On a freezing night in January 1941, a little Jewish girl is found on the steps of an apartment building in Bucharest. With Romania recently allied with the Nazis, the Jewish population is in grave danger so the girl is placed in an orphanage and eventually adopted by a wealthy childless couple who name her Natalia. As she assimilates into her new life, she all but forgets the parents who were forced to leave her behind. As a young woman in Soviet Romania, Natalia crosses paths with Victor—an important official in the Communist regime that she used to know as an impoverished young student. Now they are fatefully drawn into a passionate affair despite the obstacles swirling around them and Victor’s dark secrets. When Natalia is suddenly offered a one-time chance at freedom, Victor is determined to help her escape, even if it means losing her. Natalia must make an agonizing decision: remain in Bucharest with her beloved adoptive parents and the man she has come to love, or seize the chance to finally live life on her own terms, and to confront the painful enigma of her past. *The Girl They Left*

Where other long-distance relationships have fallen apart, theirs is bound to stay rock-solid. The reality of being apart, though, is very different than they expected. Toni, who identifies as genderqueer, meets a group of transgender upperclassmen and immediately finds a sense of belonging that has always been missing. Gretchen, meanwhile, struggles to remember who she is outside their relationship. As distance and Toni’s shifting gender identity begin to wear on their relationship, the couple must decide—have they grown apart for good, or is love enough to keep them together?
