'The biggest battle during my religious pilgrimage was determining the validity of entire sanctification. At first, I was confused, and later I was just plain mad.' -Leslie Parrott

Centering on the theme of mercy, John Paul II hopes to underline this strongest attribute of God, especially in the modern age. He continues his discussion of world problems that was first began in Redeemer of Man, teaching that love informed by God's mercy is the only response to these situations. He appeals to the world's population to turn to the mercy of the Father, and to find in God's love a refuge from the impersonal, technologically-driven world we live in.

Blaise Pascal, the precociously brilliant contemporary of Descartes, was a gifted mathematician and physicist, but it is his unfinished apologia for the Christian religion upon which his reputation now rests. The *Penseés* is a collection of philosophical fragments, notes and essays in which Pascal explores the contradictions of human nature in psychological, social, metaphysical and - above all - theological terms. Mankind emerges from Pascal's analysis as a wretched and desolate creature within an impersonal universe, but who can be transformed through faith in God's grace.

More than two billion people in the world claim some sort of relationship to Christianity. Despite the wide diversity represented in the New Testament literature and the wide

diversity of practice, there is a basic gospel and proclamation that even ante-dates the written texts of the New Testament. As Paul expresses it "I handed on to you, as of first importance, what I in turn had received that Christ died for our sins. in accordance with the scriptures and that he was buried, and that he was raised on the third day in accordance with the scriptures ... Whether then it was I or they, so we proclaim, and so you have come to believe." (1 Cor 15:1-4, 11). This book provides the basic texts (with references to parallel texts) of this basic message together with reflections and prayers. In addition, there are reflections taken from the Fathers of the Church, which provide material for reflection and new insights into the Paschal Mystery. May those who read this book, praying and meditating on its message, be empowered to return to the simplicity of the original message - the gospel received - the gospel handed over - the gospel which you received and in which you stand, as will generations of Christians to come.

THE PASCHAL MYSTERY USCCB Publishing

This book is written by Louis St. Hilaire and follows the USCCB's framework for "The Mission of Jesus Christ." It takes the reader through creation, the Fall of Man, and Christ's Paschal Mystery to the reader's own life and what Christ's redemption means for them. The author lays out according to the USCCB's framework the moral implications of the Paschal Mystery in the life of the believer and answers common challenges such as explaining redemptive suffering and why God allowed his Son to die on the Cross. About the series: The Formed in Christ series is a solid and faithful resource that provides a thorough treatment of the Catholic faith and the various branches of theology. Teachers

may use this series to draw lessons for all core curriculum subjects in the USCCB's doctrinal framework for high school level theology. Each book in the Formed in Christ series is written at a high school age-appropriate level and includes further reading from magisterial or other orthodox sources (ranging from the Church Fathers to books published within the last ten years), along with discussion and reflection questions. Also included in each book is a "challenges" section, which follows from the USCCB's suggestions for apologetic topics for each course. The simple structure of the Formed in Christ series is meaningfully designed to allow teachers to build their own course or to use these books as a supplement. It means they can also be used by homeschoolers or religious educators, by the beginner armchair theologian, or by the college or high school student for independent or group study. The versatility inherent in these books means that they are not only for a high school classroom, but for anyone willing to put in the work to learn more about the truths of the faith.

The Joy of the Gospel USCCB Publishing

The perfect gift! A specially priced, beautifully designed hardcover edition of *The Joy of the Gospel* with a foreword by Robert Barron and an afterword by James Martin, SJ. "The joy of the gospel fills the hearts and lives of all who encounter Jesus... In this Exhortation I wish to encourage the Christian faithful to embark upon a new chapter of evangelization marked by this joy, while pointing out new paths for the Church's journey in years to come." – Pope Francis This special edition of Pope Francis's popular message of hope explores themes that are important for believers in the 21st century. Examining the many obstacles to

faith and what can be done to overcome those hurdles, he emphasizes the importance of service to God and all his creation. Advocating for "the homeless, the addicted, refugees, indigenous peoples, the elderly who are increasingly isolated and abandoned," the Holy Father shows us how to respond to poverty and current economic challenges that affect us locally and globally. Ultimately, Pope Francis demonstrates how to develop a more personal relationship with Jesus Christ, "to recognize the traces of God's Spirit in events great and small." Profound in its insight, yet warm and accessible in its tone, *The Joy of the Gospel* is a call to action to live a life motivated by divine love and, in turn, to experience heaven on earth. "As the psalms are a microcosm of the Old Testament, so the Expositions of the Psalms can be seen as a microcosm of Augustinian thought. In the Book of Psalms are to be found the history of the people of Israel, the theology and spirituality of the Old Covenant, and a treasury of human experience expressed in prayer and poetry. So too does the work of expounding the psalms recapitulate and focus the experiences of Augustine's personal life, his theological reflections and his pastoral concerns as Bishop of Hippo."--Publisher's website.

The History of the Church or company of those who by faith have received Christ and become His followers, is still in the making, not yet complete. On this account and because of its immense extent, although it is of supreme importance, parts only of it can be written and from time to time. First one, then another, must relate what he has seen or has learned from trustworthy records, and this must be taken up and added to as stage after stage of the long pilgrimage is traversed. The following pages are a contribution to the unfolding story.
