Two dozen essays continue the series of regional receptions to Shakespeare's work, along with a bibliography on Shakespeare and Spain and reviews of 13 recent books on Shakespeare in general. Mostly Spanish scholars cover texts and contexts, Spanish contemporaries and their plays, teaching and the visual arts, literary and theatrical implications, and Shakespeare in performance. Among specific topics are a comparison of the suspect texts of Lope de Vega's *La Dama boba* and Shakespeare's *Hamlet*, creating a Christian Revenger, Spanish art of the 19th and 20th centuries, and a Turkish version of *Hamlet*. The text is double spaced and lacks an index. Annotation copyrighted by Book News, Inc., Portland, OR.

**Hamlet (Ilustrado)** Cambridge University Press

*Hamlet* é uma tragédia de William Shakespeare, escrita entre 1599 e 1601. A peça, situada na Dinamarca, reconta a história de como o Príncipe Hamlet tenta vingar a morte de seu pai Hamlet, o rei, executando seu tio Cláudio, que o envenenou e em seguida tomou o trono

casando-se com a mãe de Hamlet. A peça traça um mapa do curso de vida na loucura real e na loucura fingida — do sofrimento opressivo à raiva fervorosa — e explora temas como a traição, vingança, incesto, corrupção e moralidade. Apesar da enorme investigação que se faz acerca do texto, o ano exato em que Shakespeare escreveu-o permanece em debate. Três primeiras versões da peça sobrevivem aos nossos dias: essas são conhecidas como o Primeiro Quarto (Q1), o Segundo Quarto (Q2) e o First Folio (F1). Cada uma dessas possui linhas ou mesmo cenas que estão ausentes nas outras. Acredita-se que Shakespeare escreveu *Hamlet* baseado na lenda de Amleto, preservada no século XIII pelo cronista Saxo Grammaticus em seu *Gesta Danorum* e, mais tarde, retomada por François de Belleforest no século XVI, e numa suposta peça do teatro isabelino conhecida hoje como *Ur-Hamlet*.

This volume is a result of the need to reflect upon Portugal's position from the viewpoint of the literary assets imported and exported through translation. It brings together a number of scholars working in the field of Translation Studies directly concerned with the Portuguese cultural system in order to analyse this question from various theoretical perspectives and from case studies of translation flows and movements in Portuguese culture. By *Translating Portugal Back and Forth*, the articles discuss issues such as: how can one draw the borderline between a peripheral and a semi-peripheral system? Is this borderline useful or necessary? How peripheral is the Portuguese cultural system as far as translation transfers are concerned? How stable or pacific has this positioning been? Does the economic and historical perception of Portugal as peripheral entail that, from the viewpoint of translation, it would behave similarly? By addressing some of these questions, and as shown by the (second) subtitle – *Essays in Honour of João Ferreira Duarte* –, the volume pays homage to one of the most prominent Translation Studies scholars in Portugal, who has extensively

reflected on the binary discourse on translation, its metaphors and images.

**The Oxford Companion to Shakespeare** L&PM Pocket

*Eating Shakespeare* provides a constructive critical analysis of the issue of Shakespeare and globalization and revisits understandings of interculturalism, otherness, hybridity and cultural (in)authenticity. Featuring scholarly essays as well as interviews and conversation pieces with creatives – including Geraldo Carneiro, Fernando Yamamoto, Diana Henderson, Mark Thornton Burnett, Samir Bhamra, Tajpal Rathore, Samran Rathore and Paul Heritage – it offers a timely and fruitful discourse between global Shakespearean theory and practice. The volume uniquely establishes and implements a conceptual model inspired by non-European thought, thereby confronting a central concern in the field of Global Shakespeare: the issue of Europe operating as a geographical and cultural 'centre' that still dominates the study of Shakespearean translations and adaptations from a 'periphery' of world-wide localities. With its origins in 20th-century Brazilian modernism, the concept of 'Cultural Anthropophagy' is advanced by the authors as an original methodology within the field currently understood as 'Global Shakespeare'. Through a broad range of examples drawn from theatre, film and education, and from both within Brazil and beyond, the volume offers illuminating perspectives on what Global Shakespeare may mean today.

Latin American Shakespeares is a collection of essays that treats the reception of Shakespeare in Latin American contexts. Arranged in three sections, the essays reflect on performance, translation, parody, and influence, finding both affinities to and differences from Anglo integrations of the plays. Bernice J. Kliman is Professor Emeritus at Nassau Community College. Rick J. Santos teaches at Nassau Community College.

