"One of the greatest rock books ever written." -- GQ Thirty years ago, the Rolling Stones swept America, taking Exile on Main Street to Main Streets across the nation. Everyone held their breath to see what would happen; the Stones' previous U.S. tour had been a chaotic circus culminating in the infamous death of a fan at Altamont. And this tour (the "Stones Touring Party") was rumored to be wilder than ever: bigger shows in major arenas, with a far larger entourage and even more drugs. Robert Greenfield went along for the ride, and came away with a riveting insider's account, called by Ian Rankin "one of the greatest rock books ever written." The reality lived up to the rumor: take one part Lee Radziwill, a dash of Truman Capote, set the scene at Hef's Playboy mansion, and toss in the county jail for good measure. That was the Stones Touring Party, the ultimate rock 'n' roll band at the height of its spectacular depravity.

NEW YORK TIMES BESTSELLER • "A fascinating look at how consumers perceive logos, ads, commercials, brands, and products."—Time How much do we know about why we buy? What truly influences our decisions in today's message-cluttered world? In *Buyology*, Martin Lindstrom presents the astonishing findings from his groundbreaking three-year, seven-million-dollar neuromarketing study—a cutting-edge experiment that peered inside the brains of 2,000 volunteers from all around the world as they encountered various ads, logos, commercials, brands, and products. His startling results shatter much of what we have long believed about what captures our interest—and drives us to buy. Among the questions he explores: • Does sex actually sell? • Does subliminal advertising still surround us? • Can "cool" brands trigger our mating instincts? • Can our other senses—smell, touch, and sound—be aroused when we see a product? *Buyology* is a fascinating and shocking journey into the mind of today's consumer that will captivate anyone who's been seduced—or turned off—by marketers' relentless attempts to win our loyalty, our money, and our minds.

"To guarantee students have a working knowledge of appropriate vocabulary before entering secondary school, educators need to establish an effective vocabulary program in their schools and classrooms. In *Teaching Basic, Advanced, and Academic Vocabulary: A Comprehensive Framework for Elementary Instruction*, author Robert J. Marzano provides elementary educators with a comprehensive framework for vocabulary instruction. Marzano defines three different tiers of vocabulary terms: (1) Tier 1 terms are those words that are frequently used in the English language, (2) Tier 2 terms appear less frequently, and (3) Tier 3 terms are specific to grade level and subject area. By organizing these terms into semantic clusters and subject areas, Marzano creates a powerful and unique approach to ensuring students build their vocabulary. By reading this book, K-5 teachers will obtain the tools and strategies needed to construct a solid foundation for literacy development in their classrooms"--

The 1970s was an exciting decade for musical theatre. Besides shows from legends Stephen Sondheim (Company, Follies, A Little Night Music, and Sweeney Todd) and Andrew Lloyd Webber (Jesus Christ Superstar and Evita), old-fashioned musicals (Annie) and major revivals (No, No, Nanette) became hits. In addition to underappreciated shows like Over Here! and cult musicals such as The Grass Harp and Mack and Mabel, Broadway audiences were entertained by black musicals on the order of The Wiz and Raisin. In *The Complete Book of 1970s Broadway Musicals*, Dan Dietz examines in detail every musical that opened on Broadway during the 1970s. In addition to including every hit and flop that debuted during the decade, this book highlights revivals and personal-appearance revues with such performers as Tony Bennett, Lena Horne, Bette Midler, and Gilda Radner. Each entry includes the following information: Opening and closing dates Plot summaries Cast members Number of performances Names of all important personnel including writers, composers, directors, choreographers, producers, and musical directors Musical numbers and the names of performers who introduced the songs

Production data, including information about tryouts Source material Critical commentary Tony awards and nominations Details about London and other foreign productions Besides separate entries for each production, the book offers numerous appendixes, including a discography, filmography, and published scripts, as well as lists of Gilbert and Sullivan operettas, black-themed shows, and Jewish-themed productions. A treasure trove of information, *The Complete Book of 1970s Broadway Musicals* provides readers with a comprehensive view of each show. This significant resource will be of use to scholars, historians, and casual fans of one of the greatest decades in musical theatre history.

This book is an in-depth analysis of three of the most crucial years in twentieth-century Italian history, the years 1943-46. After more than two decades of a Fascist regime and a disastrous war experience during which Italy changed sides, these years saw the laying of the political and cultural foundations for what has since become known as Italy's First Republic. Drawing on texts from the literature, film, journalism, and political debate of the period, *Antifascisms* offers a thorough survey of the personalities and positions that informed the decisions taken in this crucial phase of modern Italian history.

 "Cracking Codes with Python" by Al Sweigart ***Hacking Secret

Ciphers with Python not only teaches you how to write in secret
 ciphers with paper and pencil. This book teaches you how to write
 your own cipher programs and also the hacking programs that
 can break the encrypted messages from these ciphers.

Unfortunately, the programs in this book won't get the reader in
 trouble with the law (or rather, fortunately) but it is a guide on the
 basics of both cryptography and the Python programming
 language. Instead of presenting a dull laundry list of concepts,
 this book provides the source code to several fun programming
 projects for adults and young adults.

In *Sea Creatures*, a riveting domestic drama by Susanna Daniel, a
 mother must make the unthinkable choice between her husband
 and her son. When Georgia Qullian returns to her hometown of
 Miami, her toddler and husband in tow, she is hoping for a fresh
 start. They have left Illinois trailing scandal and disappointment in
 their wake, fallout from her husband's severe sleep disorder. For

months, their three-year-old son has refused to speak a word. On
 a whim, Georgia takes a job as an errand runner for a reclusive
 artist and is surprised at how her life changes dramatically. But
 soon the family's challenges return, more complicated than
 before. Late that summer, as a hurricane bears down on South
 Florida, Georgia must face the fact that her decisions have put
 her only child in grave danger. *Sea Creatures* is a mesmerizing
 exploration of the high stakes of marriage and parenthood.

Pamela Gillilan was born in London in 1918, married in 1948 and
 moved to Cornwall in 1951. When she sat down to write her poem
Come Away after the death of her husband David, she had written
 no poems for a quarter of a century. Then came a sequence of
 incredibly moving elegies. Other poems followed, and two years
 after starting to write again, she won the Cheltenham Festival
 poetry competition. Her first collection *That Winter* (Bloodaxe,
 1986) was shortlisted for the Commonwealth Poetry Prize.
