather than common criminals. Drawing extensively on secret IRA documents and letters from the prisoners smuggled out at the time,

David Beresford tells the gripping story of these strikers and their devotion to the cause. An intensely human story, *Ten Men Dead* offers a searing portrait of strife-torn Ireland, of the IRA, and the passions -- on both sides -- that Republicanism arouses. *Biting at the Grave* Nation Books

Bobby Sands was a

member of the Provisional Irish Republican Army who died on hunger strike while imprisoned at HM Prison Maze. He was the leader of the 1981 hunger strike in which Irish republican prisoners protested against the removal of Special Category Status. During his strike he was elected to the British Parliament as an Anti H-Block candidate. His death was followed by a new surge of Provisional IRA recruitment and activity. International media coverage brought

attention to the hunger strikers, and the republican movement in general, attracting both praise and criticism. This graphic novel brings Bobby Sands' story to life in a whole new way. *Bobby Sands* Mercier Press Ltd
 Winner of the 2010 National Book Critics Circle Award for Biography How to get along with people, how to deal with violence, how to adjust to losing someone you love—such questions arise in most people's lives. They are all versions

of a bigger question: how do you live? How do you do the good or honorable thing, while flourishing and feeling happy? This question obsessed Renaissance writers, none more than Michel Eyquem de Montaigne, perhaps the first truly modern individual. A nobleman, public official and wine-grower, he wrote free-roaming explorations of his thought and experience, unlike anything written before. He called them “essays,” meaning “attempts” or “tries.” Into them, he put

whatever was in his head: his tastes in wine and food, his childhood memories, the way his dog's ears twitched when it was dreaming, as well as the appalling events of the religious civil wars raging around him. The *Essays* was an instant bestseller and, over four hundred years later, Montaigne's honesty and charm still draw people to him. Readers come in search of companionship, wisdom and entertainment—and in search of themselves. This book, a spirited and

singular biography, relates the story of his life by way of the questions he posed and the answers he explored. It traces his bizarre upbringing, youthful career and sexual adventures, his travels, and his friendships with the scholar and poet Étienne de La Boétie and with his adopted “daughter,” Marie de Gournay. And we also meet his readers—who for centuries have found in Montaigne an inexhaustible source of answers to the haunting

question, “how to live?” One Day in My Life Open Road Media
After Sixt-six days on hunger strike Bobby Sands was legally killed by British intransigence. He died resisting the claim that eight-hundred years of Irish rebel history had been purely illegitimate and criminal. **The IRA** Atlantic Monthly Press
At seventeen, Bobby Sands was interested in girls, soccer, and music. Ten years later he led his fellow prisoners on a protest against repressive

conditions in Northern Ireland's H-Block prisons that grabbed the world's attention. After sixty-six days of refusing to eat, Sands died on May 5, 1981. Parliaments across the world stopped for a minute's silence in his honor. Bobby Sand's remarkable life and death have made him an Irish Che Guevara. Nothing But an Unfinished Song is the first biography to properly describe the motivation of the hunger strikers, recreating this period of history from within the prison walls. This powerful

book illuminates for the first time this enigmatic, controversial and heroic figure.

A collection of essays by well-known novelists and poets reflecting on the 1980's hunger strikers in Northern Ireland.

One Day in My Life

This meticulously researched book uses previously secret official documents to explore the tangled web of relationships between the

top echelons of the British establishment, including Cabinet ministers, senior civil servants, police/military officers and intelligence services with loyalist paramilitaries of the UDA & UVF throughout the 1970s and early 1980s. Covert British Army units, mass sectarian screening, propaganda 'dirty tricks,' arming sectarian killers and a point-blank refusal over the worst two decades of the conflict, to outlaw the largest loyalist killer gang in Northern Ireland. It shows how

tactics such as curfew and internment were imposed on the nationalist population in Northern Ireland and how London misled the European Commission over internment's one-sided nature. It focuses particularly on the British Government's refusal to proscribe the UDA for two decades - probably the most serious abdication of the rule of law in the entire conflict. Previously classified documents show a clear pattern of official denial, at the highest levels of

government, of the extent and impact of the loyalist assassination campaign.

