How do we encourage

kids to talk with us
about even the
trickiest issues?
Talking about the stuff
that matters with your
kids is not easy, but
communication is the
best tool we have for
life and love. This book
will guide you through

40 practical conversations using the structure of a family trip. It'll be meaningful fun. When you start having the conversations in this book, your kids will start changing their world! Inside, you'll discover: ?Stories, tips and research to inform the conversations?Relationship skills to build (like listening and conflict resolution)?How to combat the influences of our culture (like consumerism and tech devices)?How to build resilience, values, character and purpose?How our kids can play a part in solving problems, rather than being brought down by them?Advice from caring young adults about what worked for them!As parents, we

want our kids to have happy, loving lives. As a society, we need kids who are capable of thinking and acting beyond themselves to help others have happy, loving lives too."There is a huge secret to life which most families - and most parenting books - completely miss. That we humans are happiest when we are living for each other, and discovering the fun that brings. In a society that is all about 'me' we have never been more stressed or miserable. Caring is a word that holds the key to life going well, and is the real heart of being human. This book shows you how to foster it. "Susy Lee's book is one of those rare ones you want to have at hand long term, as even dipping

in seems to spark you with ideas and clues for really engaging with your children. What to ask, what to challenge them with, what to provoke them with. "Brightly and clearly written, with real personality, this book turns on its head our focus on making kids happy, and instead shows how to make them generators of happiness." - Steve Biddulph AM
Raising Girls DK Publishing (Dorling Kindersley)
Why parenting is important - Pregnancy and birth - Living with a toddler - Discipline - Role of the father - Pre-school years - Helping a child to change habits - Preparing for school - Motherhood.
Raising Boys in the 21st Century
HarperCollins UK

A guide to parent-child communication from babyhood through the teenage years explains what occurs from a child's perspective and what to do about it, covering such topics as tantrums, shyness, and the link between food and behavior.
Happy Campers
Simon and Schuster
A word of mouth bestseller which has become one of the best loved and most successful books in the parenting field. With around 20% new material, Steve Biddulph's *Raising Boys* includes some startling new research on what helps - and what harms - boys. In this expanded and updated edition, Steve Biddulph shares and gives practical and honest advice to parents so they can

recognise the different stages of boyhood and learn how to raise happy, confident and kind young men. Boys need to be parented in a different way from girls with their own very special psychological and physical make-up. Home, society and education have failed boys badly - and these failures lead to unhappy men who cannot fully become happy, responsible, emotionally-confident adults. While it is essential that boys spend more time learning about manhood from their fathers, Biddulph updates his classic to include helpful information for mothers and single mothers with baby boys. This extended edition explores some

important topics: . * How ADHD may be caused by stress in the first year of life. * Whether boys should start school later than girls. * How important it is to let boys cry, and how crying helps avoid violence, suicide, and risky behaviour. * Two completely new stages of boyhood we didn't know about: the FULL ON FOURS and the EMOTIONAL EIGHTS * Help for single mothers raising sons. * How to choose a sport that does more good than harm. * What we can do about boys and binge drinking. * What science can tell us about teenage boys and driving - and how we can keep our sons safe. Raising Boys offers parents real-life situations, thought-provoking insights, humour and help.

Bringing Up Girls

Celestial Arts

The most popular book ever about raising boys is back, significantly updated to help raise sons in a world that offers gender equality, respect and a whole new kind of man, but is still haunted by toxic masculinity. You'll find cutting-edge science about the 'physical fours', the 'emotional eights' and how puberty can be turned into a positive time, along with hundreds of other practical tips for raising a son. No two boys are alike, and you have to get to know our own unique boy. The idea that 'if we understand them, we can help them' is what has made this book so well loved and trusted in over a million homes. As one of Australia's best-known

psychologists for almost 30 years, Steve has introduced a generation of fathers into hands-on engagement with kids, and helped thousands of mothers gain confidence in their ability to raise sons well. He has worked with schools in 17 countries, and 130,000 parents have heard his unforgettable live talks. 'Biddulph is electrifying' -Telegraph 'Biddulph is a spellbinder' - 60 Minutes

How To Raise A Boy

HarperCollins Australia

"Maggie is earthy and real, full of love and knowledge, especially on raising sons." -

Steve Biddulph

"Maggie's perspective on raising boys is spot on. She writes with humor and depth, providing insight and

strategies for many of the most important issues facing moms. There is a lovely ease to her writing and a powerful honesty. I hope every mother of a son (and everyone else!) will read this book. The future of the world, to a great extent, depends on how we raise our boys." - Michael Gurian, New York Times Bestselling Author of *The Wonder of Boys* and *Saving Our Sons* If we can see the world through boys' eyes a little better, we will make different choices in the way we mother them... and we will find them less confusing, and love them more deeply. Mothers of sons are worried about raising their boys in a world where negative images of masculinity are front

and centre of our media, almost every day. Not only that, but statistically our boys are still struggling in many ways. Even though we live in a time where we recognise that nothing in gender is fixed, it remains a fact that the influence of a mother on her son is massive. A mother of four sons herself, Maggie Dent draws on her personal experience - and over four decades work as a teacher, counsellor and now author and speaker - to help build understanding, empathy and compassion for our boys. Maggie shares her five key secrets that every mum needs to know and uses the voices of men she has worked with and surveyed to reveal what really matters in

a boy's relationship with his mother and other mother figures. Maggie is one of Australia's most popular parenting authors and educators, and her seminars about boys have sold out all across Australia and in the UK. She is finally sharing her insights, her reflections, and (as always) her humour around mothering boys to help you be the mum your son needs you to be.

