Der E5 boomt. Was einerseits eine erfreuliche Zunahme der Begeisterung für Natur und Berge dokumentiert, führt andererseits zur hohen Frequentierung der Wegstrecken und zur Überbelegung der entsprechenden Hütten. Der Bergwanderer, der auf dem E5 Naturbegegnung und Ruhe sucht, bekommt sie leider nicht allzu oft, da er sich mit einer Vielzahl anderer Wanderer auf diesen Wegabschnitten tummelt. Die hier

vorgestellte Tour wurde 2012 selbst erwandert und versteht sich als Alternative zum klassischen Weg zwischen Oberstdorf und Meran. Sie verlässt, wo es möglich ist, die E5-Streckenführung und führt über deutlich ruhigere Pfade zu den Zwischenzielen. Dabei sucht sie bisweilen auch sportlichere Herausforderungen wie leichte Kletterpassagen und ermöglicht die Einbindung von Gipfelerlebnissen und alpinen Hochtouren auf Wildspitze und Similaun. Der hier vorliegende Tourenbericht beschreibt die einzelnen Etappen der siebentägigen Route und ergänzt diese mit eigenen Erlebnissen des Autors. Höhenprofile, Kartenskizzen, Hinweise zur Tourenplanung und -vorbereitung, Ausrüstungslisten, Adressen von Hütten und Hotels und weitere Tipps runden den Reiseführer ab.

An essential guidebook for walking the GR5, one of the world's most spectacular long-distance trails. The GR5 makes its way through the Alps from the shores of Lac Léman at Geneva to the Mediterranean at Nice. A route of 674km (420 miles), it can be trekked in a month, or split over a series of summer trips. The GR5 is well within the reach of fit and moderately experienced walkers and backpackers. There is good signposting and waymarking, and accommodation, food and drink are all available at regular intervals. The paths and tracks are generally well graded, while steep climbs are tackled on zigzag paths, so the overall gradient is not so severe. Every summer, thousands of walkers embark on this trek. This guidebook also describes some scenic variant routes, including the stunning GR55 through the Vanoise National Park and the delightful GR52 that crosses the Mercantour National Park. Full descriptions and maps are provided for these alternatives. The book includes daily stages, timings, ascents and descents, full-colour mapping and gradient profiles, alongside information about facilities and services along the route. The result is an ideal companion to planning and completing your trek. Two further Cicerone guidebooks cover the remaining sections of the GR5; 'The GR5 Trail - Vosges and Jura', and 'The GR5 Trail - Benelux and Lorraine' which together cover the route from Lac Léman to the Hoek Van Holland.

Männer wie wir sehen Dinge. Wir tun Dinge, die uns gefühllos machen. Das ist der Preis für Macht und Geld, dafür, dass wir la belle vie leben und die französische Mafia leiten. Dann tauchte

sie auf wie eine hübsche Wildblume, die durch die Ritzen eines schmutzigen Pflasters wächst - zerbrechlich und doch unverwundlich, ein Hauch von Schönheit inmitten des Schmutzes. Sie sollte nur ein weiterer Job sein, eine namenlose Person, die ich aus ihrem Leben reißen und meinem Bruder übergeben sollte, nichts weiter als ein Pfand in unserem Diamantengeschäft. Für Männer wie uns gibt es einen psychologischen Stempel. Uns fehlt es an Empathie und Schuldgefühlen. Wir tun Dinge, um zu bekommen, was wir wollen, Dinge, die Blumen verwelken lassen.

Just days after Raynor learns that Moth, her husband of 32 years, is terminally ill, their home is taken away and they lose their livelihood. With nothing left and little time, they make the brave and impulsive decision to walk the 630 miles of the sea-swept South West Coast Path. Carrying only the essentials for survival on their backs, they live wild in the ancient, weathered landscape of cliffs, sea and sky. Yet through every step, every encounter and every test along the way, their walk becomes a remarkable journey. THE SALT PATH is an honest and life-affirming true story of coming to terms with grief and the healing power of the natural world. Ultimately, it is a portrayal of home, and how it can be lost, rebuilt and rediscovered in the most unexpected ways.

Ein unvergessliches Wanderabenteuer ist die Alpenüberquerung auf dem bekannten Fernwanderweg E5: Auf 31 Etappen, 600 Kilometern Länge und 20.000 Höhenmetern führt sie vom Bodensee bis nach Verona. Beginnend mit saftigen Wiesen im Alpenvorland, vorbei an mächtigen Gletschern am Alpenhauptkamm und durch charmante italienische Bergdörfer erreicht man schließlich Verona mit seinem mediterranen Flair. Der Rother Wanderführer »Fernwanderweg E5« beschreibt die klassische Wegführung vom Bodensee über Oberstdorf und Bozen nach Verona und berücksichtigt außerdem eine ganze Reihe von Alternativwegen für besonders schwierige

