In these enlightening and eye-opening conversations, the renowned spiritual mentor, Sister BK Shivani reveals how to create a life of joy, contentment and bliss, because we all have the choice and the power to do so. According to her, the reason why there is so little happiness in the world is dependency. Happiness is not dependent on 'anything' or 'anyone', or found 'anywhere'. We keep delaying our happiness until things are just right in our life. We think we will be happy in the future and then wonder why we are not happy now. Happiness is only possible when we are able to accept everyone as they are, at every moment, in every situation. This book is a medium for the awakening and acceptance of self-responsibility. Helping us choose our thoughts and feelings aligned with our true nature of purity, peace and love. To make us shift from asking to sharing; from holding on to letting go; from expectations to acceptance; from the past and the future to being in the now. Happiness is a 'decision', not a 'consequence'.

The Bijak of Kabir; Translated Into English Simon and Schuster

We can each radiate unconditional love. We don't even need to create it - we are love. But the flow of love is blocked in moments of hurt, blame, anger, criticism, competition or insecurity. These emotions have dominated our emotional space, and hardly enable us to feel our own love. So today, we rely on someone else to love us. This book teaches us to think right, enable self-love, feel it and extend it to other people. The central message here is that love is not 'out there', but within us. A spectrum of emotions like attachment, expectations, hurt, worry, stress, fear or anger, which we use in the pretext of love, are analysed. The conversations also explore the fact that the parent-child relationship is not challenging - It does not need to be. As you free yourself from judgments and expectations, as you start thinking right for people, and as you accept people for who they are, you become a Radiator of unconditional love. You are one decision away from vibrating at a frequency of love ... by not needing love or giving love - but just by being love.

Patricia Highsmith: Her Diaries and Notebooks: 1941-1995 Createspace Independent Publishing Platform

A thirteen-year-old Jewish girl and her family abandoned their house in Amsterdam and went into hiding in 1942, when Nazis occupied Holland. They and another family stayed cloistered in the "Secret Annex" of an old office building for the next two years, until their whereabouts were revealed to the Gestapo. They suffered starvation, boredom, the daily cruelties of living in tight quarters, and the ever-present prospect of discovery and death because they were cut off from the outside world. Anne Frank kept a diary throughout this time, recording vivid recollections of her events. Her story is a fascinating meditation on human tenacity and weakness, as well as a riveting self-portrait of a sensitive and vibrant young woman whose promising future was sadly cut short.

Shiva HarperCollins

The traditional understanding of Shiva told through stories and teachings from the Shiva Mahapurana • Explains Shiva's contradictory forms, such as destroyer or benefactor, and how his form depends on the needs of the devotee • Reveals how Shiva's teachings allow one to see through the illusions at the root of all grief and alienation in human life • Explores Shiva's relationships with Durga, Shakti, Sati, and Parvati and with his sons Ganesha and Kartikeya Shiva, the most ancient and complex deity of the Hindu pantheon, has been portrayed in many contrasting lights: destroyer and benefactor, ascetic and householder, wild demon slayer and calm yogi atop Mount Kailash. Drawing from the Hindu sacred text the Shiva Mahapurana--said to be written by Shiva himself--Vanamali selects the essential stories of Shiva, both those from his dark wild side and those from his benevolent peaceful side. Vanamali discusses Shiva's many avatars such as Shambunatha and Bhola, as well as Dakshinamurti who taught the shastras and tantras to the rishis. She explores Shiva's relationships with Durga, Shakti, Sati, and Parvati and with his sons Ganesha and Kartikeya. Examining Shiva's acceptance of outsiders, Vanamali explains why ghosts and ghouls are his attendants and why his greatest devotees are demon kings, like Ravana. She includes famous Shiva stories such as the Descent of the River Ganga and Churning the Milky Ocean as well as those that reveal the origin of the festival of lights, Diwali; his creation of the cosmic couple, or hierogamos; and how Shiva and Parvati taught the world the secrets of Kundalini Shakti. The author also draws upon Shaivite teachings to illustrate the differences between Western science and Vedic science and their explanations for the origins of consciousness. Integrating Shiva's two sides, the fierce and the peaceful, Vanamali reveals that Shiva's form depends on the needs of the devotee. Understanding his teachings allows one to see through the illusions at the root of all grief and alienation in human life, for Shiva is the wielder of maya who does not fall under its spell. While Ganesha is known as the remover of obstacles, Shiva is the remover of tears.
