The essays in Beyond the City Limits, all published here for the first time, decisively break this silence and challenge traditional readings of B.C. history. In this wide-ranging collection, R.W. Sandwell draws together a distinguished group of contributors who bring expertise, methodologies, and theoretical perspectives taken from social and political history, environmental studies, cultural geography, and anthropology. They discuss such diverse topics as

Aboriginal-White settler relations on Vancouver Island, pimping and violence in northern BC, and the triumph of the coddling moth over Okanagan orchardists, to show that a narrow emphasis on resource extraction, capitalist labour relations, and urban society is simply not broad enough to adequately describe those who populated the province's history.