More Secrets of Happy Children Allen & Unwin Provides advice for Christian parents on the true meaning of femininity, how to cope with the challenges involved in raising girls, and how to bring up their daughters to be happy, healthy, and God-fearing.

Decoding Boys Ten Speed Press

A revised edition of the bestselling and practical guide to the issues parents face in raising sons--including sex, violence, homework, sports, the Internet, and more--and how to best aid boys' development from birth to manhood. From award-winning psychologist Steve Biddulph comes this new edition of *Raising Boys*, his international best seller published in 14 countries. This complete guide for parents, educators, and relatives includes

sections on bullying, online pornography, social media, and how boys' and girls' brains differ. With gentle humor and proven wisdom, *Raising Boys* focuses on boys' unique developmental needs to help them be happy and healthy at every stage of life.

Manhood New

Harbinger Publications

Today's busier, faster society is waging an undeclared war on childhood. With too much stuff, too many choices, and too little time, children can become anxious, have trouble with friends and school, or even be diagnosed with behavioral problems. Now internationally renowned family consultant Kim John Payne helps parents reclaim for their children the space and

freedom that all kids need for their attention to deepen and their individuality to flourish. *Simplicity Parenting* offers inspiration, ideas, and a blueprint for change:

- Streamline your home environment. Reduce the amount of toys, books, and clutter—as well as the lights, sounds, and general sensory overload.
- Establish rhythms and rituals. Discover ways to ease daily tensions, create battle-free mealtimes and bedtimes, and tell if your child is overwhelmed.
- Schedule a break in the schedule. Establish intervals of calm and connection in your child’s daily torrent of constant doing.
- Scale back on media and parental involvement. Manage your children’s

“screen time” to limit the endless deluge of information and stimulation. A manifesto for protecting the grace of childhood, *Simplicity Parenting* is an eloquent guide to bringing new rhythms to bear on the lifelong art of raising children.

Fully Human Ten Speed Press

“A wise and fresh approach to mindful parenting.” —Tara Brach, author of *Radical Acceptance*

A kinder, more compassionate world starts with kind and compassionate kids. In *Raising Good Humans*, you’ll find powerful and practical strategies to break free from “reactive parenting” habits and raise kind, cooperative, and confident kids. Whether you’re

running late for school, trying to get your child to eat their vegetables, or dealing with an epic meltdown in the checkout line at a grocery store—being a parent is hard work! And, as parents, many of us react in times of stress without thinking—often by yelling. But what if, instead of always reacting on autopilot, you could respond thoughtfully in those moments, keep your cool, and get from A to B on time and in one piece? With this book, you'll find powerful mindfulness skills for calming your own stress response when difficult emotions arise. You'll also discover strategies for cultivating respectful communication, effective conflict resolution, and

reflective listening. In the process, you'll learn to examine your own unhelpful patterns and ingrained reactions that reflect the generational habits shaped by your parents, so you can break the cycle and respond to your children in more skillful ways. When children experience a parent reacting with kindness and patience, they learn to act with kindness as well—thereby altering generational patterns for a kinder, more compassionate future. With this essential guide, you'll see how changing your own “autopilot reactions” can create a lasting positive impact, not just for your kids, but for generations to come. An essential, must-read for all

parents—now more than ever. “To raise the children we hope to raise, we have to learn to become the person we hoped to be.... This wonderful book will help you handle the ride.” —KJ Dell’Antonia, author of *How to Be a Happier Parent* “Hunter Clarke-Fields shares her wisdom and personal experience to help parents create peaceful families.” —Joanna Faber and Julie King, coauthors of *How to Talk So Little Kids Will Listen* *Raising Boys* Random House

At a time when many boys are in crisis, a much-needed roadmap for helping boys grow into strong and compassionate men

Over the past two decades there has been an explosion of new studies that have

expanded our knowledge of how boys think and feel. In *How to Raise a Boy*, psychologist Michael Reichert draws on his decades of research to challenge age-old conventions about how boys become men. Reichert explains how the paradigms about boys needing to be stoic and “man like” can actually cause them to shut down, leading to anger, isolation, and disrespectful or even destructive behaviors. The key to changing the culture lies in how parents, educators, and mentors help boys develop socially and emotionally. Reichert offers readers step-by-step guidance in doing just this by: Listening and observing, without judgment, so that boys know they’re being

heard. Helping them develop strong connections with teachers, coaches, and other role models Encouraging them to talk about their feelings about the opposite sex and stressing the importance of respecting women Letting them know that they don't have to "be a man" or "suck it up," when they are experiencing physical or emotional pain. Featuring the latest insights from psychology and neuroscience, How to Raise a Boy will help those who care for young boys and teenagers build a boyhood that will enable them to grow into confident, accomplished and kind men.

