Bass Aerobics Hal Leonard Corporation
This indispensable handbook helps players of all levels produce better, more creative, and more varied bass lines. Divided into two sections - Playing Your Bass and Knowing Your Bass - it covers everything from tuning, reading music, scales and chords, and advanced techniques to tips on buying and upgrading a budget bass and troubleshooting. Along with a list of suggested listening and reference guide, this book provides an unrivalled digest of bass information that might otherwise take an entire career to amass. It begins with a 'Basics' section that assumes

nothing about your ability. 'Scales and Chords' shows you how to add other notes to your bass lines and includes exercises to extend musical knowledge and train your ear. It develops your understanding of the links between chords and scales, helping you to play from a chord chart or to improvise when required. Most of the ideas and techniques can be achieved without reading music at all, although the information is there for those who can. The 'Reading music' section develops an intuitive approach using pattern recognition rather than the usual mechanical (counting) method, and introduces a skill that may eventually become important to your professional career. Advanced techniques includes harmonics and fretless bass.

Capturing Sound Granta Books (Bass Recorded Versions Mixed). This is not your typical bass tab book. In the Tab+ series from Hal Leonard we provide you guidance on how to capture

the bass tones for each song as well as tips and advice on the techniques used to play the songs. Where possible, we've confirmed the gear used on the original recordings via new and previously published interviews with the bassists, producers, and/or engineers. Then we make general recommendations on how to achieve a similar tone, based on that info. Some of the songs will be easy to play even for advanced beginner students, and others might present a much greater challenge. In either case, we've identified key technique that should help you learn the songs with greater ease. This volume will help you master 25 must-know bass classics, including: Another One Bites the Dust * Around the World * Blurred Lines * The Boys Are Back in Town * Freewill * Hey

Joe * The Joker * London Calling * My Generation * Sledgehammer * Strange Brew * Sweet Emotion * You Can Call Me Al * Young Lust * and more.
