"Sinnliches Wissen ist ein
forschendes,
herausforderndes und
fantasievolles Buch, das

es wagt, den Schwarzen Feminismus als das Prisma zu positionieren, durch das wir die Welt besser erleben und verstehen können." Bernardine Evaristo In ihrem inspirierenden und ermutigenden Essay lehnt Minna Salami eine Opferhaltung ab und zeigt jenseits von Essenzialisierungen, welche ungeheure Wirkung in afrikanischen und weiblichen Sichtweisen auf die Welt verborgen liegt. Persönlich und global, analytisch und poetisch,

kämpferisch und voller Emphase eröffnet sie eine Schwarze feministische Perspektive für alle, die durch ihre Nähe zu Spiritualität und eine andere Art der Naturbeziehung auch progressive, westliche Positionen herausfordert. Denn Gleichberechtigung kann nicht darin bestehen, dass Frauen sich Männern, Schwarze sich Weißen angleichen. In ihrem Nachdenken über Befreiung, Dekolonisierung, Identität, Blackness und Schwesternschaft, das

sich aus vielfältigen und auch unvermuteten Quellen speist, erweitert Minna Salami nicht nur unsere eingeschränkte Sicht auf die Welt, sondern preist auch das Glück, eine Frau zu sein, eine Schwarze Frau, die für nichts weniger als die Befreiung aller Menschen kämpft.

Contemporary Challenges in Education

Viel zu oft neigen weiße Frauen dazu, Feminismus eindimensional und Unterdrückung singular zu begreifen. Was fehlt, ist

das Verständnis, dass Schwarze Frauen und Women of Color unterschiedlichen Formen von Unterdrückung gleichzeitig ausgesetzt sind. In diesem Buch zeigt Natasha A. Kelly, wie Elitedenken und rassistische Vorurteile seit Langem den westlichen feministischen Diskurs bestimmen und so einen für alle offenen Feminismus verhindern. Um das zu ändern, erzählt sie anhand von persönlichen und kollektiven Erfahrungen und historischen

Schlaglichtern vom Schwarzen Feminismus in Deutschland.

Die Studie greift aktuelle gesellschaftliche Themen wie Digitalisierung, fehlende weibliche Repräsentation in Erinnerungskulturen und die männliche Prägung des kulturellen Gedächtnisses auf. Anhand eines exemplarischen Falles untersucht Rachel Huber, wie man einseitige Meistererzählungen mit den bislang unsichtbaren

Seiten der Geschichte ergänzen kann. Sie geht den Spuren von historischen Akteurinnen und Zeitzeuginnen der Red-Power-Bewegung, dem indigenen Widerstand in den USA in den 1960er- und 1970er-Jahren, auf sozialen Plattformen wie Facebook, Twitter und Instagram nach und vergleicht diese mit den Spuren in analogen Archiven in den USA und Europa. Dadurch macht sie sichtbar, dass Red-Power-Aktivistinnen massgeblich für den Erfolg des politischen

Widerstandes waren. Racism Anthem Press Every day educators are presented with enlightening insights, questions, and encounters which reveal how students engage in learning, how new ideas can impact positively on student outcomes and how - when challenges are uncovered - there can be a sense of puzzlement where rethinking of pedagogical approaches is critical for student success. In this volume of Voices from the Classroom,

"Contemporary Challenges in Education - Paradoxes and Illuminations", an international team of authors explores paradoxes, shares illuminations and invites you to reflect on educational practices to enhance pedagogy, scaffold learning and keep pace with educational advancements. This collection written by students, teachers, researchers and higher education instructors discusses education across all phases of

learning. It explores issues such as instructional scaffolding in kindergarten, understanding transition through children's voices, youth participation in curriculum development of sex education, delivering crisis assistance to university students and staff in times of conflict in Ukraine, using augmented reality for transformative learning, co-creating university practices with staff and students, and how inclusive practices can help meet the needs

of international postgraduate students. This comprehensive and diverse collection will have wide appeal for teachers, headmasters, stakeholders in the area of education and all those working in different educational contexts. What does the development of a truly robust contemporary theory of domination require? Ashley J. Bohrer argues that it is only by

considering all of the dimensions of race, gender, sexuality, and class within the structures of capitalism and imperialism that we can understand power relations as we find them nowadays. Bohrer explains how many of the purported incompatibilities between Marxism and intersectionality arise more from miscommunication rather than a fundamental conceptual antagonism. As the first monograph entirely devoted to this

issue, »Marxism and Intersectionality« serves as a tool to activists and academics working against multiple systems of domination, exploitation, and oppression.