Wegabschnitte oder schlechtes Wetter. Mindestens so bekannt und beliebt wie der E5 selbst ist seit vielen Jahren die sechstägige Alpenüberquerung »Oberstdorf – Meran«, die anfangs mit dem E5 identisch ist. Auch diese reizvolle Alternative ist in diesem Wanderführer beschrieben. Statt der vorgesehenen Busfahrt zwischen Wenns und Mittelberg hat man außerdem die Wahl zwischen einer gemütlichen Wanderung durchs Pitztal und einer anspruchsvollen Überschreitung des Kaunergrats. Dieser Rother Wanderführer bietet zu jeder Etappe eine ausführliche Routenbeschreibung, Wanderkärtchen mit eingezeichnetem Wegverlauf und aussagekräftige Höhenprofile. Detaillierte Infos zu Verkehrsanbindung, Einkehr und Unterkunft sowie die Beschreibung der Varianten erleichtern die Planung und ermöglichen die Anpassung der Teilstrecken an individuelle und äußere Bedingungen. Für vorgesehene Seilbahn- oder Busfahrten ist immer eine Alternative zu Fuß beschrieben, sodass man die gesamte Strecke aus eigener Kraft zurücklegen kann. GPS-Daten stehen auf der Internetseite des Rother Bergverlags zum Download bereit. Zahlreiche Tipps und Hintergrundinformationen bringen Sehens- und Wissenswertes am Wegrand näher.

"Alpenüberquerung mit Kindern" wurde von Familie Wolter wandernd überprüft und auf den neuesten Stand gebracht. \*\* Die schönste Aussicht will erwandert werden. Das zeigt sich auch bei Familie Wolter auf dem E5, einem Traumpfad zwischen Oberstdorf und Meran. Zwischen beiden Städten liegen nämlich: die Alpen. Und die sind ganz schön hoch und breit für fünf Kinder zwischen 2 und 17, Oma und Opa sowie Heike und Thomas. Zehn

Tage lang geht es durch Täler und an Flüssen entlang, über Hügel und steile Gipfel. Und weil normale Reiseführer nur bedingt für das Familienwandern geeignet sind, haben die Wolters kurzerhand Initiative ergriffen und fleißig wie die Murmeltiere erprobte Tipps und Tricks, praktische Checklisten sowie kindgerechte Wander-Informationen zusammengetragen. "Mit diesem Buch gelingt die E5-Wanderung auch mit kleinen Kindern. Besonders wertvoll ist dabei der Blick auf die schönen Veränderungen im Familienleben beim längeren Gehen." (Heike Wolter) Ein wertvolles Buch auch für alle, die Anregungen für ihren nächsten Familienurlaub mit Kindern suchen. Experience one of the greatest adventure stories of the modern age in this New York Times bestseller: the harrowing tale of British explorer Ernest Shackleton's 1914 attempt to reach the South Pole. In August 1914, polar explorer Ernest Shackleton boarded the *Endurance* and set sail for Antarctica, where he planned to cross the last uncharted continent on foot. In January 1915, after battling its way through a thousand miles of pack ice and only a day's sail short of its destination, the *Endurance* became locked in an island of ice. Thus began the legendary ordeal of Shackleton and his crew of twenty-seven men. When their ship was finally crushed between two ice floes, they attempted a near-impossible journey over 850 miles of the South

Atlantic's heaviest seas to the closest outpost of civilization. With an introduction by Nathaniel Philbrick, *Endurance* is the definitive account of Ernest Shackleton's fateful trip. Alfred Lansing brilliantly narrates the gripping and miraculous voyage that has defined heroism for the modern age.

This guidebook presents four specially devised treks in the mountains of Greece, showcasing its beautiful scenery, rich flora and cultural interest. The Peloponnese Way crosses the Peloponnese peninsula from Dhiakoftó in the north to Pantazí beach in the south, via Trípoli. Taking in alpine meadows, a dramatic gorge and forest-clad slopes, the 220km route can be walked in around a fortnight. The 460km Pindos Way is a south-north traverse of Greece's mountain backbone, and can be walked in a month, or split into sections of around a week. With remote terrain, navigational challenge and fewer facilities on route, it is the toughest of the four treks but offers a unique chance to experience both the country's wilderness and traditional mountain life. A shorter 80km Zagóri trek can be enjoyed in its own right or incorporated into the Pindos Way, and the final route explores Mt Olympus, home of the ancient gods of Greek myth and the highest mountain in Greece. With clear mapping alongside detailed route description for each stage of the treks, as well as background information about the region and a Greek-English glossary.

A lovely small-trim edition of the award-winning *Atlas of Remote Islands* The *Atlas of Remote Islands*, Judith Schalansky's beautiful and deeply personal account of the islands that have held a place

in her heart throughout her lifelong love of cartography, has captured the imaginations of readers everywhere. Using historic events and scientific reports as a springboard, she creates a story around each island: fantastical, inscrutable stories, mixtures of fact and imagination that produce worlds for the reader to explore. Gorgeously illustrated and with new, vibrant colors for the Pocket edition, the atlas shows all fifty islands on the same scale, in order of the oceans they are found. Schalansky lures us to fifty remote destinations—from Tristan da Cunha to Clipperton Atoll, from Christmas Island to Easter Island—and proves that the most adventurous journeys still take place in the mind, with one

finger pointing at a map.
