Als die Queen eines Morgens im Jahr 1982 in ihrem Schlafzimmer die Augen aufschlägt, ist sie sofort hellwach, da vor ihr ein fremder Mann am Rand ihres Betts kauert. Doch die Queen bleibt cool – da sie den Eindringling nicht einschätzen kann, ruft sie nicht um Hilfe, sondern sucht das Gespräch mit dem Mann und wartet geschlagene zehn Minuten, bis einer ihrer Diener erscheint und den offensichtlich psychisch Kranken hinausbefördert. Dieser war übrigens über das Fallrohr einer Regenrinne in den Buckingham Palace eingedrungen – denselben Weg hatte er auch schon einige Wochen zuvor genommen, als er zum ersten Mal in den königlichen Palast einstieg und eine Flasche Weißwein aus Prinz Charles' Vorräten stibitzte. Queen Elizabeth II. gehörte zu den diszipliniertesten Regentinnen der Welt: Über 70 Jahre lang herrschte sie über das Commonwealth, setzte sich für ihre Untertanen ein und führte ein skandalfreies Leben – ganz im Gegensatz zum Rest ihrer Familie. In kleinen Anekdoten über ihr Leben würdigt dieser Band das Leben der großen Monarchin.

In 2013 the distinguished Italian furniture manufacturing company Cassina invited Karl Lagerfeld to choose his favorite pieces of furniture for an unusual photographic mise-enscène: "I had never 'worked' on a project like this before. To visually reinterpret examples of perfect design is completely new for me, and therefore stimulating, exciting even." Before Lagerfeld's lens, iconic chairs, tables and chaise longues by Modernist legends such as Le Corbusier, Rietveld and Perriand condense to their absolute, abstract essence. In his inimitably sleek and sophisticated photographs, Lagerfeld reveals the form in Formalism. Here furniture is seen in an atypical, decontextualized mode of presentation, detached from its usual environment, isolated and dramatically lit like a sculpture. The result is a tenderly chosen compendium of twenty-one images that respects the artistic intentions of the designers while simultaneously creating a new aesthetic.

Thirty years after the end of the Cold War, world peace is at risk again. The United States has withdrawn from the disarmament treaty with Russia, Europe is disintegrating, China is surging forward and a wave of nationalism and populism is destabilizing established political institutions and endangering hard-won liberties. Moreover, the coronavirus pandemic has brought into sharp relief the fragility of the global order and the speed with which it can slide into chaos. In view of this dangerous and unpredictable state of affairs, Mikhail Gorbachev, the last great statesman of the 1989 revolution, has written this short book to warn us of the grave risks we now face and to urge us all, political leaders and citizens alike, to take action to address them. He focuses on the big challenges of our time, such as the renewal of the arms race and the growing risks of nuclear war, the new tension between Russia and the West, the global environmental crisis, the global threat of diseases and epidemics, the rise of populism and the decline of democracy. He argues that self-serving policies and narrow-minded politics aimed at the pursuit of national interests are taking the place of political principles and overshadowing the vision of a free and just world for all peoples. He offers his view of where Russia is heading and he urges political leaders in the West to recognize that re-establishing trust between Russia and the West requires the courage of true leadership and a commitment to genuine dialogue and understanding on both sides. Now more than ever, the responses to the great challenges we face cannot be purely national in character but must be based on a collaborative effort in which political leaders put aside their differences and work together to advance the human security of all.

“With a cast of characters reminiscent of the French film *Amélie*, Féret-Fleury creates a world that is delightful and enchanting...Light and sweet as a bonbon, this little confection of a book is delicious.” —Kirkus Reviews For fans of *Amélie* and *The Little Paris Bookshop*, a modern fairytale about a French woman whose life is turned upside down when she meets a reclusive bookseller and his young daughter. Juliette leads a perfectly ordinary life in Paris, working a slow office job, dating a string of not-quite-right men, and fighting off melancholy. The only bright spots in her day are her métro rides across the city and the stories she dreams up about the strangers reading books across from her: the old lady, the math student, the amateur ornithologist, the woman in love, the girl who always tears up at page 247. One morning, avoiding the office for as long as she can, Juliette finds herself on a new block, in front of a rusty gate wedged open with a book. Unable to resist, Juliette walks through, into the bizarre and enchanting lives of Soliman and his young daughter, Zaide. Before she realizes entirely what is happening, Juliette agrees to become a passeur, Soliman’s name for the booksellers he hires to take stacks of used books out of his store and into the world, using their imagination and intuition to match books with readers. Suddenly, Juliette’s daydreaming becomes her reality, and when Soliman asks her to move in to their store to take care of Zaide while he goes away, she has to decide if she is ready to throw herself headfirst into this new life. Big-hearted, funny, and gloriously zany, *The Girl Who Reads on the Métro* is a delayed coming-of-age story about a young woman who dares to change her life, and a celebration of the power of books to unite us all.

