Lives Simon*

and Schuster  
Real heroes  
never die. But  
they do get  
grouchy in  
middle age.  
The beloved  
King Ik is  
dead, and  
there was

barely time to  
check his  
pulse before  
the royal  
throne was  
supporting the  
suspiciously  
shapely  
backside of an  
impostor

pretending to be Ik's beautiful long-lost daughter. With the land's heroic hunks busy drooling all over themselves, there's only one man left who can save the kingdom of Jenair. His name is Dungar Loloth, a rural blacksmith turned innkeeper, a surly hermit and an all-around nobody oozing toward middle age, compensating for a lack of height, looks, charm, and tact with guts

and an attitude. Normally politics are the least of his concerns, but after everyone in the neighboring kingdom of Farrawee comes down with a severe case of being dead, Dungar learns that the masquerading princess not only is behind the carnage but also has similar plans for his own hometown. Together with the only person senseless enough to tag along, an eccentric and arguably

insane hobo named Jimminy, he journeys out into the world he's so pointedly tried to avoid as the only hope of defeating the most powerful person in it. That is, if he can survive the pirates, cultists, radical Amazonians, and assorted other dangers lying in wait along the way. Logan J. Hunder's hilarious debut blows up the fantasy genre with its wry juxtaposition of the

fantastic and the mundane, proving that the best and brightest heroes aren't always the best for the job.

Dr. Zooper answers questions

about life's ordinary puzzles, such as why homework disappears or how a song gets stuck in one's head, by identifying and describing different kinds of Mischievians. Myst Giuffrè Editore  
Halloween night, a game of truth or dare, and the one man she can't have...  
With Halloween night to herself, all Mysta wanted was a quiet evening in the library.  
Tucked away behind the

stacks of books, she tries to ignore her attraction to the man she had to leave behind to save her family—fox shifter and manager of the library, the deliciously addicting Viktor—her tattooed, fantasy man. It's clear Viktor wants her too, and neither his flirting nor the distracting shimmer of desire in his eyes make him easy to ignore. And with Viktor's best friend egging them on, Mysta

knows she's in deep trouble... So when the boys suggest a game of truth or dare to pass the time, and then up the ante by adding a roll of the dice, Mysta can't bring herself to refuse. Each roll exposes them in more ways than one—more hot, sexy, delicious ways—but uncomfortable truths, and long-buried desires, are revealed. Viktor has always wondered why his mate, Mysta,

disappeared, and now he's going to find out. But can he outfox the woman who's an expert at slithering away?
