"I believe in possibility. Of magic, of omens, of compasses, of love. Some of it's a little bit true." Sixteen-year-old Tal is a Wanderer—a grifter whose life is built around the sound of wheels on the road, the customs of her camp, and the artful scams that keep her fed. With her brother, Wen, by her side, it's the only life she's ever known. It's the only one she's ever needed. Then, in a sleepy Southern town, the queen of cons picks the wrong mark when she meets Spencer Sway—the clean-cut Socially Secured boy who ends up hustling her instead of the other way around. For the first time, she sees a reason to stay. As her obligations to the camp begin to feel like a prison sentence, the pull to leave tradition behind has never been so strong. But the Wanderers live by signs, and all the signs all say that Tal and Spencer will end disaster and grief. Is a chance at freedom worth almost certain destruction? *Wandering Wild* is an achingly romantic journey of tradition and self-discovery—a magical debut.

Following a lifetime of trekking across the globe, Vivian Swift, a freelance designer who racked up 23 temporary addresses in 20 years, finally dropped her well-worn futon mattress and rucksack in a small town on the edge of the Long Island Sound. She spent the next decade quietly taking stock of her life, her immediate surroundings, and, finally, what it means to call a place a home. The result is *When Wanderers Cease to Roam*. Filled with watercolors of beautiful local landscapes, seasonal activities, and small, overlooked pleasures of easy living, each chapter chronicles the perks of remaining at home, including recipes, hobbies, and prized possessions of the small town lifestyle. At once gorgeously rendered and wholly original, this delightful and masterfully observed year of staying put conjures everything from youthful yearnings and romantic travels to lumpy, homemade sweaters and the gradations of March mud.

One Dress, Three Weeks, Eight Countries—Zero Baggage Newly recovered from a quarter-life meltdown, Clara Bensen decided to test her comeback by signing up for an online dating account. She never expected to meet Jeff, a wildly energetic university professor with a reputation for bucking convention. They barely know each other's last names when they agree to set out on a risky travel experiment spanning eight countries and three weeks. The catch? No hotel reservations, no plans, and best of all, no baggage. Clara's story will resonate with adventurers and homebodies alike—it's at once a romance, a travelogue, and a bright modern take on the age-old questions: How do you find the courage to explore beyond your comfort zone? Can you love someone without the need for labels and commitment? Is it possible to truly leave your baggage behind?

Textile designer Lisa Fine shares the many sources of inspiration for her coveted hand-printed linens and her personal interior design aesthetic. In *Near & Far*, Lisa Fine invites us into her homes in Dallas, New York, and Paris and then takes us along as she visits the places and people who have been her greatest sources of inspiration. Among her favored treasures are the Mughal palaces and gardens of India, the 18th-century home of Carl Linnaeus in Sweden, the whitewashed retreat of interior designer John Stefanidis on Patmos, the idyllic country house and garden of London-based designer Penny Morrison, and the storied house in the Tangier Casbah belonging to collectors Jamie Creel and Marco Scarani. Evocatively photographed by Miguel Flores-Vianna and with a foreword by style editor Deborah Needleman, *Near & Far* not only provides a trove of design ideas, but also offers advice for anyone interested in giving full expression to their personal style.

It's not about the destination... A runaway princess, a zombie nation, a divine cat, and lots and lots of bread. These are just a few of the many highlights that color the travels of our young witch. Each place she visits is a new story waiting to be told, rife with encounters that are anything but typical. And rarely ending the way anyone expects. Such is the magic of wandering, you see. You never know quite where you'll end up. A tale can take a turn at any moment and become something else entirely...

Orphaned, disgraced, and stripped of her title, Rho is ready to live life quietly, as an aid worker in the Cancrian refugee camp on House Capricorn. But news has spread that the Marad—a group of unbalanced Risers determined to overturn harmony in the Galaxy—could strike any House at any moment. Then, unwelcome nightmare that he is, Ochus appears to Rho, bearing a cryptic message that leaves her with no choice but to fight. Now Rho must embark on a high-stakes journey through an all-new set of Houses, where she discovers that there's much more to her Galaxy—and to herself—than she could have ever imagined. And just when Rho has started to come to terms with the pain of losing Mathias, the stars deliver their most shocking surprise yet.

