When Old Testament Wisdom appeared

in 1981, new perspectives on biblical theology, an increasing awareness of ancient Near Eastern texts resembling biblical wisdom, and an emerging interest in ethnic proverbs were mere intimations of what was to become a dramatic outpouring of scholarship on wisdom literature. In this expanded edition, James Crenshaw takes stock of the wealth of new material produced by contemporary interpreters. Liberation and feminists critics, scholars in comparative religion, specialists in devotional theology, and researchers exploring educational systems in the ancient Near East all have enriched our understanding of wisdom literature in recent years, and all receive insightful treatment in this new volume. Now as before, Crenshaw's Old Testament Wisdom is an invaluable asset for anyone wishing to understand the rich and complex legacy of wisdom literature. A cat-like creature foils the plans of an evil alchemist in this comic fantasy by the author of *The City of Dreaming Books*. Malaisea, the unhealthiest town in the whole of Zamonnia, is home to Echo the Crat, a multitalented creature resembling a cat in appearance but capable of speaking any language under the sun, human or animal. When his mistress dies, Echo finds himself out on the street. Dying of starvation, he is compelled to sign a contract with Ghoolion the Alchemist, Malaisea's evil alchemist-in-chief. This fateful document gives Ghoolion the right to kill Echo at the next full moon and render him down for his fat, with which he hopes to brew an alchemical concoction that will make him immortal. In return, he promises to regale the little Crat with the most exquisite gastronomic delicacies until his time is up. But Ghoolion has reckoned without Echo's talent for survival and his ability to make new friends. Walter Moers's magnificent translation of Optimus Yarnspinner's novel introduces us to yet another of Zamonnia's hotbeds of adventure: Malaisea, a place where sick is healthy, up is down, right is wrong, and Ghoolion the Alchemist reigns supreme—until

Echo crosses his path. Praise for *The Alchemaster's Apprentice* "Cheerfully insane. . . . Remains lively and inventive right through the final heroic battle between good and evil." —New York Times Book Review "Moers's creative mind is like J. K. Rowling's on ecstasy; his book reads like a collision between *The Hitchhiker's Guide to the Galaxy* and the Brothers Grimm. . . . What a delightful book." —Detroit News and Free Press "Relentlessly whimsical." —Library Journal "Cross *The Lord of the Rings* with *Yellow Submarine*, throw in dashes of *Monty Python*, *Douglas Adams*, *Shrek*, and *The Princess Bride* . . . That's the sort of alchemy in which this sprawling novel trades." —Kirkus Reviews

The Sociology of Space Delacorte Press
In this book, the author develops a relational concept of space that encompasses social structure, the material world of objects and bodies, and the symbolic dimension of the social world. Löw's guiding principle is the assumption that space emerges in the interplay between objects, structures and actions. Based on a critical discussion of classic theories of space, Löw develops a new dynamic theory of space that accounts for the relational context in which space is constituted. This innovative view on the interdependency of material, social, and symbolic dimensions of space also permits a new perspective on architecture and urban development.

Hans Jonas here rethinks the foundations of ethics in light of the awesome transformations wrought by modern technology: the threat of nuclear war, ecological ravage, genetic engineering, and the like. Though informed by a deep reverence for human life, Jonas's ethics

is grounded not in religion but in metaphysics, in a secular doctrine that makes explicit man's duties toward himself, his posterity, and the environment. Jonas offers an assessment of practical goals under present circumstances, ending with a critique of modern utopianism.

Washington Post "Esther Safran Foer is a force of nature: a leader of the Jewish people, the matriarch of America's leading literary family, an eloquent

defender of the proposition that memory matters. And now, a riveting memoirist.”—Jeffrey Goldberg, editor in chief of *The Atlantic* **NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR**

Esther Safran Foer grew up in a home where the past was too terrible to speak of. The child of parents who were each the sole survivors of their respective families, for Esther the Holocaust loomed in the backdrop of daily life, felt but never discussed. The result was a childhood marked by painful silences and continued tragedy. Even as she built a successful career, married, and raised three children, Esther always felt herself searching. So when Esther’s mother casually mentions an astonishing revelation—that her father had a previous wife and daughter, both killed in the Holocaust—Esther resolves to find out who they were, and how her father survived. Armed with only a black-and-white photo and a hand-drawn map, she travels to Ukraine, determined to find the shtetl where her father hid during the war. What she finds reshapes her identity and gives her the opportunity to finally mourn. *I Want You to Know We’re Still Here* is the poignant and deeply moving story not only of Esther’s journey but of four generations living in the shadow of the Holocaust. They are four generations of survivors, storytellers, and memory keepers, determined not just to keep the past alive but to imbue the present with life and more life.

