Integrates a
dictionary and
thesaurus in
one volume by

<p>combining meanings and related words in one entry. <u>The Oxford Dictionary of English Etymology</u> Oxford University Press</p> <p>In this dictionary of American art, 945 alphabetically arranged entries cover painters, sculptors, graphic artists, photographers, printmakers, and contemporary hybrid artists, along with important aspects of the cultural infrastructure.</p>	<p><i>The Oxford English Dictionary</i> Oxford University Press</p> <p>This new edition of Oxford's flagship single-volume dictionary brings you the results of the latest research into the real English of today. Oxford is lead partner in the British National Corpus, a massive and constantly expanding hundred-million-word database which allows editors to</p>	<p>sample today's language - newspapers, magazines, books, advertisements, even transcripts of spoken English. With thousands of occurrences of each common word available for instant analysis, lexicographers are able to track the latest trends in, for instance, spelling and hyphenation or disputed usages, with greater accuracy than ever before. This rolling,</p>
--	---	--

constantly updated 'opinion poll of language' combined with Oxford's unparalleled world reading programme (we spend more on language research than any other dictionary publisher in the world), ensures that COD9 is the up-to-date reference for today's English.

A Dictionary of Accounting

Oxford University Press, USA
This combined dictionary and thesaurus is the smallest

hardback in the Oxford range. The Little Oxford English Dictionary & Thesaurus is a convenient, compact, and portable reference book to help with studies or to solve everyday language problems and puzzles, wherever you are. This second edition features an attractive new design so that you can find what you need easily. This includes the integration of the dictionary and thesaurus text, meaning

that the thesaurus entry for a word sits directly alongside the dictionary entry so that you do not have to hunt around the page to find the word you are looking for. A new centre section gives encyclopedic information such as lists of countries and capitals, rivers and lakes, kings, queens, and prime ministers, as well as collective nouns, helping you to broaden your knowledge.

Packed with help and information, the Little Oxford English Dictionary & Thesaurus is the ideal small reference book for home, school, or work.

Concise Oxford English Dictionary

OUP Oxford The Oxford English Dictionary is the ultimate authority on the usage and meaning of English words and phrases, and a fascinating guide to the evolution of our language. It traces the

usage, meaning and history of words from 1150 AD to the present day. No dictionary of any language approaches the OED in thoroughness, authority, and wealth of linguistic information. The OED defines over half a million words, and includes almost 2.4 million illustrative quotations, providing an invaluable record of English throughout the centuries. The 20-

volume Oxford English Dictionary is the accepted authority on the evolution of the English language over the last millennium. It is an unsurpassed guide to the meaning, history, and pronunciation of over half a million words, both present and past. The OED has a unique historical focus. Accompanying each definition is a chronologically arranged group of quotations that trace the

usage of words, and show the contexts in which they can be used. The quotations are drawn from a huge variety of international sources - literary, scholarly, technical, popular - and represent authors as disparate as Geoffrey Chaucer and Erica Jong, William Shakespeare and Raymond Chandler, Charles Darwin and John Le Carré. In all, nearly 2.5 million

quotations can be found in the OED . Other features distinguishing the entries in the Dictionary are authoritative definitions of over 500,000 words; detailed information on pronunciation using the International Phonetic Alphabet; listings of variant spellings used throughout each word's history; extensive treatment of etymology; and details of area of usage and of any regional

characteristics (including geographical origins). *Oxford English Dictionary* Oxford University Press, USA Did you know that 'flavour of the month' originated in a marketing campaign in American ice-cream parlours in the 1940s, when a particular flavour would be specially promoted for a month at a time? And did you know that 'off the cuff' refers to the rather messy practice of writing impromptu

notes on one's shirt cuff before speaking in public? These and many more idioms are explained and put into context in this second edition of the Oxford Dictionary of Idioms. This vastly entertaining dictionary takes a fresh look at the idiomatic phrases and sayings that make English such a rich and intriguing language. A major new edition, it contains entries for over 5000 idioms,

including 350 new entries and over 500 new quotations. The text has been updated to include many new idioms using the findings of the Oxford English Reading Programme, the biggest language research programme in the world. The entries are supported by a wealth of illustrative quotations from a wide range of sources and periods. For example: 'Rowling has not been

asleep at the wheel in the three years since the last Potter novel, and I am pleased to report that she has not confused sheer length with inspiration.' - Guardian, 2003. 'I made the speech of a lifetime. I had them tearing up the seats and rolling in the aisles.' - P.G. Woodhouse, 1940. Many entries include boxed features which give more detailed background on the idiom in question.

