When the world thinks of heavy metal in its pure, potent, undiluted form, it is none other than the Metal Gods, Judas Priest, that instantly come to mind. Chrome and black leather, studs and whips and chains, a chopper on stage to announce the coming... these are the tools of the trade for Rob Halford and his legendary band of Birmingham bashers. Indeed, the Priest are the bringers of metal's biggest anthems. "Breaking the Law," "Living after Midnight," "Exciter," "Electric Eye," "Victim of Changes," and especially "You've Got Another Thing Comin'"... these are songs woven into the fabric of metal's wild ride, Priest having been there since its origins, revving up crowds as superstars certainly for 30 years of that run. Lifelong fan and preeminent metal historian Martin Popoff examines the Priest's rich legacy from 1974 to 1984, album by album, anthem by anthem, in this hugely expanded update on the

early years portion of his long out-of-print Heavy Metal Painkillers book. Having interviewed all the principals in the band repeatedly over the years, Popoff gives a first-hand account of Priest's rocky, often comical ride through the '70s, and through the gold and platinum records of the '80s, expertly detailing the long road to the arena headline status the band now enjoys as heavy metal's proudest ambassadors. Judas Priest: Decade of Domination includes extensive commentary from reclusive drummer Les Binks, along with new interview footage from Tom Allom, Chris Tsangarides, K.K. Downing, Glenn Tipton, Ian Hill, Rob Halford, and various other insiders who are part of the Priest saga during this hallowed, golden era. Also included are tons of memorabilia shots, live photography and two tipped-in colour sections. To reiterate, this is the most extensive analysis ever in book form of: Rocka Rolla, Sad Wings of Destiny, Sin After Sin, Killing Machine/Hell Bent for Leather, Unleashed in the East, British Steel, Point of Entry, Screaming for Vengeance and Defenders of the Faith-song by song,

lots of stories, looking at licks and fills, and what's in the right channel and left, lyric analysis... the deepest dive ever on these records.

*Lacybourne Manor* Rowman & Littlefield Carmine Appice has enjoyed a jaw-dropping rock-and-roll life—and now he is telling his scarcely believable story. Appice ran with teenage gangs in Brooklyn before becoming a global rock star in the Summer of Love, managed by the Mob. He hung with Hendrix, unwittingly paid for an unknown Led Zeppelin to support him on tour, taught John Bonham to play drums (and helped Fred Astaire too), and took part in Zeppelin's infamous deflowering of a groupie with a mud shark. After enrolling in Rod Stewart's infamous Sex Police, he hung out with Kojak, accidentally shared a house with Prince, was blood brothers with Ozzy Osbourne and was fired by Sharon. He formed an all-blond hair-metal band, jammed with John McEnroe and Steven Seagal, got married five times, slept with 4,500 groupies—and, along the way, became a rock legend by single-handedly reinventing hard rock and heavy metal drumming. His memoir, *Stick It!*, is one of the most extraordinary and outrageous rock-and-roll books of the early twenty-first century.

No connections. Play it safe. These were the rules Ivey lived her life by. Until she hit Mustang, Colorado, a perfectly imperfect town where the citizens were welcoming and one of them included the tall, beautiful, macho man, rancher cowboy, Grayson Cody. On the run for a decade, Ivey knew she was supposed to play it safe. But she was tired of being on the run. She wanted normal. She wanted real. She wanted a home. And she wanted Grayson Cody. And Gray

wanted Ivey. Everyone who saw them could see they belonged together. There was one man in this world for Ivey and one woman for Grayson Cody. So they fell in love. But just as quickly as they fell together, they were betrayed and torn apart. Separated for years, Ivey was certain her life would not include her rancher cowboy. Until the town of Mustang reached out when Gray was in trouble. Even though she thought he broke her heart, she charged in to help, only for Gray and Ivey to discover they were betrayed. And not only that, Gray had an enemy who would stop at nothing to defeat him.

LSD, My Problem Child Hal Leonard Corporation

From the author of *The Old Ways* and *Underland*, an "eloquent (and compulsively readable) reminder that, though we're laying waste the world, nature still holds sway over much of the earth's surface." --Bill McKibben Winner of the Boardman Tasker Prize for Mountain Literature and a finalist for the Orion Book Award Are there any genuinely wild places left in Britain and Ireland? That is the question that Robert Macfarlane poses to himself as he embarks on a series of breathtaking journeys through some of the archipelago's most remarkable landscapes. He climbs, walks, and swims by day and spends his nights sleeping on cliff-tops and in ancient meadows and wildwoods. With elegance and passion he entwines history, memory, and landscape in a bewitching evocation of wildness and its vital importance.