Raising Boys, Third

Edition Macmillan Publishers Aus.
 One of Australia's favourite boy experts on how to help teen boys to develop into good men. For boys, adolescence can be a confusing minefield and parents are often bewildered as to how to best guide their precious sons. Many parents wake one day to find that their beautiful little boys have grown into silent, withdrawn, sometimes angry and often unmotivated tweens and teens. Well-known Australian author, parenting and resilience educator, and one of Australia's favourite boy experts Maggie Dent, offers parents and guardians a compassionate and practical guidebook, packed with advice and ground-breaking

techniques on how to stay calm and: - Communicate effectively to defuse conflict - 'Unstick' an unmotivated son - Teach them to cope with loss and failure, and how to recover - Help them foster healthy friendships and intimate relationships - Navigate technology and the digital world. From Boys to Men empowers parents with insights, tips and a common-sense approach to help all boys - and their families - thrive as they progress through adolescence, offering hope for a future of adventure, stability, engagement and connection. Featuring a Foreword by Michael Gurian

Simplicity Parenting
Simon and Schuster
Playing off the themes

in the Caldecott Medal-winning children's book *Where the Wild Things Are*, this informative, practical, and encouraging guide will help parents guide boys down the path to healthy and authentic manhood. *Wild Things* addresses the physical, emotional, and spiritual parts of a boy, written by two therapists who are currently engaged in clinical work with boys and their parents and who are also fathers raising five sons. Contains chapters such as "Sit Still! Pay Attention!" "Deficits and Disappointments," and "Rituals, Ceremonies, and Rites of Passage." *Love, Laughter, and Parenting* Ballantine Books

Audrey "Sunshine" Monke, mother of five and camp owner-

director, shares nine powerful parenting techniques-inspired by the research-based practices of summer camp-to help kids thrive and families become closer.

Research has proven that kids are happier and gain essential social and emotional skills at camp. A recognized parenting expert, Audrey Monke distills what she's learned from thousands of interactions with campers, camp counselors, and parents, and from her research in positive psychology, to offer intentional strategies parents can use to foster the benefits of camp at home. Our screen-obsessed, competitive society makes it harder than ever to raise happy,

thriving kids. But there are tried-and-true methods that can help. Instead of rearing a generation of children who are overwhelmed, anxious, depressed, and who struggle to become independent, responsible adults, parents can create a culture that promotes the growth of important character traits and the social skills kids need for meaningful, successful lives. Thousands of parents attest to the "magical" benefits of summer camp for their kids, noting their children return more joyful, positive, confident, and resilient after just a few weeks. But you can learn exactly what it takes to promote these benefits at home. Complete with specific ideas to implement the most

effective summer camp secrets, HAPPY CAMPERS is a one of a kind resource for raising happy, socially intelligent, successful kids.

Athena Rising Tyndale House Publishers, Inc. In *The New Manhood*, Steve Biddulph explores the elements of a man's life that often cause unhappiness, emptiness or frustration.

The New Manhood Random House LLC Steve Biddulph, the favourite number one name in parenting psychology - and bestselling author of *Raising Boys* - examines how different childcare options are likely to affect you and your child in this rivetting and highly topical book Raising a Son

Ballantine Books A very practical, 'howto' approach to parenting. More Secrets of Happy Children tackles the important concerns of parents in the nineties, with inspirational ideas and clues for daytoday living with children. As counsellors, educators and parents, Steve and Sharon Biddulph have worked with families for over twenty years, and have talked with thousands of parents about what works. Issues such as: How to help toddler's and children feel secure and settled Discipline methods that work - without hitting or yelling Making sure your love gets through Being the best kind of dad Will childcare damage your child Parent pay Parent power - changing our

world and many more, are discussed with Steve's gentle blend of humour and practical advice. this is a book about putting love into action, about knowing what you are doing and why, and about raising twenty-second century children you can be proud of. Raising Boys in the 21st Century Penguin Steve Biddulph's Raising Boys was a global phenomenon. The first book in a generation to look at boys' specific needs, parents loved its clarity and warm insights into

their sons' inner world. But today, things have changed. It's girls that are in trouble.

The Secret of Happy Children 598press

The 21st century is a challenging era and the competition is unyielding. As parents, we feel an urgency to prepare our children to face this world. We are constantly seeking the best schools, activities, and programs in the hope that they will give our children that extra leg-up in life. We believe that if we want our children to thrive in this world, we must prepare them with every resource available to us. In our eagerness to provide

everything our children might need, we have lost sight of the basic fundamentals that they require to flourish. Like planning a house to weather the storm, we must ensure that our children's foundations are strong. However, in our haste to cover every avenue that promises an advantage, we have unwittingly compromised that foundation. It's time to review what is working and what isn't.

Supported by case studies and scientific research findings, Brainchild provides keen insights on how to nurture children to reach their full potential.