THE BASIS FOR THE INTERNATIONAL TV

SENSATION BABYLON BERLIN "Cabaret on cocaine...captures the dark glamour of a briefly exhilarating time between the wars." --NPR *Babylon Berlin* is the first book in the international-bestselling series from Volker Kutscher that centers on Detective Gereon Rath caught up in a web of drugs, sex, political intrigue, and murder in Berlin as Germany teeters on the edge of Nazism. It’s 1929 and Berlin is the vibrating metropolis of post-war Germany—full of bars and brothels and dissatisfied workers at the point of revolt. Gereon Rath is new in town and new to the police department. When a dead man without an identity, bearing traces of atrocious torture, is discovered, Rath sees a chance to find his way back into the homicide division. He discovers a connection with a circle of oppositional exiled Russians who try to purchase arms with smuggled gold in order to prepare a coup d’état. But there are other people trying to get hold of the gold and the guns, too. Rath finds himself up against paramilitaries and organized criminals. He falls in love with Charlotte, a typist in the homicide squad, and misuses her insider’s knowledge for his personal investigations. And as he gets further entangled with the case, he never imagined becoming a suspect himself. “The first in a series that’s been wildly popular in Germany is an excellent police procedural that cleverly captures the dark and dangerous period of the Weimer Republic before it slides into the ultimate evil of Nazism.”—Kirkus Reviews “Conjures up the dangerous decadence of the Weimar years, with blood on the Berlin streets and the Nazis lurking menacingly in the wings.”—The Sunday Times (London) “James Ellroy fans will welcome Kutscher’s first novel and series launch, a fast-paced blend of

murder and corruption sent in 1929 Berlin.”—Publishers Weekly (starred review)

Tiere zu beobachten und zu fotografieren ist die große Passion von Hans D. Dossenbach. Um diese Leidenschaft auszuleben, begab sich der Autor in die wildesten Winkel der Erde, von Inseln zwischen Alaska und Sibirien bis ins Herz Afrikas, wo er in Ruanda mit den letzten Berggorillas auf Tuchfühlung ging, von den Galapagosinseln bis in die Wildnis Australiens. Das Buch, das nun am Ende aller Reisen entstanden ist, ist eine lebendige Mischung aus Autobiografie, Reiseerzählung und zoologischen Beobachtungen. Eine Fülle von Erlebnissen mit Menschen und Tieren, gleichermaßen unterhaltsam und lehrreich.

The period between the end of World War I and Hitler's ascension to power witnessed an unprecedented cultural explosion that embraced the whole of Europe but was, above all, centered in Germany. Germany housed architect Walter Gropius and the Bauhaus movement; playwrights Bertolt Brecht

and Erwin Piscator; artists Hans Richter, George Grosz, John Heartfield, and Hannah Hoch; composers Paul Hindemith, Arnold Schonberg, and Kurt Weill; and dozens of others. In *Art and Politics in the Weimar Period*, John Willett provides a brilliant explanation of the aesthetic and political currents which made Germany the focal point of a new, down-to-earth, socially committed cultural movement that drew a significant measure of inspiration from revolutionary Russia, left-wing social thought, American technology, and the devastating experience of war.

Annie and Duncan are a mid-thirties couple who have reached a fork in the road, realising their shared interest in the reclusive musician Tucker Crowe (in Duncan's case, an obsession rather than an interest) is not enough to hold them together any more. When Annie hates Tucker's 'new release', a terrible demo of his most famous album, it's the last straw - Duncan cheats on her and she promptly throws him out. Via an internet discussion forum, Annie's harsh opinion reaches Tucker himself, who couldn't agree more. He and Annie start an unlikely correspondence which teaches them both something about moving on from years of wasted time. Nick Hornby's compelling new novel, four years after *A Long Way Down*, is about the nature of creativity and obsession, and how two lonely people can gradually find each other.