**Bounty** Learning Express (NY)

For all the discussion in the media about creationism and 'Intelligent Design', virtually nothing has been said about the evidence in question - the evidence for evolution by natural selection. Yet, as

this succinct and important book shows, that evidence is vast, varied, and magnificent, and drawn from many disparate fields of science. The very latest research is uncovering a stream of evidence revealing evolution in action - from the actual observation of a species splitting into two, to new fossil discoveries, to the deciphering of the evidence stored in our genome. Why Evolution is True weaves together the many threads of modern work in genetics, palaeontology, geology, molecular biology, anatomy, and development to demonstrate the 'indelible stamp' of the processes first proposed by Darwin. It is a crisp, lucid, and accessible statement that will leave no one with an open mind in any doubt about the truth of evolution.

#### 501 Critical Reading Questions

Northwestern University Press

"Deep Purple has duly earned its reputation as one of Britain's all-time greatest rock bands but what sets them apart from most others is the addition of other great bands and solo projects that have been spawned from current and former members. Rainbow, Whitesnake and Gillan have been the most commercially successful but other cult bands such as Warhorse, Captain Beyond and Paice Ashton Lord add to the legacy. Additionally the various members' careers have been interwoven with many other seminal rock acts from Jerry Lee Lewis, Johnny Kidd & The Pirates and The Kinks through to Black Sabbath, Thin Lizzy, Nazareth, Rory Gallagher and Judas Priest - even to the likes of Yvonne Elliman and Adam Faith."--Back cover.

#### Law Man Apogee Books

New York Times and USA Today bestselling author Kristen Ashley brings a new novel in her River Rain series...

From a very young age, Chloe Pierce was trained to look after the ones she loved. And she was trained by the best. But when the man who looked after her was no longer there, Chloe is cast adrift—just as the very foundation of her life crumbled to pieces. Then she runs into tall, lanky, unpretentious Judge Oakley, her exact opposite. She shops. He hikes. She drinks pink ladies. He drinks beer. She's a city girl. He's a mountain guy. Obviously, this means they have a blowout fight upon meeting. Their second encounter doesn't go a lot better. Judge is loving the challenge. Chloe is everything he doesn't want in a woman, but he can't stop finding ways to spend time with her. He knows she's dealing with loss and change. He just doesn't know how deep that goes. Or how ingrained it is for Chloe to care for those who have a place in her heart, how hard it will be to trust anyone to look after her... And how much harder it is when it's his turn.

#### The Wonderful Land of Bed-Time Stories

Chicago Review Press

'If you talk about the '70s, I was a hardworking artist. I did nothing but tour - recording, touring, TV, you know. I had constant jetlag. Constant black shadows under my eyes but, oh, what a ride! What a wonderful ride. And I'm still doing it now.' Suzi Quatro. With a succession of hit singles, including eight UK top twenty hits and two number ones, sell-out tours and six studio albums, Suzi Quatro was an enduring presence throughout the 1970s, the decade that saw her move away from being part of an all-girl band in Detroit and relocate to England for a solo career that challenged old stereotypes and helped redefine the image of the female rock icon. Taking each year in turn this book takes a detailed look at Suzi Quatro's career

throughout the decade where she enjoyed her greatest successes, including a comprehensive overview of each album and single released during that period, her touring schedule and her frequent media appearances, including that famous guest role in Happy Days. As well as making extensive use of press archives from the era, *Suzi Quatro In The 1970s* also includes personal reflections from an exclusive interview with Suzi herself.

*The Silence of Medair* Kristen Ashley  
 "Frames of Anime provides a wonderfully concise and insightful historical overview of Japanese animation; more importantly, Tze-yue G. Hu also gives the reader a much-needed frame of reference--- cultural and historical --- for understanding its development." - Harvey Deneroff, Savannah College of Art and Design, Atlanta, Georgia "This is a valuable study that transcends most of its predecessors by situating Japanese anime in its cultural context and providing detailed insight into the lives and works of some of Japan's most prominent animators and their struggles to establish it as a legitimate form of cinema and television media. Its authorship by an Asian scholar also conversant with Chinese and Southeast Asian cinema and comic book culture gives it a unique comparative character."-John Clammer, United Nations University Japanese anime has long fascinated the world, and its mythical heroes and dazzling colors increasingly influence popular culture genres in the West. Tze-yue G. Hu analyzes the "language-medium" of this remarkable expressive platform and its many socio-cultural dimensions from a distinctly Asian frame of reference, tracing its layers of concentric radiation from Japan throughout Asia. Her work,

rooted in archival investigations, interviews with animators and producers in Japan as well as other Asian animation studios, and interdisciplinary research in linguistics and performance theory, shows how dialectical aspects of anime are linked to Japan's unique experience of modernity and its cultural associations in Asia, including its reliance on low-wage outsourcing. Her study also provides English readers with insights on numerous Japanese secondary sources, as well as a number of original illustrations offered by animators and producers she interviewed.