The boy known as Tor Baz—the black falcon—wanders between tribes. He meets men who fight under different flags, and women who risk everything if they break their society's code of honour. Where has he come from, and where will destiny take him? Set in the decades before the rise of the Taliban, Jamil Ahmad's stunning debut takes us to the essence of human life in the forbidden areas where the borders of Pakistan, Iran and Afghanistan meet. Today the 'tribal areas' are often spoken about as a remote region, a hotbed of conspiracies, drone attacks and conflict. In *The Wandering Falcon*, this highly traditional, honour-bound culture is revealed from the inside for the first time. With rare tenderness and perception, Jamil Ahmad describes a world of custom and cruelty, of love and gentleness, of hardship and survival; a fragile, unforgiving world that is changing as modern forces make themselves known. With the fate-defying story of Tor Baz, he has written an unforgettable novel of insight, compassion and timeless wisdom. It is true, I am neither a Mahsud nor a Wazir. But I can tell you as little about who I am as I can about who I shall be. Think of Tor Baz as your hunting falcon. That should be enough.

One of TIME's 100 Must Read Books of 2020 and one of Good Housekeeping's Best Books of the Year "One of the smartest young writers of her generation."—Book Riot Featuring a new afterword from

the author, Morgan Jerkins' powerful story of her journey to understand her northern and southern roots, the Great Migration, and the displacement of black people across America. Between 1916 and 1970, six million black Americans left their rural homes in the South for jobs in cities in the North, West, and Midwest in a movement known as The Great Migration. But while this event transformed the complexion of America and provided black people with new economic opportunities, it also disconnected them from their roots, their land, and their sense of identity, argues Morgan Jerkins. In this fascinating and deeply personal exploration, she recreates her ancestors' journeys across America, following the migratory routes they took from Georgia and South Carolina to Louisiana, Oklahoma, and California. Following in their footsteps, Jerkins seeks to understand not only her own past, but the lineage of an entire group of people who have been displaced, disenfranchised, and disrespected throughout our history. Through interviews, photos, and hundreds of pages of transcription, Jerkins braids the loose threads of her family's oral histories, which she was able to trace back 300 years, with the insights and recollections of black people she met along the way—the tissue of black myths, customs, and blood that connect the bones of American history. Incisive and illuminating, *Wandering in Strange Lands* is a timely and enthralling look at America's past and present, one family's legacy, and a young black woman's life, filtered through her sharp and curious eyes.

Renowned photographer Miguel Flores-Vianna's visual diary of his travels through 14 countries on 5 continents Miguel Flores-Vianna's childhood in Argentina was marked by two constants that he believes shaped the life he chose to lead: travel and books. Perhaps because the country feels like it is located at the end of the world, most Argentines are born with a good dose of wanderlust, and Flores-Vianna had a higher dose than normal. Books helped him discover places both literally and figuratively, creating romantic visions of lands he wanted to visit, and he has gone on to document his peripatetic life with his camera, recording places as he feels they should be rather than as they are. In this irresistible volume, Flores-Vianna shares some 250 of his favorite images taken all over Europe, Africa, Asia, and the Americas—captured only with his smartphone—in the hope that viewers, seeing the world through his eyes, will learn to love these most wondrous of places as much as he does.

As Christmas of 1804 approaches, Jane Austen finds herself "insupportably bored with Bath, and the littleness of a town." It is with relief that she accepts a peculiar commission from her Gentleman Rogue, Lord Harold Trowbridge—to shadow his niece, Lady Desdemona, who has fled to Bath to avoid the attentions of the unsavoury Earl of Swithin. But Jane's idle diversion turns deadly when a man is discovered stabbed to death in the Theatre Royal. Adding to the mystery is an unusual object found on the victim's body—a pendant that contains a portrait of an eye! As Jane's fascination with scandal leads her deeper into the investigation, it becomes clear that she will not uncover the truth without some dangerous playacting of her own....

