A second purpose is to describe the legal situation of mut'a in Shi'ism. al-islam.org This book is one of the many Islamic publications distributed by Ahlulbayt Organization throughout the world in different languages with the aim of conveying the message of Islam to the people of the world. The Ultimate Guide to Umrah

Ahmadiyya Anjuman Lahore

Publications, U.K.

This book is an urban ethnographic

study of several Muslim women's organisations in northern India. These organisations work to carve out spaces that allow for the articulation of alternative experiences and conceptions of religion and justice that challenge Islamic orthodoxy as well as the monopoly of the Indian state in the domain of family law. While most analyses on reform efforts within Muslim family law in India have focused on women's protection within the state legal system, this book offers the rare opportunity to understand how organised groups of Muslim women's rights activists contest marginalising forces present in the family and criminal courts, Shariat courts, local mosques, workplace, legislature and legal documents. It pushes against troubling assumptions that Islam is incompatible with ideas of women's rights and that the State is the only dispenser of justice, and offers new directions for studies on the dispersed nature of women's identities in Islamic family law.

Are secular aims, politics, and sensibilities impossible, undesirable and impracticable for Muslims and Islamic states? Should Muslim women be exempted from feminist attempts at liberation from patriarchy and its various expressions under Islamic laws and customs? Considerable literature on the entanglements of Islam and secularism has been produced in the post-9/11 decade and a large proportion of it deals with the Woman Question. Many commentators critique the secular and Western feminism, and the racialising backlash that accompanied the

occupation of Muslim countries during the War on Terror military campaign launched by the U.S. government after the September 11 attacks in 2001. Implicit in many of these critical works is the suggestion that it is Western secular feminism that is the motivating driver and permanent collaborator -- along with other feminists, secularists and human rights activists in Muslim countries -- that sustains the West's actual and metaphorical war on Islam and Muslims. The book addresses this post-9/11 critical trope and its implications for women's movements in Muslim contexts. The relevance of secular feminist activism is illustrated with reference to some of the nation-wide, working-class women's movements that have surged throughout Pakistan under religious militancy: polio vaccinators, health workers, politicians, peasants and artists have been directly targeted, even assassinated, for their service and commitment to liberal ideals. Afiya Zia contends that Muslim women's piety is no threat against the dominant political patriarchy, but their secular autonomy promises transformative changes for the population at large, and thereby effectively challenges Muslim male dominance. This book is essential reading for those interested in understanding the limits of Muslim women's piety and the potential in their pursuit for secular autonomy and liberal freedoms.

This report identifies critical factors preventing marginalized women's inclusion in customary and democratic decision-making structures. It details specific strategies marginalized women and their supporters have adopted, ranging from direct action strategies in

Somaliland to “soft” advocacy strategies in Cambodia, in overcoming barriers to their participation. The report’s 10 case studies gather knowledge and practical experience from around the world and show how women can impact on political processes through their participation in politics.

"This book provides the first ever overview of the history and development of Islam in Afghanistan. It covers every era from the conversion of Afghanistan through the medieval and early modern periods to the present day. Based on primary sources in Arabic, Persian, Pashto, Urdu and Uzbek, its depth and scope of coverage is unrivalled by any existing publication on Afghanistan. As well as state-sponsored religion, the chapters cover such issues as the rise of Sufism, Sharia, women's religiosity, transnational Islamism and the Taliban. Islam has been one of the most influential social and political forces in Afghan history. Providing idioms and

organizations for both anti-state and anti-foreign mobilization, Islam has proven to be a vital socio-political resource in modern Afghanistan. Even as it has been deployed as the national cement of a multi-ethnic 'Emirate' and then 'Islamic Republic,' Islam has been no less a destabilizing force in dividing Afghan society. Yet despite the universal scholarly recognition of the centrality of Islam to Afghan history, its developmental trajectories have received relatively little sustained attention outside monographs and essays devoted to particular moments or movements. To help develop a more comprehensive, comparative and developmental picture of Afghanistan's Islam from the eighth century to the present, this edited volume brings together specialists on different periods, regions and languages. Each chapter forms a case study 'snapshot' of the Islamic beliefs, practices, institutions and authorities of a particular time and place in Afghanistan"--Provided by publisher

Shayara Bano knocked at the doors of the Supreme Court to challenge her husband's sudden decision of ending their marriage using the three dreaded words: talaq, talaq, talaq. A 1980s Bollywood movie sparked off a national debate on the validity of instant divorce, which even saw Dawat-a four-page daily published by the Jamaat-e-Islami Hind-talking about triple talaq as per the Quran. For a long time, the battle against instant talaq has garnered public attention. In *Till Talaq Do Us Part*, Ziya Us Salam, an eminent social commentator and an associate editor at Frontline, presents a holistic view of how divorce works in Islam. Ranging from triple talaq to talaq granted over three

months to khula and talaq-e-tafweez, the book also discusses other methods of divorce available to a Muslim couple which go ignored thanks to all the attention on talaq, talaq, talaq.

Temporary Marriage in Islamic Law

Oxford University Press

Triple talaq, or talaq-e-bidat, is one of the most debated issues in the Muslim world. From antiquity, the Muslim faith has been plagued by the portrayal of Muslim men regularly misusing this perceived "right" to divorce their wives instantly by simply uttering "talaq" thrice. The Supreme Court of India, in the landmark judgment of *Shayara Bano v. Union of India*, has taken the step to declare this form of talaq unconstitutional and to strike down its practice. In *Triple Talaq: Examining*

Faith, Salman Khurshid, who intervened to offer the court an amicus brief in the "Triple Talaq case", offers a straightforward yet comprehensive overview of this complicated issue. Explaining the reasons behind the court's decision, he dives deep into other aspects of this practice: why it is wrong; why it has thrived; what was the judicial history of this issue; what the Quran and Muslim religious leaders say about it; and what the comparative practices in other countries are. A handy guide to this landmark decision and what it means for Muslims in India, this book is written not just for the theologian, but also for the common reader.

This report locates the political, socio-economic and legal position of Muslim women within a historical framework, beginning with the evolution of Islam in India and its subsequent interaction with Indian society. It emphasizes the diversity of women in Muslim communities and the range of factors influencing their status. Kazi traces the developments in discourses of gender vis-à-vis Muslim women from the late nineteenth century to the present day, and describes Muslim women's transition from being British subjects to Indian citizens. Muslim women's contributions within the women's movement are outlined, as well as the challenges they face as members of India's largest religious minority community.

Muslim Women's Quest for Justice

Adam Publishers

Examining the relationship between sedition and liberal democracies, particularly in India, this book looks at the biography of sedition laws, its contradictory position against free speech, and democratic ethics. Recent sedition cases registered in India show

that the law in its wide and diverse deployment was used against agitators in a community-based pro-reservation movement, group of university students for their alleged 'anti-national' statements, anti-liquor activists, and anti-nuclear movement, to name a few. Set against its contemporary use, this book has used sedition as a lens to probe the fate of political speech in liberal democracy. The lived reality of the law of sedition in changing anthropological sites is juxtaposed with its positivist existence. Anushka Singh uses a comparative framework keeping in focus the Indian experience backed by fieldwork in Haryana, Maharashtra, and Delhi, and includes a comparative perspective from England, the USA, and Australia to contribute to debates on sedition within liberal democracies at large, especially in the wake of the proliferation of counter-terror legislations.