### ***The Wonderful Land of Bed-Time Stories*** Decades

"An oral history and timeline of the popular 1980s heavy metal subgenre, including its prehistory and decline, profusely illustrated with relevant photographs and memorabilia"--

Love is just around the corner . . . Sweet, shy Mara Hanover is in love with her neighbor. For four years, she has secretly watched her dream man from afar. Handsome police detective Mitch Lawson is way out of her league. She's a girl from the wrong side of the tracks, and there's no way a guy like Mitch would want anything to do with her. But when Mara has a leaky faucet that she can't fix, it's Mitch who comes to her rescue. Mitch has been eyeing his beautiful neighbor for a long time. He jumps at the chance to help her, and soon their formerly platonic relationship gets very hot and heavy. But when Mara gets a disturbing phone call from her

cousin's kids, she gets pulled back into the life she's tried so hard to leave behind. Can the hot law man convince Mara to let go of her past-and build a future with him? 140,000 words

### **Chasing Serenity: A River Rain**

**Novel** Zondervan

Once upon a time, in a parallel universe, there existed the continent of Triton... The prophecy has begun. The Beast has been stirred. And Triton is in turmoil. Our four warriors and four witches, destined mates, have begun their adventure, knowing the fate of their world is at stake, but not having any idea there are other factions plotting against them. Now they face political intrigues, religious zealotry, father against son, wife against husband, a mother's plotting, a sister's envy, grief, betrayal and despair as the prophesied journey across the sands of Firenze into the lush green of Wodell. The lovers are united, but their stories have just begun. They know the battle ahead will be a fierce one they cannot lose. What they don't know is a diabolical plan has commenced... And no one is safe.

Classic Rock Drummers Voyageur Press (MN)

"The Collector's Guide To Heavy Metal" was a mammoth of a book crammed with 3700 reviews of metal records through the decades. It elicited much discussion, including close to 70 reviews at the book's Amazon page and counting. Now it is being split into three volumes focusing on the '70s, '80s and '90s respectively with an additional 700-800 reviews added to the 70's. In "The Collector's Guide To Heavy Metal -- Volume I: The Seventies", Martin crams the pages full of reviews and recollections of rarities and monster catalogues from 70s bands not covered in the seminal original tome. As well,

many of the original reviews get complete overhauls as Martin re-evaluates the classics and adds trivia tidbits that make these records come to life. Join Martin's Seventies Appreciation Society and check out dozens of bands and hundreds of albums you won't see covered in any other rock anthology. This indeed is the book that brings back to the printed page, long-lost acts that rocked hard for their times, bands that built the foundation for the mountainous heavy metal sound of today. Monster Records, the king at finding the super obscure stuff, have provided an exclusive CD sampler for which includes material from some or all of the following: Sorcery, Truth And Janey, Ultra, Cain, Poobah, Negative Space and Survivor.

### Frames of Anime Penguin

In 1668, a young Jamaican girl, Kemosha, secures her freedom from enslavement and finds her true self while sailing to Panama with the legendary Captain Morgan. A Junior Library Guild Gold Standard Selection "Inspired by accounts of women pirates, this fantastical tale represents the era's cruelty without romanticizing it. Kemosha's love and persistence combine with forceful action, the terror of harsh racism and passionate, colourful language." —The Toronto Star "Kemosha of the Caribbean is easily the best pirate tale I have ever encountered. If that seems a bold statement, its boldness pales in comparison to Kemosha's enduring bravery and steadfastness." —Black Girls Create "Wheatle's swashbuckling latest blends adventure, history, and poignancy . . . Well written and full of thrills, this cross between Margarita Engle's Hurricane Dancers and L. A. Meyer's Bloody Jack Adventures series will inspire hope and spark

admiration." —Booklist In 1668, fifteen-year-old Kemosha is sold by a slave owner to a tavern keeper in Port Royal, Jamaica—the “wickedest city on earth.” She soon flees from a brutal assault and finds herself in the company of a mysterious free Black man, Ravenhide, who teaches her the fine art of swordplay, introduces her to her soul mate, Isabella, and helps her win her freedom. Ravenhide is a privateer for the notorious Captain Morgan aboard his infamous ship, the *Satisfaction*. At Ravenhide’s encouragement, Morgan invites Kemosha to join them on a pillaging voyage to Panama. As her swashbuckling legend grows, she realizes she has the chance to earn enough to buy the freedom of her loved ones—if she can escape with her life . . .