»Viele Konflikte, die sich heute an identitätspolitischen Konzepten entzünden, lassen sich in ihrer Logik erhellen, wenn man die abenteuerliche Reise verfolgt, die der Begriff des Privilegs in den vergangenen Jahrzehnten

zurückgelegt hat.« Privilegienkritik hat Hochkonjunktur. Der vehemente Gebrauch des Privileg-Begriffs erhitzt im Umfeld identitätspolitischer Debatten die Gemüter. Als Verdacht steht im Raum: Privilegienkritik blockiert nicht nur die notwendige Weiterentwicklung der akademischen Streitkultur. Sie ebnet auch einer hypersensiblen Kultur der Achtsamkeit den Weg, die Gerechtigkeitsfragen aus dem Blick zu verlieren

droht. Markus Rieger-Ladich plädiert dafür, identitätspolitische Anliegen mit einer universalistischen Perspektive zu verknüpfen. Er liefert einen knappen Überblick über die rechtsgeschichtlichen Grundlagen und die Bildungsdebatten der letzten Jahrzehnte. Vor allem aber weist sein Essay nach, dass der Einsatz für eine Gesellschaft, die von weniger Armut, Leid und Ungerechtigkeit geprägt ist, zwingend auf die Kritik

von Privilegien angewiesen bleibt. E-Book mit Seitenzählung der gedruckten Ausgabe: Buch und E-Book können parallel benutzt werden. Schwarzer Feminismus Verlagsgruppe Random House GmbH

Until today, Western, European sociology contributes to the social reality of colonial modernity, and gender

knowledge is a paradigmatic example of it. Multiple Gender Cultures, Sociology, and Plural Modernities critically engages with these 'Western eyes' and shifts the focus towards the global variety of gendered socialities and hierarchically entangled social histories. This is conceptualised as multiple gender cultures within plural modernities. The authors examine the multifaceted realities of gendered life in varying contexts across the globe. Bringing together

different perspectives, the volume provides a rereading of the social fabric of gender in contrast to androcentrist-modernist as well as orientalist representations of 'the' gendered Other. The key questions explored by this volume are: which social mechanisms lead to conflicting or shifting gender dynamics against the backdrop of global entanglements and interdependencies, and to what extent are neocolonial gender regimes at work in this

regard? How are varying gender cultures sociohistorically and culturally structured, and how are they connected within (global) power relations? How can established hierarchies and asymmetries become an object of criticism? How can historical, cultural, social, and political specificities be analysed without gendered and other reifications? That way, the volume aims to promote border thinking in sociological understanding of social

reality towards multiple gender cultures and plural modernities.

In the Global South, Indigenous and Native people continue to live under colonial relations within formally independent nation-states. Sebastian Garbe offers a critical perspective on contemporary expressions of international solidarity and transnational advocacy. He combines approaches from critical race and decolonial

studies with an activist ethnography on networked spaces of encounters created through solidarity activism by Mapuche and non-Mapuche actors. Departing from those experiences, this book not only presents potential pitfalls of transnational advocacy but suggests new ways of understanding and practicing solidarity. Feminismus. 100 Seiten

Warum folgt aus einer prekären gesellschaftlichen Lage

nicht automatisch ein politisches Subjekt? Dieser Grundfrage kritischer Gesellschaftstheorie widmet sich Phries Künstler und geht Prozessen prekärer Subjektivierung im Kontext von Mutterschaft und Erwerbslosigkeit nach. Anhand von Interviews mit Teilnehmerinnen von Aktivierungsmaßnahmen werden aus poststrukturalistischer Perspektive die Kämpfe untersucht, die unternommen werden

müssen, um den eigenen Subjektstatus gegen die Gefahr der Verwerfung zu sichern. Damit leistet die Studie einen Beitrag zur Theoretisierung und Empirie von Subjektivierung im Horizont sozialer Ungleichheit, Prekarität und Politik.