Without a map, nineteen-year-old Jake Ducey leaves behind a drug-filled life and college basketball scholarship to wander the world and prove we can find our dreams by following our heart. On the outskirts of civilization, often uncertain, without money and near death, he finds that everything he was seeking in the world was within him the whole time. Journeying from Guatemala to Australia, Indonesia to Thailand, and ending with fourteen days of silent meditation, he shows that our destiny is in reach if we only look within ourselves first. Foreword by Laird Hamilton, World Surfing Champion "Jake's book will move you to pursue your wildest dreams." Laird Hamilton, World Surf Champion "Decades ago there were visionaries at Apple Inc. who changed the world; Steve Jobs and me. Now Jake is here to transform the world in his own right." Steve Wozniak, (co-founder of Apple Inc.) "Jake's journey and book are proof that when we follow the Law-of-Attraction miracles become regularities and we live our wildest dreams while love surrounds us!" Richard Cohn (Publisher of the Secret/Founder of Beyond Words Publishing) "Jake's book shows that if you Make-A-Wish and act on it, you're rewarded. Inspiring!" Frank Shankwitz (Founder of Make-A-Wish Foundation) "Jake is proof that when we trust in Spirit we achieve whatever we put our minds to, including changing the world." Leah Amico (three time Olympic Gold Medalist, motivational speaker) "Jake's book shows that no matter your age, you can Think and Grow Rich, but that wealth begins within." Greg S. Reid (NYT Bestselling author-Napoleon Hill Foundation) "Jake's big vision and unlimited passion will push you to do more to become a leader for a new way of life with endless possibilities." Forbes Riley Lisa McCourt, author of the Hay House book, *Juicy Joy - 7 Simple Steps to Your Glorious, Gutsy Self*, as well as many books for young people that have sold over 5.5 million copies, said: "With a raw, authentic passion for his mission, Jake Ducey is bringing New Thought principles of truth and love to a whole new generation of seekers. I'm so excited to watch the unfolding of this blossoming visionary." "Jake's book and ability to speak will take you from your transition phase to one of success and purpose." "Engaging hybrid - part lyrical travelogue, part investigative journalism and part jeremiad, all shot through with droll humor." --The Atlanta Journal Constitution In 1867, John Muir set out on foot to explore the botanical wonders of the South, keeping a detailed journal of his adventures as he traipsed from Kentucky southward to Florida. One hundred and fifty years later, on a similar whim, veteran Atlanta reporter Dan Chapman, distressed by sprawl-driven environmental ills in a region he loves, recreated Muir's journey to see for himself how nature has fared since Muir's time. Channeling Muir, he uses humor, keen observation, and a deep love of place to celebrate the South's natural riches. But he laments that a treasured way of life for generations of Southerners is endangered as long-simmering struggles intensify over misused and dwindling resources. Chapman seeks to discover how Southerners might balance surging population growth with protecting the natural beauty Muir found so special. Each chapter touches upon a local ecological problem—at-risk species in Mammoth Cave, coal ash in Kingston, Tennessee, climate change in the Nantahala National Forest, water wars in Georgia, aquifer depletion in Florida—that resonates across the South.

Chapman delves into the region's natural history, moving between John Muir's vivid descriptions of a lush botanical paradise and the myriad environmental problems facing the South today. Along the way he talks to locals with deep ties to the land—scientists, hunters, politicians, and even a Muir impersonator—who describe the changes they've witnessed and what it will take to accommodate a fast-growing population without destroying the natural beauty and a cherished connection to nature. *A Road Running Southward* is part travelogue, part environmental cri de coeur, and paints a picture of a South under siege. It is a passionate appeal, a call to action to save one of the loveliest and most biodiverse regions of the world by understanding what we have to lose if we do nothing.

Bland is anathema to Carlos Mota. As he travels the world—from Lisbon to Tangier, India to Santo Domingo, New York to Paris—producing feature stories and ad campaigns for countless publications and companies, he exults in every spark of originality and creativity he sees. Fortunately for us, he not only documents his sightings with his camera but also collects images by a Who's Who of interiors and architectural photographers. And in this volume, he has culled some 280 of his favorite images, all wholly different but all sharing one quality: the beauty of color, both literally and figuratively. There are interiors, table settings, fabric swatches, tiles, floral arrangements, sculptures, architectural ornamentation—whatever captures his discriminating eye. Peppered with quotes about color and beauty by a host of designers, *Beige Is Not a Color* is the antithesis of bland and as aspirational as it is inspirational.

"Does the fact that as much as fifty percent of our waking hours [finds] us failing to focus on the task at hand represent a problem? Michael Corballis doesn't think so, and with [this book], he shows us why, rehabilitating woolgathering and revealing its ... useful effects. Drawing on the latest research from cognitive science and evolutionary biology, Corballis [posits that] mind-wandering not only frees us from moment-to-moment drudgery, but also from the limitations of our immediate selves"—Amazon.com.