For example, did you know that 'taken aback' was adopted from nautical terminology, and described a ship unable to move forward because of a strong headwind pressing its sails back against the mast? The text has been entirely redesigned so that it is both elegant and easy to use. Anyone interested in the quirky side of the English language will have hours of fun browsing

through this fascinating and informative volume. A Dictionary of Sociology Oxford University Press, USA The Oxford English Dictionary is the ultimate authority on the usage and meaning of English words and phrases, and a fascinating guide to the evolution of our language. It traces the usage, meaning and history of words from 1150 AD to the present day. No

dictionary of any language approaches the OED in thoroughness, authority, and wealth of linguistic information. The OED defines over half a million words, and includes almost 2.4 million illustrative quotations, providing an invaluable record of English throughout the centuries. The Oxford Dictionary of English offers authoritative and in-depth coverage of over 350,000 words, phrases, and meanings. The foremost single-volume authority on the English language.

The Oxford Dictionary of Art and Artists

Oxford : Clarendon Press ; Oxford ; New York : Oxford University Press
 The Oxford Dictionary of English Grammar is a straightforward and accessible A-Z

guide to the diverse and often complex terminology of English grammar. It contains over 1,600 entries with clear and concise definitions, enhanced by numerous example sentences, as well as relevant quotations from the scholarly literature of the field. This second edition is written and edited by Professor Bas Aarts of University College London, writer of the acclaimed

Oxford Modern English Grammar. It has been fully revised and updated, with particular attention paid to refreshing the example sentences included within the text. There are over 150 new entries that cover current terminology which has arisen since the publication of the first edition, and there are also new entries on the most important English grammars

published since the start of the 20th century. Hundreds of new cross-references enhance the user-friendly nature of the text, and the list of works cited has been thoroughly updated to reflect the current state of the field. A short appendix of web links has been added. All in all, this Dictionary is an invaluable guide to English grammar for all students and teachers of the subject, as well as all

those with an informed interest in the English language. *The Oxford American College Dictionary* Oxford University Press, USA This best-selling dictionary includes more than 3,800 entries covering all aspects of accounting, including financial accounting, financial reporting, management accounting, taxation, auditing, corporate finance, and

accounting bodies and institutions. Its international coverage includes important terms from UK, US, Australia, India, and Asia-Pacific. Over 150 new entries have been added to this edition to reflect the very latest developments in the accounting profession, e.g. Accounting Council, European Financial Stability Mechanism, and General Anti-Abuse Rule. In

addition, existing entries have been updated to cover the latest developments, most notably the Financial Reporting Standard Applicable in the UK and the Republic of Ireland, which sets out new rules in areas such as goodwill, hedge accounting, and fair value accounting. There is increased coverage of topics such as corporate governance, accounting ethics, accounting

scandals, and major firms and professional bodies. With its authoritative and accessible definitions and its wide-ranging coverage, this dictionary is essential for students and professionals in accounting and finance. It is also an ideal source of reference for anyone seeking a clear guide to the often-confusing world of accountancy terms. *The Concise Oxford Dictionary of*

Politics Oxford Quick Reference Here is a wonderful Baedeker to down-and-dirty politics--more than six hundred slang terms straight from the smoke-filled rooms of American political speech. *Hatchet Jobs and Hardball: The Oxford Dictionary of American Political Slang* illuminates a rich and colorful segment of our language. Readers will find informative entries on

slang terms such as Beltway bandit and boondoggle, angry white male and leg treasurer, juice bill and Joe Citizen, banana superpower and the Big Fix. We find not only the meaning and history of familiar terms such as gerrymander, but also of lesser-known terms such as cracking (splitting a bloc of like-minded voters by redistricting) and fair-fight district (which refers to areas

redistricted to favor no political party). Each entry includes the definition of the word, its historical background, and illuminating citations, some going back more than 200 years. (We learn, for instance, that a term as seemingly current as political football actually dates back to before the Civil War.) Selected entries will have extended encyclopedic notes. The

book also features sidebar essays on topics such as political words in Blogistan; a short history of "big cheese"; all about chads and the 2000 election; the suffix "-gate" and all the related Watergate terms; and the naming of legislation. Political junkies, policy wonks, journalists, and word lovers will find this book addictive reading as well as a reliable guide to one of the

more colorful corners of American English.	unparalleled in its accuracy and comprehensiveness, the Oxford English Dictionary is the supreme reference work for anyone who loves the language. Key features: *	James Murray's pronunciation system with the International Phonetic Alphabet *

b SiteA companion web site is now available at www.oup.com/us/noad. Oxford Learner's Dictionary of Academic English Oxford University Press Far more than a dry hagiographical account of the lives of saints, this entertaining and authoritative dictionary breathes life into its subjects and is as browsable as it is informative. First published

in 1978, the Oxford Dictionary of Saints offers more than 1,700 fascinating and informative entries covering the lives, cults, and artistic associations of saints from around the world, from the famous to the obscure, the rich to the poor, and the academic to the uneducated. From all walks of life and from all periods of history and from around the world, the wide varieties

of personalities and achievements of the canonized are reflected. An updated introduction explains the steps towards becoming a

saint, the processes of beatification and canonization. This revised fifth edition includes appendices containing five maps of pilgrimage

sites, a list of saints' patronages and iconographical emblems, and a calendar of principal feasts, as well as a new appendix on pilgrimages.
