One of the most unusual decisions of the leaders of the French Revolution - and one that had immense practical as well as symbolic impact - was to abandon customarily-accepted ways of calculating date and time to create a Revolutionary calendar. The experiment lasted from 1793 to 1805, and prompted all sorts of questions about the nature of time, ways of measuring it and its relationship to individual, community, communication and creative life. This study traces the course of the Revolutionary Calendar, from its cultural origins to its decline and fall. Tracing the parallel stories of the calendar and the literary genius of its creator, Sylvain Maréchal, from the Enlightenment to the Napoleonic era, Sanja Perovic reconsiders the status of the French Revolution as the purported 'origin' of modernity, the modern experience of time, and the relationship between the imagination and political action.

Dive into this uniquely elegant visual exploration of the sea An informative and utterly beautiful introduction to marine life and the ocean environment, Oceanology brings the riches of the underwater world onto the printed page. Astounding photography reveals an abundance of life, from microscopic plankton to great whales, seaweed to starfish. Published in association with the Smithsonian Institution, the book explores every corner of the oceans, from coral reefs and mangrove swamps to deep ocean trenches. Along the way, and with the help of clear, simple illustrations, it explains how life has adapted to the marine environment, revealing for example how a stonefish delivers its lethal venom and how a sponge sustains itself by sifting food from passing currents. It also examines the physical forces and processes that shape the oceans, from global circulation systems and tides to undersea volcanoes and tsunamis. To most of us, the marine world is out of reach. But with the help of photography and the latest technology, Oceanology brings us up close to animals, plants, and other living things that inhabit a fantastic and almost incomprehensibly beautiful other dimension.

Fall in love with the addictive, suspenseful love story between a teenage girl and a vampire with the book that sparked a "literary phenomenon" and redefined romance for a generation (New York Times). Isabella Swan's move to Forks, a small, perpetually rainy town in Washington, could have been the most boring move she ever made. But once she meets the mysterious and alluring Edward Cullen, Isabella's life takes a thrilling and terrifying turn. Up until now, Edward has managed to keep his vampire identity a secret in the small community he lives in, but now nobody is safe, especially Isabella, the person Edward holds most dear. The lovers find themselves balanced precariously on the point of a knife -- between desire and danger. Deeply romantic and extraordinarily suspenseful, Twilight captures the struggle between defying our instincts and satisfying our desires. This is a love story with bite. It's here! #1 bestselling author Stephenie Meyer makes a triumphant return to the world of Twilight with the highly anticipated companion, Midnight Sun: the iconic love story of Bella and Edward told from the vampire's point of view. The first night after Caroline moves into her fantastic new San Francisco apartment, she realizes she's gaining an—um—intimate knowledge of her new neighbor's nocturnal adventures. Thanks to paper-thin walls and the guy's athletic prowess, she can hear not just his bed banging against the wall but the ecstatic response of what seems (as loud night after loud night goes by) like an endless parade of women. And since Caroline is currently on a self-imposed "dating hiatus," and her neighbor is clearly lethally attractive to women, she finds her fantasies keep her awake even longer than the noise. So when the wallbanging threatens to literally bounce her out of bed, Caroline, clad in sexual frustration and a pink baby-doll nightie, confronts Simon Parker, her heard-but-never-seen neighbor. The tension between them is as thick as the walls are thin, and the results just as mixed. Suddenly, Caroline is finding she may have discovered a whole new definition of neighborly... In a delicious mix of silly and steamy, Alice Clayton dishes out a hot and hilarious tale of exasperation at first sight.

The author that brought black literature to the streets is back. Weaving stories of deceit, sex, humor, and race, bestselling author Iceberg Slim brings us the story of a hustler who doesn't just play the con game, he transforms it. This is the gritty truth, the life of a hustler in south side Chicago where the only characters are those who con and those who get conned. Trick Baby tells the story of "White Folks," a blue-eyed, light-haired, con artist whose pale skin allows him to pass in the streets as a white man. Folks is tormented early in life, rejected by other children and branded a "Trick Baby," the child conceived between a hooker and her trick. Refusing to abandon his life in the ghetto and a chance at revenge, Folks is taken under the wing of an older mentor, Blue. What happens next is not to be believed. Iceberg Slim's story is now depicted in a major motion picture distributed worldwide. Iceberg Slim: Portrait of a Pimp shows Slim's transformation from pimp to the author of seven classic books.

The Man Who Laughs (1869) is a novel by Victor Hugo. Written while Hugo was living in exile on the island of Guernsey, The Man Who Laughs is set between the 17th and 18th centuries in England, a time of political unrest and class conflict in which he identified parallels to France of the 19th

century. Although the novel was largely panned at the time, it has since been recognized as one of Hugo's greatest works. The Man Who Laughs has inspired over a dozen adaptations in film, theater, and comics, including a 1928 American silent film that served as source material for the Joker in the original 1940 issue of Batman. "Again the child set himself to sweep away the snow. The neck of the dead woman appeared; then her shoulders, clothed in rags. Suddenly he felt something move feebly under his touch. It was something small that was buried, and which stirred. The child swiftly cleared away the snow, discovering a wretched little body—thin, wan with cold, still alive, lying naked on the dead woman's naked breast."

Abandoned by a group of Comprachicos, criminals who buy and capture children for the purpose of mutilating them and forcing them to work as beggars or performers, the young Gwynplaine wanders the English coast alone. During a storm, he discovers an infant girl and her dead mother lying in the snow, and endeavors to save the child. Left with no choice but to rely on strangers, Gwynplaine joins a carnival run by the merciful Ursus, a man with a pet wolf. Horrified at first by the boy's disfigurement, which has left a perpetual smile on his face, Ursus agrees to care for the children and soon finds that Gwynplaine is a versatile and lucrative attraction at his shows. When the Duchess Josiana attends the carnival to see Gwynplaine, now a young man, she finds herself strangely attracted to him. With a beautifully designed cover and professionally typeset manuscript, this edition of Victor Hugo's The Man Who Laughs is a classic work of French literature reimagined for modern readers.

The Pursuit of Holiness Courier Corporation

A classic of modern French literature, the thrilling real-life story of the military hero, ambassador, ladies man, writer, and loving son I grew up longing for the day when I could tear down the veil of darkness and absurdity concealing the true face of the universe and discover at last a smile of kindness and wisdom; I grew up in the certitude that one day I should help my fellow men to wrest the world from our enemies and give back the earth to those who ennoble it with their courage and warm it with their love. Promise at Dawn begins as the story of a mother's sacrifice: alone and poor, she fights fiercely to give her son the very best. Romain Gary chronicles his childhood in Russia, Poland, and on the French Riviera; he recounts his adventurous life as a young man fighting for France in World War II. But above all he tells the story of the love for his mother that was his very life—their secret and private planet, their wonderland "born out of a mother's murmur into a child's ear, a promise whispered at dawn of future triumphs and greatness, of justice and love."
