PRECIOUS NADIA

Tapestries of Silence: Archway Publishing

Poems celebrating the joys of marriage: falling in love, proposing, the wedding ceremony, intimacy, milestones, children, anniversaries, the mystery of another's differences, and staying in love.

Escenas SAGE Publications

This is my second book of poems and continues the theme of humanity and truth throughout the pages of the book. Sit back and relax put some relaxation music on. Read the poems and the rest is up to your imagination.

Along These Roads We Travel WestBow Press

Simply Me is collection of poems that I wrote with GOD as my inspiration. The source of writing this book came from my two daughters in-law and five beautiful grand children who are the main source of my happiness and the love of my life. GOD truly blessed me and guided my thoughts in writing this. My one desire is to live a purpose driven life in Christ.

Personal Poetic Perspectives Fulton Books, Inc.

Contemporary poetry of the thoughts, feelings, quandaries, and wonder of an American poet aware of the darkness and light of the 21st century.

Poetry of Hope, Help, Healing and Humor: Joseph's Journey Createspace Independent Publishing Platform

Poems from the Rocky Mountains is about situations people experience in their environment as they happen and at different times, using poetic language and imagery. This is not a run-of-the-mill-poetry book; neither will it make me famous. I was told that to be a famous poet, the poet has to be six feet under first, and at my age, I don't want to be famous at all. The book is the result of training and experience as an immigrant, adopting the language, the way of life, and the way of thinking in my adopted country for the last sixty-eight years, never forgetting that English is my daily means of communication. In order to believe the above statement, you have to read my book. I bring the flow of my Indian/Hispanic heritage and sensitivity to the American poetic stream, which produces out of the two factors, the oneness that makes Poems from the Rocky Mountains a unique book. This is why most of the topics in it are as American as baseball and apple pie, but spiced with tropical flavor: goal achievement, the Rocky Mountain landscape, the Old West tradition, patriotism, geographical wonders, personal, family and social problems, abstract and humorous poetry, the

tropical landscape, international, romantic, lyrical, child-appropriate, rhymed and metered styles and elegies.

Deep in Thought Kraft Books

The poems in this volume are eclectic in scope. In tone, they span from serious to silly. We all need a little levity in our lives. The poems reflect a range of thoughts, feelings, personal and professional experiences, events, images, reflections, and challenges I have had in my lifetime. They all speak for themselves (nothing more nothing less). As a reader, you bring your own personality to each poem. I invite you to open this book; thumb through it; try a few. "Knowing is not enough, we must apply. Willing is not enough, we must do." -- Bruce Lee "Turn your face to the sun, and the shadows fall behind you." -- Maori proverb

The constructed objects of this collection-angular and crystalline, letting light through-bring a new sense of the world to the page.

Edges of the Norm Author House

The author, in his late 80s, has memories from age three. In his professional career he has been a history teacher, school counselor, administrator of psychological services, and psychologist in private practice. Fischlowitz has worked in his native Missouri, in the DC area and in Honolulu, HI. Though not a scientist, Fischlowitz has had a life-long interest in the ways scientific and technical innovations affect our culture and our daily lives. He has written books of poetry and short stories, and a biography of his wife, a Holocaust Survivor. Retired in Southern California, he also enjoys writing fun yet educational books for his youngest grandchildren.

Resources in Education Trafford Publishing

This book of poetry—written by a retired university professor who was deafened during childhood—reveals the challenges, defeats, and triumphs of living in a world that often ignores those who live and struggle in silence and who are cut off from access to communication and information. Filled with words of longing, poignancy, resiliency, spirituality, and love, the author uses a tapestry

as a metaphor to illustrate how all those challenges have come to be woven into one whole fabric of a meaningful life.

School Counselor Because Badass Miracle Worker Isn't an Official Job Title Springer Nature

Culturally Alert Counseling: A Comprehensive Introduction is a reader-friendly introduction to the cultural dimensions of counseling and psychotherapy. Editor Garrett McAuliffe, along with international experts in their fields, provides an accessible presentation of culturally alert counseling techniques that broadens the discussion of culture from ethnicity and race to include social class, religion, gender, and sexual orientation. Culture is defined broadly in the text, which features a mindful exploration of seven ethnic groupings, inclusive of all people within dominant and non-dominant cultural groups. The extensively revised Third Edition includes two new chapters on counseling immigrants and refugees and counseling military populations, exposing students to complex cultural developments. With the help of this text, readers will leave informed and ready to begin practice equipped with both a vision of the work and practical skills for effectively implementing it.