Contemporary performance is a particularly stimulating area for the study of how Shakespeare is produced and received in different cultural contexts. Francesca Clare Rayner's original and thought-provoking book highlights the diversity and experimentalism of contemporary performance practices through a focus on unexplored performances in Portugal. This book references key debates within contemporary performance studies on intermediality, globalization and political participation and analyses their particular configurations within the Portuguese context. These case studies represent clear alternatives to the market-driven view of the contemporary as the continual reproduction of the new and the topical for global consumers. Instead, they recast the contemporary as a site of disempowerment, crisis and erasure in a Europe fragmented by economic austerity, political divisions around Brexit, ecological vacillation and an anxious refashioning of global relations between North and South. Cambridge Scholars Publishing Most of the contributions to *Translating Shakespeare for the Twenty-First Century* evolve from a practical commitment to the translation of Shakespearean drama and at the same time reveal a sophisticated awareness of recent developments in literary criticism, Shakespeare studies, and the relatively new field of Translation studies. All the essays are sensitive to the criticism to which notions of the original as well as distinctions between the creative and the derivative have been subjected in recent years. Consequently, they endeavour to retrieve translation from its otherwise subordinate status, and advance it as a model for all writing, which is construed, inevitably, as a rewriting. This volume offers a wide range of responses to the theme of Shakespeare and translation as well as Shakespeare in translation. Diversity is ensured both by the authors' varied academic and cultural backgrounds, and by the different critical standpoints from which they approach their themes - from semiotics to theatre studies, and from gender studies to readings firmly rooted in the practice of translation. *Translating Shakespeare for the Twenty-First Century* is divided into two complementary sections. The first part deals with the broader insights to be gained from a multilingual and multicultural framework. The second part focuses on Shakespearean translation into the specific language and the culture of Portugal.

**The National Union Catalog, Pre-1956 Imprints** Bloomsbury Publishing

"Hamlet", de William Shakespeare, é uma obra clássica permanentemente atual pela

força com que trata de problemas fundamentais da condição humana. A obsessão de uma vingança onde a dúvida e o desespero concentrados nos monólogos do príncipe Hamlet adquirem uma impressionante dimensão trágica. Nesta versão, Millôr Fernandes resgata o prazer de ler Shakespeare, o maior dramaturgo da literatura universal, em uma das suas obras mais famosas.

**Chambers's Journal of Popular Literature, Science and Arts**

Bloomsbury Publishing

Detached from Shakespeare's English, Hamlet has been rewritten numerous times in European languages, the various translations into any one language jostling with each other for dominance and spawning new Hamlets that depart decisively from Shakespeare as a source. This book focuses on the rich tradition of drawing from Hamlet in European cultures to produce new, independent works, which include Hamlet theatre, Hamlet ballet, Hamlet poetry, Hamlet fiction, Hamlet essays and Hamlet films. It examines how the myth of Hamlet has crossed back and forth over Europe's linguistic borders for four hundred years, repeatedly reinvigorated by being bent to specific geo-political and cultural locations. The enquiries in this book show how, in the process of translation, adaptation and reinventing, Hamlet has become the common cultural currency of Europe.

[Shakespeare and the Royal Actor](#) University of Delaware Press

*Shakespeare / Text* sets new agendas for the study and use of the Shakespearean text. Written by 20 leading experts on textual matters, each chapter challenges a single entrenched binary - such as book/theatre, source/adaptation, text/paratext, canon/apocrypha, sense/nonsense, extant/ephemeral, material/digital and original/copy - that has come to both define and limit the way we read, analyze, teach, perform and edit Shakespeare today. Drawing on methods from book history, bibliography, editorial theory, library science, the digital humanities, theatre studies and literary criticism, the collection as a whole proposes that our understanding of Shakespeare - and early modern drama more broadly - changes radically when 'either/or' approaches to the Shakespearean text are reconfigured. The chapters in *Shakespeare / Text* make strong cases for challenging received wisdom and offer new, portable methods of treating 'the text', in its myriad instantiations, that will be useful to scholars, editors, theatre practitioners, teachers and librarians.

*Latin American Shakespeares* Oxford University Press

Shakespeare and the Royal Actor argues that members of the royal family have identified with Shakespearean figures at various times in modern history to assert the continuity, legitimacy, and national identity of the royal line. It provides an account of the relationship between the Shakespearean afterlife and the royal family through the lens of a broadly conceived theatre history suggesting that these two hegemonic institutions had a mutually sustaining relationship from the accession of George III in 1760 to that of Elizabeth II in 1952. Identifications with Shakespearean figures have been deployed to assert the Englishness of a dynasty with strong familial links to Germany and to cultivate a sense of continuity from the more autocratic Plantagenet, Tudor, and Stuart monarchs informing Shakespeare's drama to the increasingly ceremonial monarchs of the modern period. The book is driven by new archival research in the Royal Collection and Royal Archives. It reads these archives critically, asking how different forms of royal and Shakespearean performance are remembered in the material holdings of royal institutions.

Reveals a rich cinematic history,

discussing Hamlet films from Africa, Asia, Europe, Latin America and the Middle East. *Hamlet* Oxford University Press, USA The title of this collection, *Shifting the Scene*, adapts words from one of the Choruses in *Henry V*. Its essays try, without denying authority to the text and the theatre, to widen the scene of inquiry to include other institutions, like education, politics, language, and the arts, and to juxtapose the constructions of Shakespeare and his works that have been produced by them. However, as in *Henry V*, there is also a geographical dimension. The collection goes beyond England and the English-speaking world and focuses on Europe (including Britain). It brings together 17 essays by leading authorities and promising young scholars in the field *Hamlet* Aegitas

More than fifty specialists have contributed to this new edition of volume 2 of *The Cambridge Bibliography of English Literature*. The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis, articulation and coordination that it has been retained in all its essentials for the new edition. The task of the new contributors has been to revise and integrate the lists of 1940 and 1957, to add materials of the following decade, to correct and refine the bibliographical details already available, and to re-shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries.
