The Music of James Bond Hal Leonard Corporation

Music has long played a role in American presidential campaigns as a mode of both expressing candidates' messages and criticizing the opposition. The relevance of music in the 2016 campaign for the White House took various forms in a range of American media: a significant amount of popular music was used by campaigns, many artist endorsements were sought by candidates, ever changing songs were

employed at rallies, instances of musicians threatening legal action against candidates burgeoned, and artists and others increasingly used music as a form of political protest before and after Election Day. The 2016 campaign was a game changer, similar to the development of music in the 1840 campaign, when "Tippecanoe and Tyler Too" helped sing William Harrison into the White House. The ten chapters in this collection place music use in 2016 in historical perspective before examining musical messaging, strategy, and parody. The book ultimately explores causality: how do music and musicians affect presidential elections, and how do politicians and campaigns affect music and musicians? The authors explain this interaction from various perspectives, with methodological approaches from several fields, including political science, legal studies, musicology, cultural studies, rhetorical studies, and communications and journalism. These chapters will help the reader understand music in the 2016 election to realize how music will be relevant in 2020 and beyond.

See You Again Sheet Music Hal Leonard Set Fire To The Rain has a fantastic Piano accompaniment, strong, thick harmonies and bold unison parts. A setting of the song from Adele's second studio album 21 is here arranged for SATB Choir and Piano arranged by Christopher Hussey. This is the perfect song for an overwhelming concert finale or to create a striking centre-piece for a dramatic choral programme.

**Adele - 25 Songbook** Wise Publications (Easy Piano). Sheet music for the theme for the 2020 Bond release theme songs arranged for easy piano with complete lyrics.

**Adele for Ukulele** Hal Leonard The forces of nature that come into play over the oceans of the earth are both awe-inspiring and fear-inducing. Yet, they remain oddly benevolent. Thus it is with this forceful work: it sounds difficult, but isn't. It is totally diatonic (three flats concert key) with conservative ranges and nothing out of reach for a first-year player.

Adele for Piano Solo Hal Leonard After years of rumours, Adele's long-awaited third album 25 was finally announced in late 2015, and with it came claims that she was to single-handedly 'save the music industry'. Such is the influence of Adele - a young mother from Tottenham with the most

powerful voice in the world. Adele's breathtaking songs have seen her top the charts around the planet, collect millions of admirers and win dozens of top awards. But who is she? Her commendable desire to protect her family and friends from the harsh glare of the media's spotlight has meant that she has become one of the most private superstars on the planet. Adele: The Biography traces her story from a humble childhood in London through to the phenomenal success of her first two albums, 19 and 21 and the making of her most recent work, 25. Along the way, this unique book uncovers how her troubled private life influenced her heartbreaking tracks and how she gamely overcame a string of obstacles that threatened to derail her career. You will discover the fascinating truth behind all the highs and the lows experienced by this fun, formidable woman, whose songs have become national anthems for the heartbroken. In this fully updated edition of his internationally-bestselling biography, Chas Newkey-Burden reveals the woman behind the music.

**La La Land - Piano Duet** Hal Leonard Corporation Starting with 1964's Goldfinger, every James Bond film has followed the same ritual, and so has its audience: after an exciting action sequence the screen goes black and the viewer spends three long minutes absorbing abstract opening credits and a song that sounds like it wants to return to 1964. In The James Bond Songs authors Adrian Daub and Charles Kronengold use the genre to trace not only a changing cultural landscape, but also evolving conceptions of what a pop song is. They argue that the story of the Bond song is the story of the pop song more generally, and perhaps even the story of its end. Each

chapter discusses a particular segment of the Bond canon and contextualizes it in its era's music and culture. But the book also asks how Bond and his music reflected and influenced our feelings about such topics as masculinity, race, money, and aging. Through these individual pieces the book presents the Bond song as the perfect anthem of late capitalism. The Bond songs want to talk about the fulfillment that comes from fast cars, shaken Martinis and mindless sex, but their unstable speakers, subjects, and addressees actually undercut the logic of the lifestyle James Bond is sworn to defend. The book is an invitation to think critically about pop music, about genre, and about the political aspects of popular culture in the twentieth century and beyond.

Adele - Strum & Sing Hal Leonard

Publishing Corporation
