Indian religions , especially Hinduism , Jainism , Sikhism and Buddhism , the saintly man is revered as "truth-exemplary" for his knowledge of "self , truth and reality". In Sikhism it is used to describe human beings who have attained spiritual enlightenment and divine wisdom and power by uniting with God. A saint has an important place in the life of a devotee. The importance of a saint is also mentioned in Hindu scriptures. According to Hindu scriptures, by taking refuge in a true saint and performing devotional service according to the scriptures, the worshiper becomes free from the diseases of birth and death. The identity of a true saint has also been told in the holy scriptures of Hinduism that a true saint will have complete knowledge of all the holy scriptures and will take diksha three times in the name of three types of mantras. A saint , a theologian or a bhagat is any human being who has attained God and is in spiritual contact with God. Sikhs believe that the divine energy of God can be experienced by man on earth. This is achieved through constant chanting of the Lord's name (Naam Japo / Naam Simran) and spiritual introspection. Sikhs generally use reality as the name of God which cannot be merely mouthed but must be lived in truth. Saints can be of any religion. Individuals like Kabir , Ravidas , Namdev , Farid , Bhikkan and others are known as saints or bhagats , irrespective of their belonging to Islam or Hinduism . The divine knowledge is universal , and after attaining knowledge through Naam Simran their knowledge is compiled and included in the holy book of Sikhism , Sri Guru Granth Sahib. Saints are holy persons of the highest order , they are among the ideal human beings. Thus , Sikhs are encouraged to seek the company and pious company of saints (saadh- sangat) , learn from them , and attain "sainthood" through intense reading and meditation on the Sikh scriptures (gurbani) and Naam Simran. Do it. The virtuous life associated with a saint or Brahmgyani (one who has complete knowledge of God) is defined in Sikh Gurbani , specifically in the Sukhmani Sahib passage of the Sri Guru Granth Sahib. Sikhism advocates people of all faiths to unite by realizing God , and union with God is the highest form of spiritual enlightenment. Author David Smith defines guru as "a teacher , spiritual guide or deity". To receive the title of guru , one must undergo a standard initiation process known as initiation , in which they receive a mantra or sacred Sanskrit phrase. Hindu sages have often renounced the world and are called guru , sadhu , rishi , swami and other names. Many people consider the words "saint" and "saint" to be synonymous. This book is a list of religious figures of Hinduism , including gurus , saints , monks , yogis, and spiritual leaders.

Does Indian civilization have the capacity to change or has it been static? The impression of this civilization as an unchanging one has been revised today. Conflict-tension processes in a complex heterogeneous civilization like that of India are equally important and require in-depth studies along with investigating the continuity of tradition. It is in this context that protest, dissent and reform movements have also played a critical role and facilitated adjustments to changing social realities over the centuries. From time to time alternate systems to the accepted ideological or normative patterns have been suggested. Apparently many of these movements were religious in nature, but the socio-economic context which remains in the background does require further detailed examination. The present volume reflects some aspects of these movements. It is one in the series undertaken as part of the group project A Sourcebook of Indian and Asian Civilizations at the Indian Institute of Advanced Study. The essays in this volume by such scholars as Arun Bali, Savitri Chandra, Narendra Mohan, M.G.S. Narayanan and Veluthat Kesavan; Y.M. Pathan, M.S.A. Rao, Sachchidananda, G.B. Sardar and Pushpa Suri will stimulate discussion and generate new perspectives towards understanding Indian civilization.

Three centuries after Jnaneshwar, devotional poetry had another full flowering in Western India. Tukaram Maharaj was a merchant and householder who seemed to fail at everything. Bankruptcy, the death of his first wife during a famine, and castigation by the Brahmin orthodoxy forced him into isolation—and there he poured out his longing and devotion in hundreds of songs. At first regarded as mad, musicians, singers, and ordinary villagers began to gather around him by the hundreds to hear his kirtans, celebrations of the Name of God. Tukaram's songs seem to have possessed some magical ability to exactly capture the devotional, egalitarian feeling of the community of bhaktas. In this brilliant pioneering study of Tukaram by the philosopher and mystic R. D. Ranade, written in the 1930s, Ranade describes what he refers to as the Hegelian dialectic of Tuka's life and poetry: his withdrawal from society, his dark night of the soul, and his emergence from humiliation, confusion and doubt into the state of mystical knowledge and inner joy. While Jnaneshwar always writes from the lofty mountain top of spiritual realization, Tukaram takes us with him on the journey itself, with all its subtle ordeals and breakthroughs. Tukaram is an important poet, one whose stature in Marathi literature is comparable to that of Shakespeare in English. Ranade's study is an indispensable introduction.

Shri Mataji writes that "India is a very ancient country and it has been blessed by many seers and saints who wrote treatises about reality and guidelines on how to achieve it." This is just such a book. This book is both an introduction to Sahaja Yoga, describing the nature of the subtle reality within each of us, and a step-by-step handbook on how to be a good Sahaja Yogi, the nature of Sahaj culture, how to be a leader and how to raise children. "The knowledge of Sahaja Yoga cannot be described in a few sentences or one small book, but one should understand that all this great work of creation and evolution is done by some great subtle organization, which is in the great divine form."

Namdev is a central figure in the cultural history of India, especially within the field of bhakti, a devotional practice that has created publics of memory for over eight centuries. Born in the Marathi-speaking region of the Deccan in the late thirteenth century, Namdev is remembered as a simple, low-caste Hindu tailor whose innovative performances of devotional songs spread his fame widely. He is central to many religious traditions within Hinduism, as well as to Sikhism, and he is a key early literary figure in Maharashtra, northern India, and Punjab. In the modern period, Namdev appears throughout the public spheres of Marathi and Hindi and in India at large, where his identity fluctuates between regional associations and a quiet, pan-Indian, nationalist-secularist profile that champions the poor, oppressed, marginalized, and low caste. Christian Lee Novetzke considers the way social memory coheres around the figure of Namdev from the sixteenth century to the present, examining the practices that situate Namdev's memory in multiple historical publics. Focusing primarily on Maharashtra and drawing on ethnographies of devotional performance, archival materials, scholarly historiography, and popular media, especially film, Novetzke vividly illustrates how religious communities in India preserve their pasts and, in turn, create their own historical narratives.