A State in Denial:

Beacon Press

In this book the author chronicles the abuse by the British state of emergency laws: harassment and intimidation of civilians; injuries and deaths caused by rubber and plastic bullets; collusion between British security forces, British intelligence and loyalist paramilitaries; unjust killings and murders by the security forces; excessive

punishments and degrading strip-searches in prisons – abuses ignored by all but a handful of individuals and civil rights organisations.

Hunger and Postcolonial Writing explores contemporary postcolonial fiction and life-writing from various geo-political contexts. The focus of this work is hunger; individuated in the self-imposed starvation of the hunger protester, and on a mass scale in the form of famine and food insecurity. It considers the hungry colonial and postcolonial body, examines its textual forms and historical trajectories, and situates it within the food security

context of imperialism and its legacies. This book is the first monograph-length study of hunger within a postcolonial/world literary context. Its transcolonial focus produces comparative readings across postcolonial writings, facilitating productive analyses of the operations of imperialism and its aftereffects across heterogenous zones of colonialism. This project reads hunger as defined by the social, cultural, historical, and economic engagements produced

by colonial and postcolonial encounters. Examining the starving colonized body through Cartesian models of somatic subjectivity, and considering how this body is mediated by post-Enlightenment discourses of Modernity and progress, this work interrogates the contradictions produced by the starving colonial body as it is positioned between the possibility of radical protest and prescriptive colonial discourse. This book will be of interest to

Gastrocritical and Postcolonial scholars and students, and to Food scholars more broadly. [Hunger and Postcolonial Writing](#) Irish Academic Press

The Hunger Artists

Brandon Books

This is the best-selling biography of the IRA resistance fighter and hunger-striker, Bobby Sands. In this updated, new edition, Denis O'Hearn draws from a

wealth of interviews with friends, comrades, fellow prisoners and prison wardens, to provide a faithful and shocking insight into life in Northern Ireland's H-Block prisons, an exploration of the motivations and thoughts of the Republican strikers and the story of one of the world's most radical, inspirational figures. Following his journey from its very beginnings - an ordinary boy from a working-class background in Belfast to a highly politicised,

articulate revolutionary whose death in HM Prison Maze sent reverberations around the world, Bobby Sands: Nothing But An Unfinished Song captures the atmosphere of the time and the vibrancy of the man: a militant anti-imperialist who held on to his humanity despite living through a bitter, ugly struggle.

Loneliness of the Dying

HarperCollins UK

"In this compelling memoir of his early life, the president of Sinn Féin . . . recalls the development of the

modern 'Troubles' in Northern Ireland" (Kirkus). Gerry Adams was the president of Sinn Féin, the political wing of the Irish Republican Army, for more than thirty years. In this autobiography of his early life, he shares a personal account of the political unrest and violence of the 1970s and 80s. He opens up about his imprisonment, secret talks with the British government, his leadership role in Sinn Féin, and the tragic hunger strike by imprisoned IRA prisoners

in 1981. Born in 1948, Adams vividly recalls growing up in the working-class Ballymurphy district of West Belfast, where he became involved in the civil rights campaign in the late 1960s. When the unionist regime responded to the protests with violence, the situation exploded into conflict. Adams recounts his growing radicalization, his relationship with the IRA, and the British use of secret courts to condemn republicans. Adams was a political prisoner who

spent a total of five years in the notorious Long Kesh prison camp. Though he opposed the hunger strike, Adams was instrumental in the mass campaign of support which saw Bobby Sands elected to British Parliament and Ciaran Doherty and Kevin Agnew elected to Irish Parliament. First published in 1996, this edition contains a new introduction and epilogue written by the author, covering Adams's family, Brexit, and the peace process.
