Learn to create modern quilts more quickly and easily than ever with this popular method, featuring thirteen projects and twenty-five bonus ideas. Do you believe rules were meant to be broken? If so, this improvisational quilt-as-you-go technique is for you. Instead of dealing with precise paper patterns and cutting measurements, you'll learn how to piece fabric onto small, manageable batting blocks. A modern approach to quilting that's fresh, fun, and simpler than it sounds; it will change the way you quilt (for the better) Great for moms or anyone with a busy schedule—these thirteen projects are easy to transport because they make it simple to pick up where you left off Go your own way: This method allows you to use a pattern or improvise, creating a wide variety of design options Save money! "Quilt-as-you-go (QAYG) is one of those techniques that every quilter is curious about trying, but can be daunting as the process is so different to the traditional process of making a quilt top and then quilting it. . . . The book introduces the technique very thoroughly, so you can clearly understand the difference between traditional piecing and quilting and QAYG. Then there's a great selection of gorgeous quilts that are sure to appeal to the modern quilter. A must if you've ever thought about trying QAYG and haven't had a clue where to start." —Make Modern Magazine [Two from One Jelly Roll Quilts](#) David & Charles

Here Pam and Nicky bring you a fresh collection of 14 brand new quilt patterns, each with a beautiful variation design. Uses a range of Moda™ pre-cuts, including the new fat eighth bundle! From the Introduction: We know you enjoyed our book *Layer Cake, Jelly Roll and Charm Quilts* and we think it's time for some second helpings, so we hope you'll enjoy this book as much. Working with pre-cut fabrics is such fun that we don't seem to be able to stop. Having all those fabrics pre-cut and packed up ready to sew not only speeds up the making of quilts but makes life so exciting. We know the fabrics are all going to coordinate but part of the excitement is wondering how they are going to look together when made into a quilt. Possibly you wouldn't have chosen that particular fabric, but just see how great it looks in the quilt! We don't have to go on--we love jelly rolls, layer cakes and charm packs--and we know you do too. Having squares of fabric, as opposed to just strips, opens up many more design opportunities. Never let anyone tell you that squares are boring--you could simply sew squares together and if you are using coordinated and inspiring fabric it would create a stunning quilt. The 10in squares in our layer cakes give us scope for lots of new designs. After working on our last book, *Jelly Roll Sampler Quilts*, where small units were needed for the blocks featured in the sampler quilts, the 10in squares seemed huge. We did think "big" for some of the quilts and have made some very quick quilts which we hope you like. Using pre-cut fabric has so many benefits--it's quick and easy and having the fabrics already coordinated means you can get straight on with a project knowing that the colours in your finished quilt are going to blend well together. Often you will be using fabrics that you wouldn't normally choose (or be brave enough to use) and we can

assure you that often it is those fabrics that add the extra sparkle. We hope that this sparkle in our quilts will inspire you.