In this charmingly illustrated collection of pet-related stories children will find out about some of history's most important scientists, artists, writers, and musicians and their beloved animals. Did you know that Mozart's pet starling was the inspiration for his Piano Concerto No. 17? Or that writer Dorothy Parker loved animals so much she let a pair of alligators swim in her bathtub? These are just a couple of the stories in this delightful and surprising collection that profiles the strong bond between humans and their pets. Some of these stories are touching: Frida Kahlo memorialized her pet deer Granizo in her painting *The Wounded Deer*. Some are a little quirky: Albert Einstein, convinced that his parrot, Bibo, was sad, told bad jokes to cheer the bird up. Each of these wonderfully entertaining stories is made even more appealing by Katherine Quinn's captivating illustrations. Rich in detail and reminiscent of folk art, they capture the humor and poignancy of these fascinating pairings. Together these stories and illustrations will create lasting impressions that will help young readers identify historic figures and spark joy in friendships with the animals in their own lives.

One spring morning in 1957, photojournalist David Douglas Duncan paid a visit to his friend and frequent subject Pablo Picasso, at the artist's home near Cannes. Alongside Duncan in his Mercedes Gullwing 300 SL was the photographer's pet dachshund, Lump. When they arrived at Picasso's Villa La Californie, Lump decided that he had found paradise on earth, and that he would move in with Picasso, whether the artist welcomed him or not. This is the background for a book that offers an uncommonly sensitive portrait of Picasso. Lump was immortalized in a Picasso portrait painted on a plate the day they met, but that was just the beginning. In a suite of forty-five paintings reinterpreting Velasquez's masterpiece 'Las Meninas', Picasso replaced the impassive hound in the foreground with jaunty renderings of Lump. Today all of those historic canvases are now the centerpiece exhibition in the Picasso Museum of Barcelona. Fourteen of the paintings are reproduced here in full colour, juxtaposed with Duncan's dramatic and intimate black-and-white photographs of Picasso and Lump, bringing full circle the odyssey of a lucky dachshund who found his way to becoming a furry, super-stretched icon of modern art.

The definitive biography of Karl Lagerfeld—the last iconic fashion designer—now in paperback! “It starts with me and it ends with me.” —Karl Lagerfeld Karl Lagerfeld stylized himself into a living logo and a myth of the fashion world. In *Karl Lagerfeld: A Life in Fashion*, journalist Alfons Kaiser, who knew Lagerfeld personally for many years, introduces readers to the public and private life of the charismatic fashion designer. Kaiser explores the many eras of Lagerfeld's life: the youthful outsider in the north German flatlands; the urbane genius in Paris; the tireless draftsman; the

enthusiastic photographer; the passionate book collector; and the disciplined Prussian workaholic. What is behind this larger-than-life figure who, despite a massively public persona, kept his own life story a secret? Drawing from many previously untapped sources, this biography investigates the man behind the persona: the precocious boy who preferred to draw in the attic rather than play with his peers; the son who quarreled with his parents but never got away from them; Yves Saint Laurent's competitor, whom he outshone in the end; the brother, uncle, and friend—and finally, the partner of Jacques de Bascher, the great love of his life.

Step inside the private realm of the great designer Karl Lagerfeld through the eyes of his fellow artist and close friend Patrick Hourcade. The artist Patrick Hourcade met Karl Lagerfeld in 1976. A friendship that will last more than twenty years is immediately born between the two men, strengthened by their shared passion for eighteenth-century arts. After studying art history, Patrick Hourcade begins working with the creative team at Vogue Paris, while at the same time introducing Karl to his beloved specialty, the arts of the Enlightenment. From then on, he would accompany the great fashion designer on all of his lavish acquisitions—mansions, decors, and works of art. The two would build a magnificent universe together, refined and sometimes overly extravagant, especially at the Grand-Champ chateau in Brittany, the Hotel Pozzo di Borgo in Paris, or at La Vigie, a villa on the French Riviera. Patrick Hourcade tells the story of this aesthetic connection, through previously unpublished documents and a unique biography of Karl Lagerfeld, where he is seen in all of his splendor as well as his weaknesses. This intimate story also crosses paths with the colorful characters who populated the life of the great designer, including Anna Piaggi and Francine Crescent, Laure de Beauvau and Lilliane de Rothschild, Pierre Bergé and Yves Saint Laurent, Gilles Defour, Vincent Darré, Guy Bourdin, and Andrée Putnam, and, most importantly, his mother Elisabeth and Jacques de Bascher—his two loves of his life.

After years of rapprochement, the relationship between Russia and the West is more strained now than it has been in the past 25 years. Putin's motives, his reasons for seeking confrontation with the West, remain for many a mystery. Not for Mikhail Gorbachev. In this new work, Russia's elder statesman draws on his wealth of knowledge and experience to reveal the development of Putin's regime and the intentions behind it. He argues that Putin has significantly diminished the achievements of perestroika and is part of an over-centralized system that presents a precarious future for Russia. Faced with this, Gorbachev advocates a radical reform of politics and a new fostering of pluralism and social democracy. Gorbachev's insightful analysis moves beyond internal politics to address wider problems in the region, including the Ukraine conflict, as well as the global challenges of poverty and climate change. Above all else, he insists that solutions are to be found by returning to the atmosphere of dialogue and cooperation which was so instrumental in ending the Cold War. This book represents the summation of Gorbachev's thinking on the course that Russia has taken since 1991 and stands as a testament to one of the greatest and most influential statesmen of the twentieth century.