To Love One Another Evening Street Press

Along These Roads We Travel, and each one of us walks on a different path towards learning, suffering, and happiness. . . These roads unite and confound themselves as we advance through life.

Our job as a people is to enjoy and assist those, who in one form or another, have entered our road, without losing sight of our own and destination. This book is a multicultural and intimate overview of humanity's intrinsically existential struggles and expectations today, as well as of our responsibilities toward each other and our planet. These words are inner reflections that include a marked observation of the inequalities and suffering present on this level of life manifestation, and for which we must claim responsibility. Through inner contemplation of our happy moments and devotion to a higher energy, we are able to find the interconnection that Carl Jung referred to as Synchronicity, which, hopefully, will bring us to the discovery of our true Identities and possibilities as human race - capable for caring for and accepting each other.

Poet Lore Routledge

When late-night phone calls summon Jude Coleridge and Camille Prescott back to the Talbot Hall School for Girls, painful memories bombard them. Though estranged for years, both bear the physical and emotional scars from their youth. At the boarding school, they were branded "the crazy girls, the ones who lie" and became unlikely best friends. They soon formed a trio with a new student, Wanda Ann, who pulled them into her bewildering relationship with the school psychologist, Dr. Hedstrom. But Wanda Ann's wild stories masked a truth that threatened to engulf them all. As teens, the girls could only rely on each other as they moved toward an unfathomable, fiery danger. Now, in the crumbling halls of Talbot, hours before the building's demolition, they must grant forgiveness, to themselves and others, if they are to move forward.

Oh, the Changes I Have Seen! Everlasting Publishing

This book presents important psychological matters occupying Ibsen's life including his observations that were transformed into poems and plays. Attention is given to Ibsen's insight into psychological issues pre-dating the ideas as presented in the psychoanalytic writings of Sigmund Freud and Alfred Adler. Freud and Adler acknowledged Ibsen's psychological insight, but Ibsen's insight into human nature is still not fully recognized. This book addresses that neglect. Ibsen utilized his own life experiences together with a careful observation of human behavior to present what later became immensely important to the yet undeveloped field of psychoanalysis. Special attention is given to Ibsen's simple but important understanding of therapeutic change and decision-making.

Wayward Girls FriesenPress

Educational Psychology: A Century of Contributions--the first comprehensive book-length treatment of this topic--looks at the historic contributions of 16 leading psychologists, as well as others, who influenced the field of educational psychology from its philosophical moorings in the late 19th century to its current scientific status at the dawn of the 21st. It presents information regarding these individuals' ideas and scientific discoveries, along with a sense of the historical context in which they lived. The book is divided into three sections that correspond to three eras in the history of the discipline: *the founding period (1880s to 1920); *the rise to prominence period (1920 to 1960); and *the modern period (1960 to the present). Each section begins with an overview chapter describing the period in terms of key social, political, and historical events affecting educational theory, research, and practice. In addition, the overview chapters discuss major theoretical, methodological, and instructional contributions of the period and how they changed the course of educational psychology. The biographical chapters describe the scholar's major

contribution in terms of theory, research, and practice and his or her legacy and impact. These descriptions portray these individuals as real human beings responding to historical events and social influences of their time in personal and collective ways that changed the nature and direction of the field. *Educational Psychology: A Century of Contributions* is a cohesive collection appropriate for graduate and advanced undergraduate students in educational psychology.

Women Leaders in School Psychology Xlibris Corporation

On the outside he seemed to have it all: a happy marriage and family life, a great career as an innovative school psychologist, respect in his community -- but on the inside he was slowly falling apart. He was gay. After 25 years of living a secret double life his guilt was tearing him apart and he confessed to his wife. Her immediate rejection and divorce forced him to enter the challenging path

of soul searching towards self-love and self-acceptance. Not many people know about the mental/emotional challenges connected to being bisexual. In his case a personality and gender identity disorder made it impossible for him to accept his gay orientation and created a deeply conflicted life. This book is about his journey into consciousness and sanity. He finally learned to embrace the masculine and feminine side of himself and discovered the beauty of his bisexual soul. Using biological and psychological information from his career as a psychologist, his own life experiences, and his feelings expressed in poetic form, the author presents profound insights into what it means to be bisexual. If you are bisexual or if your life has been affected by a loved one who is bisexual, you may be able to gain a deeper understanding of a bisexual man's actions and behaviours after reading this story.