Menschen werden in unserer Gesellschaft ausgegrenzt und unterdrückt. Strukturelle Bedingungen re produzieren Mechanismen, die diese

Prozesse verfestigen. Die Ausbeuteten wissen, was damit gemeint ist, zwar Teil einer Gesellschaft zu sein, aber in ihr einen unbemerkbaren Platz einzunehmen und Unterdrückung zu erfahren. Soziale Arbeit als institutionelle Hilfe

Doch Autorin Alexandra Kauffmann geht nun den Fragen nach: Wie schaffen wir es, Befreiung nicht nur individuell, sondern strukturell - auch in der Sozialen Arbeit - umzusetzen? Und welche Wege zeigen die eigentlichen Expert:innen auf?

The creator of the

internationally popular, multiple award-winning blog MsAfropolitan applies an Africa-centered feminist sensibility to issues of racism and sexism, challenging our illusions about oppression and liberation and daring women to embrace their power. *Sensuous Knowledge* is a collection of thought provoking essays that explore questions central to how we see ourselves, our history, and our world. What does it mean to be oppressed? What does it mean to be liberated?

Why do women choose to follow authority even when they can be autonomous? What is the cost of compromising one's true self? What narratives particularly subjugate women and people of African heritage? What kind of narrative can heal and empower? As she considers these questions, Salami offers fresh insights on key cultural issues that impact women's lives, including power, beauty, and knowledge. She also examines larger subjects,

such as Afrofuturism, radical Black feminism, and gender politics, all with a historical outlook that is also future oriented. Combining a storyteller's narrative playfulness and a social critic's intellectual rigor, Salami draws upon a range of traditions and ideologies, feminist theory, popular culture—including insights from Ms. Lauryn Hill, Beyoncé, Audre Lorde, Toni Morrison, and others—science, philosophy, African myths and origin stories, and her

own bold personal narrative to establish a language for change and self-liberation. Sensuous Knowledge inspires reflection and challenge us to formulate our own views. Using ancestral knowledge to steer us toward freedom, Salami reveals the ways that women have protested over the years in large and small ways—models that inspire and empower us to define our own sense of womanhood today. In this riveting meditation, Salami asks women to break free of

the prison made by ingrained male centric biases, and build a house themselves—a home that can nurture us all.

Considering Space demonstrates what has changed in the perception of space within the social sciences and how useful – indeed indispensable – this category is today. While the seemingly deterritorializing effects of digitalization might suggest that space is a secondary consideration, this book proves such a

presumption wrong, with territories, borders, distances, proximity, geographical ecologies, land use, physical infrastructures – as well as concepts of space – all being shown still to matter, perhaps more than ever before. Seeking to show how society can and should be perceived as spatial, it will appeal to scholars of sociology, geography, architecture and urban studies.

contemporary art is shaped by inter-racial conflicts. Alleviative Objects approaches Caribbean art through intersectional entanglements and combines decolonial epistemologies with critical whiteness studies and affect theory in order to rethink 'Euro- and U.S.-centric' perspectives on art, race, and class. David Frohnafel shows how progressive racism in the discourse on Haitian art recenters Whiteness by performing benign, innocent, and heroic

identifications with the artist group Atis Rezistans. While the study turns critically towards Whiteness, it also turns away from it and towards the compelling contributions of Haitian curators and artists to the decentralization of contemporary art. society – and why it is here to stay. Despite the long struggle to eliminate racism, it is still very much with us. In fact, since 9/11, racism appears to be on the rise, making it more important than ever before to understand the meaning of race and the effect it has on society. Alana Lentin maps the emergence and development of ideas about race through political history right up to modern debates about multiculturalism and Islamophobia, and

considers the implications of a 'post-racial' society at a time when science has placed genetics over culture. Provocative and intelligent reading for the newcomer and expert alike, this invaluable resource exposes the roots of racial thought and demonstrates why it has remained crucial to our everyday lives.

Un_Masking Difference transcript Verlag Shortlisted for The Green Carnation Prize 2014 'This is not a fairytale. This is a

story about how sex and money and power police our dreams.' Clear-eyed, witty and irreverent, Laurie Penny is as ruthless in her dissection of modern feminism and class politics as she is in discussing her own experiences in journalism, activism and underground culture. This is a book about poverty and

prejudice, online dating and eating disorders, riots in the streets and lies on the television. The backlash is on against sexual freedom for men and women and social justice – and feminism needs to get braver. Penny speaks for a new feminism that takes no prisoners, a feminism that is about justice and

equality, but also about freedom for all. It's about the freedom to be who we are, to love who we choose, to invent new gender roles, and to speak out fiercely against those who would deny us those rights. It is a book that gives the silenced a voice – a voice that speaks of unspeakable things.