The second volume in Larry McMurtry's four-part historical epic featuring the Berrybender family as they continue their journey through the West during the 1830s. In *The Wandering Hill*, Larry McMurtry continues the story of Tasmin Berrybender and her eccentric family in the still unexplored Wild West of the 1830s. Their journey is one of exploration, beset by difficulties, tragedies, the desertion of trusted servants, and the increasing hardships of day-to-day survival in a land where nothing can be taken for granted. By now, Tasmin is married to the elusive young mountain man Jim Snow (the "Sin Killer"). On his part, Jim is about to discover that in taking the outspoken, tough-minded, stubbornly practical young aristocratic woman into his teepee he has bitten off more than he can chew. Still, theirs is a great love affair and dominates this volume of Larry McMurtry's *The Berrybender Narratives*, in which Tasmin gradually takes center stage as her father loses his strength and powers of concentration, and her family goes to pieces stranded in the hostile wilderness. *The Wandering Hill* (which refers to a powerful and threatening legend in local Indian folklore) is at once literature on a grand scale and riveting entertainment by a master storyteller.

A Road Running Southward Little, Brown

The acclaimed author of *The End of Nature* takes a three-week walk from his current home in Vermont to his former home in the Adirondacks and reflects on the deep hope he finds in the two landscapes. Bill McKibben begins his journey atop Vermont's Mt. Abraham, with a stunning view to the west that introduces us to the broad Champlain Valley of Vermont, the expanse of Lake Champlain, and behind it the towering wall of the Adirondacks. "In my experience," McKibben tells us, "the world contains no finer blend of soil and rock and water and forest than that found in this

scene laid out before me—a few just as fine, perhaps, but none finer. And no place where the essential human skills—cooperation, husbandry, restraint—offer more possibility for competent and graceful inhabitation, for working out the answers that the planet is posing in this age of ecological pinch and social fray." The region he traverses offers a fine contrast between diverse forms of human habitation and pure wilderness. On the Vermont side, he visits with old friends who are trying to sustain traditional ways of living on the land and to invent new ones, from wineries to biodiesel. After crossing the lake in a rowboat, he backpacks south for ten days through the vast Adirondack woods. As he walks, he contemplates the questions that he first began to raise in his groundbreaking meditation on climate change, *The End of Nature*: What constitutes the natural? How much human intervention can a place stand before it loses its essence? What does it mean for a place to be truly wild? *Wandering Home* is a wise and hopeful book that enables us to better understand these questions and our place in the natural world. It also represents some of the best nature writing McKibben has ever done.

Shivya Nath quit her corporate job at age twenty-three to travel the world. She gave up her home and the need for a permanent address, sold most of her possessions and embarked on a nomadic journey that has taken her everywhere from remote Himalayan villages to the Amazon rainforests of Ecuador. Along the way, she lived with an indigenous Mayan community in Guatemala, hiked alone in the Ecuadorian Andes, got mugged in Costa Rica, swam across the border from Costa Rica to Panama, slept under a meteor shower in the cracked salt desert of Gujarat and learnt to conquer her deepest fears. With its vivid descriptions, cinematic landscapes, moving encounters and uplifting adventures, *The Shooting Star* is a travel memoir that maps not just the world but the human spirit.

It's not about the destination... What's your favorite story? Does it have a hero who slays a dragon and saves a princess? Or a child of prophecy destined for greatness? Well, my favorite story is a little different. It's the tale of a witch who travels the world, seeking nothing in particular. With no quest of her own, she's free to wander wherever the wind takes her, adding a few pages to the story of whomever she meets before setting off on her next adventure. At the end of her travels, the witch takes on an apprentice who will one day begin her own journey. And so the cycle continues, or so the story goes. Now, the witch who starts the story anew...who could she be?

The incredible bestselling book from the author of *No Barriers* and *The Adversity Advantage* Erik Weihenmayer was born with retinoschisis, a degenerative eye disorder that would leave him blind by the age of thirteen. But Erik was determined to rise above this devastating disability and lead a fulfilling and exciting life. In this poignant and inspiring memoir, he shares his struggle to push past the limits imposed on him by his visual impairment—and by a seeing world. He speaks movingly of the role his family played in his battle to break through the barriers of blindness: the mother who prayed for the miracle that would restore her son's sight and the father who encouraged him to strive for that distant mountaintop. And he tells the story of his dream to climb the world's Seven Summits, and how he is turning that dream into astonishing reality (something fewer than a hundred mountaineers have done). From the snow-capped summit of McKinley to the towering peaks of Aconcagua and Kilimanjaro to the ultimate challenge, Mount Everest, this is a story about daring to dream in the face of impossible odds. It is about finding the courage to reach for that ultimate summit, and transforming your life into something truly miraculous. "An inspiration to other blind people and plenty of us folks who can see just fine."—Jon Krakauer, *New York Times* bestselling author of *Into Thin Air*