*Heartbreaker* Hong Kong University Press

One of the twentieth century’s most extraordinary Americans, Pearl Buck was the first person to make China accessible to the West. She recreated the lives of ordinary Chinese people in *The Good Earth*, an overnight worldwide bestseller in 1932, later a blockbuster movie. Buck went on to become the first American woman to win the Nobel Prize for Literature. Long before anyone else, she foresaw China’s future as a superpower, and she recognized the crucial importance for both countries of China’s building a relationship with the United States. As a teenager she had witnessed the first stirrings of Chinese revolution, and as a young woman she narrowly escaped being killed in the deadly struggle between Chinese Nationalists and the newly formed Communist Party. Pearl grew up in an imperial China unchanged for thousands of years. She was the child of American missionaries, but she spoke Chinese before she

learned English, and her friends were the children of Chinese farmers. She took it for granted that she was Chinese herself until she was eight years old, when the terrorist uprising known as the Boxer Rebellion forced her family to flee for their lives. It was the first of many desperate flights. Flood, famine, drought, bandits, and war formed the background of Pearl’s life in China. “Asia was the real, the actual world,” she said, “and my own country became the dreamworld.” Pearl wrote about the realities of the only world she knew in *The Good Earth*. It was one of the last things she did before being finally forced out of China to settle for the first time in the United States. She was unknown and penniless with a failed marriage behind her, a disabled child to support, no prospects, and no way of telling that *The Good Earth* would sell tens of millions of copies. It transfixed a whole generation of readers just as Jung Chang’s *Wild Swans* would do more than half a century later. No Westerner had ever written anything like this before, and no Chinese had either. Buck was the forerunner of a wave of Chinese Americans from Maxine Hong Kingston to Amy Tan. Until their books began coming out in the last few decades, her novels were unique in that they spoke for ordinary Asian people— “translating my parents to me,” said Hong Kingston, “and giving me our ancestry and our habitation.” As a phenomenally successful writer and civil-rights campaigner, Buck did more than anyone else in her lifetime to change Western perceptions of China. In a world with its eyes trained on China today, she has much to tell us about what lies behind its astonishing reawakening.

CLASSIC ROCK DRUMMERS - THE WAY  
THEY PLAY SERIES BOOK W/CD

*Jimmy Page Good Press*

Justice Lonesome has enjoyed a life of bounty. Even so, she's inherited the curse of the Lonesome. A poet's soul. Which means she's still searching for something. Searching for peace.

Searching for the less...that's more. And when the foundation of her life is pulled out from under her, grieving, she goes to the mountains to find her oasis. She hits Carnal, Colorado and decides to stay. Deke Hightower lost everything at the age of two. He lost it again at fifteen. His life has not been about bounty. It's been about learning to live with less, because there's no way to get more. Deke's also watched all his friends go down to the women who gave them what they needed. He wants that for himself. But he knows that search isn't going to be easy because he's a rider. His home is the road. That's the only place he can breathe. And the woman who takes her place at his side has to do it sitting on the back of his bike. When Deke meets Justice, he knows she's not that woman. She's cute. She's sweet. And she's into him, but she's got it all and Deke knows he won't fit into that. So he holds her at arm's length. Establishes boundaries. And Justice will take it because she wants Deke any way he'll let her have him. But when Justice finds herself a pawn in a dangerous game, Deke makes a decision. When he does, he has no idea he's just opened himself up to bounty.

**Why Evolution is True** Hal Leonard Corporation

In the first ever full biography of Whitesnake, top music writer Martin Popoff tells the tale of rock legend David Coverdale from his Deep Purple roots to the two distinct incarnations of his über-

creation. Whitesnake began life as a UK based blues rock outfit, until the lad from England's chilly east coast upped sticks to America's sunny west coast in search of fame, fortune, big videos and even bigger hair. He found them all, and 1987's self-titled album went platinum eight times in the US alone, before their bright star waned in the face of dowdy grunge. In his 45th book, Martin has interviewed 30 major characters - including Coverdale - to piece together the band's convoluted history. He traces the hirings and firings, the splits and reunions, the image changes which evolved over time enabling Coverdale and co. to stay ahead of the pack for over five decades. If you've rocked out to anthems such as "Here I Go Again", "Fool For Your Loving", "Still Of The Night", or "The Heart Of The City", you'll want to read about the man and the band that created them.

*Broadway Plays and Musicals* Forever Lieutenant Alexander Colton and February Owens were high school sweethearts. Everyone in their small town knew from the moment they met they were meant for each other. But something happened and Feb broke Colt's heart then she turned wild and tragedy struck. Colt meted out revenge against the man who brought Feb low but even though Colt risked it all for her, Feb turned her back on him and left town. Fifteen years later, Feb comes back to help run the family bar. But there's so much water under the bridge separating her and Colt everyone knows they'll never get back together. Until someone starts hacking up people in Feb's life. Colt is still Colt and Feb is still Feb so the town watches as Colt goes all out to find the murderer while trying to keep Feb safe. As the bodies pile up, The Feds move in and a twisting, turning

story unravels exposing a very sick man who has claimed numerous victims along

the way, Feb and Colt battle their enduring attraction and the beautiful but lost history that weaves them together.
