The 'prototype Leyland' carried all before it, winning the top prize of a silver medal. Their company built on its success in its early years with bigger and better

trucks, including the first steam bus model and the first ever export order for a steam mail van for Ceylon, now known as Sri Lanka.

Engineering:Leyland L60 - HandWiki

Jun 17, 2014 · The 600 was first produced in 1949 and the 680 shortly after. The main design change came around 1961 when the "power plus" series came in, upping the power from 125 to 150bhp in the 600 and from 150 to 200bhp for the 680. Plenty of manuals around (one on ebayuk at the

moment) Thanks Mate for that
